Approved by the Board of Trustees – June 24, 2020

Approved by the Board of Trustees – December 8, 2021

A. Initiation

Any member of the board, administration, faculty or student body may initiate a proposed board policy at any time. The proposed policy will be reviewed by the appropriate members of the administration and approved by the president. All policies will be submitted to the Board of Trustees for review and/or approval.

B. Review and Recommendation by President's Cabinet

Proposed board policies will be presented at the president's cabinet meeting by members of the cabinet. There will be a minimum of one meeting for presentation of the policy and one meeting for discussion of a proposed board policy in order to allow time for all appropriate individuals to consider the proposed policy.

C. Approval by President for Submission to the Board

Approval of a proposed board policy for submission to the board will be by the president, following the review and recommendation by the president's cabinet.

D. Presentation of Proposed Board Policy at Regular Meeting of the Board of Trustees

After a proposed policy has been approved by the president, it will be presented to the board as a first read as part of the board packet for the monthly board meeting. Feedback and changes will be made and the final draft will be voted on at the next monthly board meeting. In some cases, this timeline will need to be shortened and a policy can be presented and voted on during the same month.

F. Monitoring Board Policy Effectiveness

Following the adoption of the board policy, the president's cabinet has been charged with

periodically assessing the effectiveness of the policy. At any time, the president and cabinet are expected to submit an existing policy that does not continue to meet the needs of the institution along with a rationale for why the policy is not meeting needs and the proposed new policy with an explanation for the changes. If the president approves amending the policy, the amended policy is expected to follow the process outlined in D and E of this policy.

The Board of Trustees must conduct all deliberation in public. Deliberation is defined by the Act as the "discussion of agency business held for the purpose of making a decision." Therefore, members of the Board of Trustees shall not communicate among themselves by the use of any form of communication (e.g., personal intermediaries, social media, e-mail, or other technological device) in order to reach a collective concurrence regarding any item that is within the subject matter jurisdiction of the Board of Trustees. Furthermore, Board Members may not use a series of communications by any means or through any person to discuss, deliberate, or take action on any item of business within the subject matter jurisdiction of the Board. In other words, Board Members exchanging opinions about an upcoming vote or encouraging other Board Members to vote a particular way in an email discussion or a discussion held via social media would violate the Act. This prohibition does not in any way prevent the communication of information amongst board members outside a public meeting where such communication may provide background information for an upcoming vote so long as no deliberation occurs in the communication.

Any questions arising as to whether a particular communication is in compliance with this policy or the Act should be directed to the College Solicitor.

1.1.2 Delegation to the President

Policy approved by the Board of Trustees – June 24, 2020

Policy approved by the Board of Trustees – August 23, 2023

The Board of Trustees of Westmoreland County Community College (the “Board”) delegates to the President the executive responsibility for administering the policies adopted by the Board and executing all decisions of the Board requiring administrative action.

The President may delegate any powers and duties entrusted to him/her by the Board, but will be specifically responsible to the Board for the execution of such delegated powers and duties.

The President is empowered to reasonably interpret Board policy. In situations where there is no Board policy direction, the President shall have the power to act, but such decisions shall be subject to review by the Board. It is the duty of the President to inform the Board of such action and to recommend written Board policy if one is required.

The President is expected to perform the duties contained in the President’s employment contract and fulfill other responsibilities as may be determined in annual goal-setting or evaluation sessions. The job description and goals and objectives for performance shall be developed by the Board in consultation with the President. The President shall ensure that the College complies with all relevant laws and regulations, and submit required reports in a timely fashion.

The President shall make available any information or give any report that the Board as a whole requests. Individual Board members’ requests for information shall be submitted to the appropriate Board committee chair. If, in the opinion of the Board committee chair, the request is not unduly burdensome or disruptive to the College’s operations, then the Board committee chair shall request the information from the President. Information provided to any individual Board member as a result of an individual Board member’s request shall be made available to all Board members.

The President shall act as the professional advisor to the Board in policy formation.

1.1.3 Board of Trustees Emeritus Policy

Policy approved by the Board of Trustees – April 26, 2023

Definition: There shall be a category of Board member known as a Board Member Emeritus who is nominated for integrity, commitment, dedication and the highest distinction and excellence and elected by the Board of Trustees. Emeritus member candidates will have served the board with distinction and considered deserving of the same for outstanding service to Westmoreland County Community College.

Eligibility: In order to be considered for designation as a board member emeritus, a person must be a current or former member of the Westmoreland County Community College Board of Trustees who:

1. Has served the Westmoreland County Community College Board of Trustees with integrity, commitment, dedication and the highest distinction for a minimum of two terms.
2. Held an important leadership role, and made or continues to make significant contributions.
3. Engaged in major volunteer or advocacy activities in his or her service on the board
4. Participates in one (1) or more Westmoreland County Community College activities (e.g., events, volunteerism, fundraising, government relations, networking, Foundation, etc.)

