The Student Achievement Center also contains the college store, library, student activities center, gymnasium and fitness center, and more. In addition, there are athletic fields for baseball, softball, soccer and other sporting activities.

Westmoreland's state-of-the-art Advanced Technology Center offers education and training for students and incumbent workers in advanced manufacturing. Occupying 73,500-square-feet-of-space at RIDC-Westmoreland in Mount Pleasant, the center features numerous specialized labs to enhance learning including computer-aided drafting and design, computer numerical control, electronics, energy, metallurgy and welding/virtual welding.

Complementing the credit programming are a full array of student services, including financial aid, tutoring, and career services, and student life activities such as intercollegiate athletics, intramurals and clubs.

The college also offers a variety of continuing education courses in workforce training, professional development, health care, computer training, personal enrichment, and public safety.

Westmoreland works with government, business and community leaders to continually develop and offer innovative and educational programs to improve the lives of the constituents it serves.