The Executive Committee will present the nomination along with supporting statements to the Westmoreland County Community College Board of Trustees for its consideration. A simple majority vote of directors present at a meeting at which a quorum is present is sufficient to approve an appointment.

An emeritus board member shall serve as long as they demonstrate the qualities of integrity, distinction and excellence. If an emeritus board member engages in activities that do not align with the college's mission, vision and values, the Board of Trustees can take action to remove the emeritus distinction.

As an Emeritus Board member, they will be added to college publications and invited to college functions and events at the college's discretion.

1.1.4 Board of Trustees/Power and Duties

Policy approved by the Board of Trustees – June 24, 2020

Policy approved by the Board of Trustees – June 28, 2023

The Board of Trustees of Westmoreland County Community College (hereafter, the "Board") constitutes the governing body of the College, and is empowered to govern, operate and maintain the College under and in accordance with the Act and the policies, standards, rules and regulations which may be adopted, from time to time, by the Pennsylvania Department of Education. The specific powers and duties of the Board are set forth in Act, 24 P.S. 19-905-A., as may be amended from time to time, and incorporated herein by reference.

It is the Policy of the Board to recognize and maintain the distinction between those activities which are appropriate to the Board as the legislative, governing body of the College and those administrative activities which are to be performed by the President and his/her staff in the exercise of authority delegated by the Board. Policies approved by the Board are to be used by individual trustees, college personnel, student and the public to define relationships and outline responsibilities relative to the operation of the College. Board Policies create administrative structures, set priorities, delegate authority, assign responsibility, ensure accountability, and establish standards for legal, regulatory, and ethical compliance. Board Policies may be adopted or amended by a vote of the majority of the Board at a regular meeting. The Board may also adopt bylaws, rules and regulations in furtherance of these policies and to otherwise govern its internal functions and operations, which shall carry the same force and effect, and be binding upon individual trustees, college personnel, students and the public, to the same extent as those policies appearing in the Board Policy Manual.

Board Policies shall, unless otherwise specified in the Policy itself, become effective immediately upon adoption or amendment by the Board and, once adopted or amended, will supersede and have control over any rule, regulation or procedure that conflicts or is inconsistent with the provisions or requirements of that policy. The official minutes of the Board shall be considered an extension of Board Policy and subsequent Board actions of record, shall, in the case of conflict, take precedence over any policy which bears an earlier approval or revision date.

In accordance with the authority granted to it under the Act, the Board hereby delegates authority to the President of the College to develop, promulgate and implement administrative regulations and procedures as may be necessary to implement and carry out the objectives of Board Policy and administer the College's operations. Administrative regulations set forth requirements, directives, standards and guidelines on matters of college-wide concern that are not specifically addressed in Board Policies and for which uniform compliance is necessary in order to meet fiscal, academic, research, human resources and other management standards and requirements imposed by federal, state or local laws or external administrative agency rule. Administrative regulations do not require Board action, and may be adopted or revised by the administration of the college upon approval of the President and in accordance with any applicable Governance processes now or as may be in effect at the college.

In addition to the foregoing, the college may issue procedures, handbooks and guidelines which set forth or describe operational details needed to implement policies and/or administrative regulations or

which otherwise address matters within the functional responsibility or authority of an operational unit of the college. Procedures, handbooks, guidelines and other similar informational materials may supplement but not conflict with Board Policies or approved administrative regulations. The College President may delegate authority to the administrator or executive officer with responsibility for a specific operating unit to approve procedures for that unit.

1.1.5 Public Participation in Board Meetings

Policy approved by the Board of Trustees – January 18, 2019

Policy approved by the Board of Trustees – May 25, 2022

The Board of Trustees of Westmoreland County Community College (the “Board”) recognizes the value to governance of public comment and involving members of the public in Board meetings. Public comment at Board meetings is governed by 65 P.S. 701 et. seq. and this Policy.

In order to permit fair and orderly expression of public comment, the Board shall provide an opportunity at each regular and special meeting of the Board for the public to comment on official action or deliberation prior to the consideration of agenda items by the Board. Comments on non-agenda items may be permitted during the public comment time at a regularly scheduled Board meeting.

If the Board determines there is not sufficient time at a meeting for public comments, the comment period may be deferred to the next regular meeting or to a special meeting before the next regular meeting.

Prior to the Call to Order of the regular Board meeting, any individual requesting to address the Board should submit to the Board Secretary their name, address, any company and/or affiliation and the issue of concern. Each statement made by a participant shall be limited to five (5) minutes duration. At the discretion of the Board Chair an additional minute may be granted in individual situations. No participant may speak more than once on the same topic.

Persons appearing before the Board are reminded as a point of information, that the Board members are without authority to act independently as individuals in official matters; thus, questions may be directed to the Board, but answers may be deferred pending consideration by the Board. Comments relating to specific individuals that may implicate personnel matters or a potential disciplinary response are not permitted in public sessions.

The Board Chair may: i) interrupt or terminate a participant’s statement when the statement is too lengthy, personally directed, abusive, obscene, or irrelevant; ii) request any individual to leave the meeting when that person does not observe reasonable decorum; iii) request the assistance of law enforcement officers to remove a disorderly person when his/her conduct interferes with the orderly progress of the meeting; or iv) call a recess or adjourn to another time when the lack of public decorum interferes with the orderly conduct of the meeting.

1.1.7 Presidential Evaluation Policy and Procedure

Policy approved by the Board of Trustees – June 23, 2021

Policy approved by the Board of Trustees – December 8, 2021

Purpose

The Board of Trustees ("Board") of Westmoreland County Community College ("College") shall conduct regular performance and effectiveness reviews of the College President. The intent of this activity is to provide an objective performance review and to establish a mutually supportive environment between the Board and the President.

The purpose of the evaluation process shall be:

1. To evaluate the strengths, weaknesses and accomplishments of the President;
2. To evaluate the President's effectiveness and management skills in improving institutional performance;
3. To strengthen the working relationship of the Board and the President in order to continually improve effectiveness of directing the future of the College;
4. To ensure that the President receives appropriate recognition, guidance, and assistance from the Board; and
5. To assist in determining salary increases and/or in renewing the President's employment contract.

Procedure

An evaluation subcommittee of the Board shall conduct an annual performance evaluation of the President. The subcommittee shall consist of the chairs of the Personnel, Educational Affairs and Governance Committees. In addition, on occasions designated by the Board, a 360 degree performance evaluation may be conducted in accordance with the procedure outlined below.

Step 1 Planning Session

Annually, the President shall submit to the Board a set of goals for the ensuing year in a manner and format to be indicated by the Board. The goals should include expectations related to leadership of the academic enterprise, student enrollment, faculty and staff development, financial management, status of the College Strategic Plan and external relationships. These goals shall be submitted during the first month of each fiscal year.

Step 2 Self-Evaluation

Prior to the Evaluation Session, the President shall complete a self-evaluation using Form A attached. Along with this evaluation form, the President shall provide a summary of the past year's activities in relation to the goals provided in the Planning Session. This step shall be completed on or before May 31.

Step 3 Board Assessment and Preparation for Evaluation Session

The evaluation subcommittee shall distribute evaluation Form A to all Board members for completion and use in the Evaluation Session. Board members are to complete the evaluation Form A on or before May 31. The evaluation subcommittee, or its designee shall collect the evaluations and generate an analysis.

Step 4 Evaluation Session

The subcommittee shall annually engage in an evaluation to discuss with the President the President's self-evaluation, the outcome of the Board evaluations and the 360 degree evaluation if employed. The evaluation subcommittee will obtain approval from the Board Chair prior to scheduling this evaluation session. The evaluation session will be conducted during the first two months of the fiscal year. The Board Chair may attend the evaluation session at the Board Chair's discretion. During the evaluation session, the subcommittee will provide feedback to the President and indicate its disposition on the President's performance as it relates to performance against established goals. An action plan shall be jointly developed to address any identified weaknesses and/or opportunities for professional growth.

Step 5 Reporting of Evaluation

An executive summary of the Evaluation Session shall be prepared by the subcommittee and presented to the Board at an executive session of the Board. Any changes recommended to the salary, benefits, term or other provisions of the President's contract as a result of the evaluation shall be acted upon at a public Board meeting.

Optional Step 360 Degree Evaluation

At the discretion of the Board, a 360 degree evaluation of the President's performance may be conducted by a third party engaged by the Board. Such evaluations may be conducted after the first year of the President's contract and every three years thereafter. If the Board decides to engage a third party for a 360 degree evaluation, an appropriate RFP will be prepared and advertised in January of the year in which the 360 degree evaluation is to occur. The evaluation subcommittee shall meet with the selected evaluation firm to establish the criteria, format and method of evaluation. This evaluation shall entail interviews to include but not be limited to the following individuals who have regular contact and interaction with the President: presidents of the faculty and support associations, division chairs, distinguished professors, alumni, state legislators, College Foundation members, County Commissioners and the student government association president. The 360 degree evaluator shall compile the evaluation results and submit a confidential report to the evaluation subcommittee for use in the Evaluation Session.

Confidentiality

The evaluation materials and documents, evaluation forms, interview notes and comments shall remain strictly confidential in accordance with state and federal law and with the College's confidentiality and personnel policies.

1.1.8 Confidentiality Policy for the Board of Trustees

Policy approved the by Board of Trustees – January 26, 2022

Policy approved by the Board of Trustees – March 23, 2022

Members of the Board of Trustees of the Westmoreland County Community College (the “Board”) have fiduciary duties defined by care, loyalty and obedience imposed by state law. These fiduciary duties require each Board member (individually referred to in this Policy as a “Trustee”) to act in good faith, with ordinary care, and in a manner the Trustee reasonably believes is in the best interests of Westmoreland County Community College (the “College”).

Transparency is a guiding principle for the College. Protecting confidentiality where appropriate enables the College to commit to effective transparency while protecting the open and candid confidential discussions that are crucial for the Board's governance. This Confidentiality Policy covers discussions in formal Board executive sessions, as well as Board communications that occur in less formal and/or remote setting. This Policy governs the receipt, use, and disclosure of Confidential Information (as defined below) by Trustees. This agreement is intended to supplement the College’s Principles of Governance and Leadership Policy and all other College policies.

1. “Confidential Information” as that term is used in this Policy means any non-public information, communication, or other materials which the College or one of its officers, or staff members communicate to a Trustee, or that a Trustee receives from a third party in connection with the Trustee’s service on a College committee or otherwise including:
 1. any materials marked confidential or attorney-client privileged;
 2. the College’s non-public plans, strategies, budgets, or financial information;
 3. non-public information shared in connection with formal Board executive session meetings and discussions, including non-public communications on pending litigation, employment matters, contemplated real estate lease or purchase agreements, or strategy/information sessions related to collective bargaining; and
 4. non-public information about the College’s past or present Trustees, officers, executives, staff members, and vendors, including any non-public information related to someone's hiring or termination.
2. Confidential Information does not include information that is generally known or available to the public through the Right to Know Act, the Sunshine Act or any other state law governing public information or that is provided to Trustees by third parties who are not affiliated with the College and who have no duty to maintain such information in confidence. This Policy is not intended to prevent disclosure of Confidential Information where disclosure is required by law.
3. Trustees are obligated to keep confidential and not disclose Confidential Information to any person, including their relatives, friends, and members of the College staff, unless the College has authorized such disclosure.

Board Information

4. If a Trustee is unsure whether information is considered to be Confidential Information under this Policy or whether the College has authorized disclosure of Confidential Information, the Trustee should consult with the Solicitor before making any disclosure to a third party.
5. Confidential Information belongs exclusively to the College.
6. Trustees should take reasonable measures to avoid unauthorized or inadvertent disclosure of Confidential Information and should, for example, refrain from leaving Confidential Information contained in documents unattended or on computers or other electronic devices without adequate security.
7. At the expiration of a Trustee's service on the Board, and at any other time upon written request by the College, a Trustee must promptly return to the College or delete all materials in the Trustee's possession that contain Confidential Information.
8. Trustee's obligations under this Agreement with respect to Confidential Information will remain in effect for three years after the Trustee leaves the Board except for information that must be kept confidential longer than three years, such as Confidential Information which contains attorney-client privileged communications.

The Trustees acknowledge that any violation of this Policy could cause harm to the College, frustrate Board deliberations and action, and may lead to legal action against a Trustee in the event of a Trustee's intentional disclosure of Confidential Information to non-authorized third parties.

1.1.9 Principles of Governance and Leadership

Policy approved by the Board of Trustees – March 23, 2022

The Westmoreland County Community College Board of Trustees is comprised of 7 to 15 individuals appointed by the Westmoreland County Commissioners for a six-year term. Trustees may serve successive terms and each trustee shall continue to serve until a successor has been appointed and duly qualified. Upon appointment, trustees are expected to perform the duties and responsibilities defined for their office by the Pennsylvania School Code. In performance of these duties and responsibilities, trustees are expected to uphold the public trust and to ensure the overall well-being and integrity of the college.

Trustees are accountable to the college community served and their shareholders. Trustees have a fiduciary duty of care, loyalty and obedience to the college. Accordingly, trustees must act in the best interest of the college at all times and abide by all college policies in deliberation and decision making. The following principles are adopted as policy by the Board of Trustees and will be acknowledged and agreed to in writing by each individual trustee. 1.1.11 Solicitor Services and Review Policy

Policy approved by the Board of Trustees – October 26, 2022

Purpose

This Policy establishes the responsibilities of the College's Solicitor for providing legal services to the College, and identifies those matters that require legal review by the Solicitor. Compliance with this Policy will enable the College to minimize the risk of litigation; reduce uncertainty and disruption in its affairs; and take advantage of its legal rights, protections and opportunities. The major responsibility of the Solicitor is to ensure that the legal rights and opportunities of the College, its Board of Trustees and its employees are protected, and that their legal obligations are met.

General Duties

The Solicitor is an independent contractor whose contact with the College is through the President. The Solicitor is primarily responsible for providing professional legal services to the College's officers, Board of Trustees and employees who are acting in their official capacity in performance of their duties. Whenever the Solicitor is providing legal services to the College including the President and the Board of Trustees, professional standards require that his or her legal advice and services be based upon independent professional judgment that is not subject to the client's direction and control.

Regardless which individual or group represents the College as the Solicitor's client for purposes of any particular communication or representation, the College as a whole entity remains the Solicitor's sole client. He or she owes professional responsibilities to the organization as a whole, including the Board of Trustees as an entity.

To meet the expectations stated above, the Solicitor must have direct and independent access to the Board of Trustees when necessary in his or her professional judgment (e.g., when obliged by this policy or by the above professional standards to disclose information received from constituent members of the organization to the highest authority within the organization, and to provide advice to the highest authority.)

Accordingly, the Solicitor shall have direct access to the Board of Trustees and the authority to use independent professional judgment in providing professional services as an attorney, notwithstanding the President's otherwise exclusive role in connecting governance and management.

The Solicitor will provide timely legal opinions on proposed policies, regulations, contracts, and documents and also contemplated actions in accordance with this policy when requested by the President or the Board Chair.

Any employee who suspects that an attorney's advice might be helpful or necessary on a particular matter not specifically referred to in this policy should promptly submit that matter for review to the President for consideration to submit to the Solicitor.

Matters Requiring Solicitor

The following matters require review of the Solicitor:

- Material contracts and agreements (as defined below)
- Incoming subpoenas, Right to Know Requests requiring legal opinion and other legal papers
- Proposed actions entailing a substantial risk of civil or criminal liability
- Involuntary termination or separation of any employee
- Proposed reductions in force, layoffs or furloughs (voluntary or involuntary)
- Proposed actions based on the results of employment-related background checks or clearances
- Student disciplinary matters where the possible sanction may involve a suspension or expulsion
- Governmental investigations or audits
- Pending or threatened litigation, administrative claims and grievances under the College's applicable collective bargaining agreements
- Transactions or negotiations in which the other party is represented by counsel
- New or revised College Policies
- Governance issues raised by a member of the Board of Trustees
- Any other situation in which legal or quasi-legal issues may be involved
- Articulation Agreements

The Solicitor will manage all litigation and other legal proceedings on behalf of the College and its employees, and will advise on all other legal matters. The Solicitor cannot and will not provide legal services to employees, students or individual Board of Trustee members in their individual or personal capacities.

Material Contracts and Agreements

The following types of contracts and agreements require review by the Solicitor prior to entering into the engagement:

- Employment Agreements
- Offers of employment that do not utilize an approved standard form or which materially revise the terms of an approved standard form
- Contracts or agreements that do not utilize an approved standard form or which materially revise the terms of an approved standard form
- Bid Specifications
- Construction Contracts
- Engineering/Architect/Professional Design Services Contracts
- Professional Consulting Agreements
- Contracts for the purchase or lease of real estate
- Letters of Intent
- Collective Bargaining Agreements
- Memorandums of Understanding
- License agreements for use of software or other intellectual property from third parties
- Agreements to license College name, logos or other intellectual property to a third party
- Agreements requiring approval and signature of the College President or Board of Trustees

Standard form agreements previously approved by the Solicitor for use by other College departments, such as form agreements utilized by the Purchasing Departments, do not require prior review by the Solicitor.

Material Contract Review Procedure

Proposed contracts and agreements should initially be reviewed by the Vice President responsible for the subject matter of the agreement. The proposed substantive financial and business terms should be reviewed to confirm acceptability to the College and any legal concerns should be noted before submission to the Solicitor for review. The Solicitor shall review and, if necessary, revise the legal terms of the proposed agreement and return it for submission to the contracting party. Any response to the proposed revisions will be submitted to the Solicitor for final dispensation. The Vice President responsible for the subject matter of the agreement will coordinate signatures necessary for execution of the final agreement.

Government Investigations

If investigators from a government agency, including but not limited to the Equal Employment Opportunity Commission (EEOC), the Office of Civil Rights (OCR), the Department of Veterans Affairs, the federal or state Departments of Education, the state Auditor General, the Family Policy Compliance Office (FPCO), the Office of Federal Contract Compliance Programs (OFCCP) or the Pennsylvania Human Relations Commission (PHRC), contact or request an interview with a College employee, or seek data, documents, or access to files, the investigator(s) in question should be advised that the College will generally cooperate, but only after consultation with its attorney. The employee should immediately then contact the Solicitor for advice and instructions.

Outside Counsel

The Solicitor will recommend whether specific legal matters require the assistance of outside counsel and, if so, consistent with College policies on selection of professional services, will select outside counsel subject to approval of the Board of Trustees. The Solicitor will supervise and approve outside counsel's services and fees. Employees may not contact outside counsel directly on College business without the prior permission of the Solicitor.

Confidentiality and Privilege

For both legal and ethical reasons, confidentiality is of utmost importance in many matters referred to attorneys. In order to preserve confidentiality and legal privilege for oral and written communications between the Solicitor (or outside counsel) and other College employees or the Board of Trustees, all matters involving counsel should be treated confidentially, unless they are obviously suitable for disclosure to the public. Administrators in their correspondence with counsel should state explicitly if they are "requesting legal advice," "anticipating litigation," or furnishing counsel "confidential information," since these points are important to creating and maintaining a legal privilege for the communications. Legal files should be disclosed only on the strictest need-to-know basis and only within the College to authorized personnel. In sensitive matters, employees should not create unnecessary documents and should follow the College's applicable policies on confidentiality.

1.1.12 Ethics Conflict of Interest Policy for the Board of Trustees

Policy approved by the Board of Trustees – October 26, 2022

The Board of Trustees of Westmoreland County Community College (the “College”) recognizes that members of the College’s Board of Trustees (hereinafter referred to individually and collectively as “Trustees”) must observe high standards of ethical conduct in order to fulfill the College’s mission with integrity and to assure public confidence in the institution. The Board of Trustees, in the exercise of its leadership role for the College, must also model recognized best practices associated with policy development and institutional governance.

Accordingly, and in order to provide a framework for guiding ethical conduct, the Board of Trustees of the College adopts this policy for Trustees. In the event of a conflict between the terms of this policy and the Pennsylvania Public Official and Employee Ethics Act (the “Ethics Act”), the Ethics Act shall control.

Ethical Conduct

Trustees should not:

1. Accept or solicit any gift, favor, service or benefit that might reasonably tend to influence the individual in the discharge of his or her official duties or that the individual knows or should know is being offered with the intent to influence his or her official conduct.
2. Accept employment or engage in a business or professional activity that the individual might reasonably expect would require or induce him or her to disclose confidential information acquired by reason of his or her position with the College.
3. Accept other appointments or any employment or compensation that could reasonably be expected to impair the individual’s independence of judgment in the performance of official duties.
4. Intentionally or knowingly solicit, accept or agree to accept any benefit for having exercised his or her official powers or performed official duties in favor of another.

Conflicts of Interest

It is the Policy of the College that Trustees may not have direct or indirect interests that will conflict with the proper discharge of that individual’s duties to the College. Trustees who have an actual or potential conflict of interest as defined by the Ethics Act with respect to a measure, proposal or decision pending before the Board of Trustees shall promptly disclose such interest to the Board Chair, along with any other relevant information. The Chair shall be responsible for informing the other members of the Board of the conflict. If the Chair has a conflict, then he or she shall notify the Vice Chair.

The Board of Trustees may consider such measure, proposal or decision, but any member having a conflict of interest shall not vote or otherwise participate in such deliberation or action of the Board of Trustees. The abstention of said member, and the reasons therefore, will be recorded in the Board minutes. While the College may do business with an affiliate of one of its Trustees, no preference may be given to the Trustee's company. Further, any Trustee who may have either a direct or indirect interest in the business entity would be excluded from all future participation in decisions, discussions and any matter related thereto.

The following examples illustrate situations that may constitute a conflict of interest. This list is not comprehensive and does not limit the scope of this policy.

1. Knowingly voting upon, approving or authorizing a contract or transaction between the College and an immediate family member or affiliate (as those terms are defined by the Ethics Act), or any other matter in which the Trustee has an interest.
2. Exerting influence on the decision to purchase or lease property, equipment or materials for the College from an immediate family member or affiliate of the Trustee.
3. Using College students, staff, resources or facilities for personal gain or benefit or for the benefit of an immediate family member or affiliate.
4. Using confidential information for personal gain or benefit or for the benefit of an immediate family member or affiliate.
5. For a Trustee or any immediate family member thereof, to accept from an organization, firm or individual doing or seeking to do business with the College any of the following: commissions; a share in profits; gifts in cash; gifts of merchandise of more than nominal value; loans or advances (other than from established banking or financial institutions); materials, services, repairs or improvements at no cost or at unreasonably low prices; excessive or extravagant entertainment; and travel.
6. For an affiliate or immediate family member of any Trustee to enter into any contract with the College, except with the prior knowledge and consent of the Board of Trustees.

Trustees who have questions concerning whether a conflict of interest may exist may consult with the Board Chair or seek an advisory opinion from the Pennsylvania Ethics Commission.

1.1.13 Self-Assessment Policy

Policy approved by the Board of Trustees – April 26, 2023

This policy is adopted in order to comply with the expectations of the Middle States Commission on Higher Education's Characteristics of Excellence in Higher Education, Accreditation Standard-7. This Standard states that an accredited institution possess "a procedure in place for the periodic objective assessment of the governing body in meeting stated governing body objectives." The goal of this policy is to ensure that the Westmoreland County Community College Board of Trustees ("Board") and its individual members are carrying out their roles/responsibilities in an effective and efficient manner and to identify strengths and areas for improvement in the Board's functioning.

The Board will engage in a self-assessment to ensure they are seeking feedback and using the information gained to plan for the year and to assess the prior year's plan and performance. The self-assessment instrument will be periodically developed by the Board Governance Committee in order to comply with this policy. The instrument selected shall be recommended to and approved by the Board. Each Board member will be required to complete the self-assessment instrument and submit it to the Secretary of the Board during the first quarter of each calendar year or as otherwise designated. The information gathered will be reviewed by the Board at a subsequent Board retreat scheduled for this purpose. Trends, where appropriate, will also be shared in order to assess performance over a number of years.

2.1.5 Transgender Employee Policy

Policy approved by the Board of Trustees – October 26, 2016

Policy approved by the Board of Trustees – June 24, 2020

Policy approved by the Board of Trustees – May 24, 2023

Introduction

Westmoreland County Community College celebrates and values the diversity of its workforce. The College is fully committed to creating, consistently improving, and maintaining a safe, welcome and inclusive environment for all transgender and non-binary staff, enabling them to work to their full potential and providing equal access to the services and facilities they need.

Purpose

Westmoreland College does not discriminate in any way on the basis of sex, sexual orientation, gender identity, or gender expression. This policy is designed to create a safe and productive workplace environment for all employees. This policy sets forth guidelines to address the needs of transgender and gender non-conforming employees and attempts to clarify how the law should be implemented in situations where questions may arise about how to protect the legal rights or safety of such employees. This policy does not anticipate every situation that might occur with respect to transgender or gender non-conforming employees, and the needs of each transgender or gender non-conforming employee must be assessed on a case-by-case basis. In all cases, the goal is to ensure the safety, comfort, and healthy development of transgender or gender non-conforming employees while maximizing the employee's workplace integration.

Definitions

The definitions provided here are not intended to label employees but rather to assist in understanding this policy and the legal obligations of the college. Employees may or may not use these terms.

- **Gender identity:** A person's innermost concept of self as male, female, a blend of both or neither - how individuals perceive themselves and what they call themselves. One's gender identity can be the same or different from their sex assigned at birth.
- **Gender expression:** External appearance of one's gender identity, usually expressed through behavior, clothing, body characteristics or voice, and which may or may not conform to socially defined behaviors and characteristics typically associated with being either masculine or feminine.
- **Transgender:** An umbrella term for people whose gender identity and/or expression is different from cultural expectations based on the sex they were assigned at birth. Being transgender does not imply any specific sexual orientation. Therefore, transgender people may identify as straight, gay, lesbian, bisexual, etc.
- **Gender non-conforming:** An umbrella term for those who do not follow gender stereotypes about how they should look or act based on the female or male sex they were assigned at birth.

- **Non –binary:** An adjective describing a person who does not identify exclusively as a man or a woman. Non-binary people may identify as being both a man and a woman, somewhere in between, or as falling completely outside of these categories. While many also identify as transgender, not all non-binary people do. Non-binary can also be used as an umbrella term encompassing identities such as agender, bigender, genderqueer or gender-fluid.
- **Gender-fluid:** An adjective denoting or relating to a person who does not identify as having a single unchanging gender.
- **Transition:** The process of changing one’s gender from the sex assigned at birth to one’s gender identity. The process of transitioning is unique to each person. This can happen quickly or take place over a longer period of time. Individuals who are transitioning may choose to inform family, friends, and co-workers.
- **Sexual orientation:** A person’s physical or emotional attraction to people of the same and/ or other gender. Straight, gay, and bisexual are some ways to describe sexual orientation. It is important to note that sexual orientation is distinct from gender identity and expression. Transgender people can be gay, lesbian, bisexual, or straight, just like non-transgender people.
- **LGBT:** A common abbreviation that refers to the lesbian, gay, bisexual, and transgender community.

EVERYONE HAS A

- Sexual Orientation

Privacy

Transgender employees have the right to discuss their gender identity or expression openly, or to keep that information private. The transgender employee decides when, with whom, and how much to share their private information. Information about an employee’s transgender status (such as the sex they were assigned at birth) can constitute confidential medical information under privacy laws like HIPAA.

Faculty, staff and administrators should not disclose information that may reveal an employee’s transgender status or gender non-conforming presentation to others. Personal or confidential information may only be shared with the transgender employee’s consent and with coworkers who truly need to know to do their jobs.

Official Records

The College will change an employee’s official record to reflect a change in name or gender upon request from the employee. Certain types of records, like those relating to payroll and retirement accounts, may require a legal name change before the person’s name can be changed. Most records, however, can be changed to reflect a person’s preferred name without proof of a legal name change.

Employee Policies

A transgender or transitioning employee has the right to be addressed by the name and pronoun corresponding to the employee's gender identity. Official records will also be changed to reflect the employee's new name and gender upon the employee's request. The college will make every effort to update any photographs at the transitioning employee's workplace so the transitioning employee's gender identity and expression are represented accurately.

If a new or transitioning employee has questions about college records or ID documents, the employee should contact Human Resources.

Names / Pronouns

An employee has the right to be addressed by the name and pronoun that correspond to the employee's gender identity, upon request. A court-ordered name or gender change is not required. The intentional or persistent refusal to respect an employee's gender identity (for example, intentionally referring to the employee by a name or pronoun that does not correspond to the employee's gender identity) can constitute harassment and is a violation of this policy. If you are unsure what pronoun a transitioning coworker might prefer, you can politely ask your coworker how they would like to be addressed.

Transitioning on the Job

Employees who transition on the job can expect the support of management and human resources staff. HR will work with each transitioning employee individually to ensure a successful workplace transition.

Before the Workplace Transition Begins:

1. The transitioning employee should contact Human Resources to make them aware of the employee's upcoming transition.
2. Human Resources will inform the employee of the college's transgender-related policies.
3. Meeting between the transitioning employee and the employee's supervisor – and others, if desired by the transitioning employee – should be scheduled to ensure the supervisor knows of the employee's planned transition.
4. The transitioning employee and Human Resources should discuss all of the individuals who will need to be included in the workplace transition plan. This should include the employee, the employee's immediate supervisor, and someone from HR. All members of this transition team should familiarize themselves with the college's policies and any other relevant resources that provide educational information about transgender issues.
5. A Workplace Transition Plan will be created with the input of the transitioning employee, their supervisor and Human Resources. The Plan will address all of the following areas:
 - a. The date when the transition will officially and formally occur. This means the date that the employee will change their gender expression, name, and pronouns. The transitioning employee may choose to begin using the restroom and locker room associated with their gender identity on this date as well. The transitioning employee will know best when this should occur as they will be able to determine all relevant factors to be considered when choosing this date.

- b. Decide how, and in what format, the transitioning employee's co-workers should be made aware of the employee's transition. It is up to the transitioning employee to decide if they would like to make some co-workers aware of their transition on a one-on-one basis before it is officially announced.
 - c. Decide what, if any, training will be given to co-workers.
 - d. Determine what updates should be made to the transitioning employee's records, and when they will be made. v. Determine dates of any leave that may be needed for pre-scheduled medical procedures.
6. Ensure that all name changes and photographs are updated in advance so that they can go live on the transition day. This includes email addresses

The Day the Transition Will be Made Known to Employees

1. A work team transition meeting will be held that includes the transitioning employee, the employee's supervisor, the employee's co-workers, and any other relevant team. Otherwise, remote conference any members of the transition team or the employee's work team that cannot be there live. If the employee thinks it would be helpful, a handout about transgender issues can be provided at this meeting. It is up to the employee whether they feel comfortable attending or would prefer not to be there.
2. The employee's supervisor should announce the transition, along with any administrator who are in attendance in order to show solidarity for the transitioning employee. The supervisor must:
 - a. Emphasize the transitioning employee's importance and the College's complete support of the employee's transition.
 - b. Review the College's relevant nondiscrimination policies.
 - c. Indicate that the transitioning employee will be presenting themselves in accordance with their gender identity and this should be respected. The supervisor should also advise co-workers about the transitioning employee's new name and preferred pronoun.
 - d. Be a behavioral model by using the transitioning employee's new name and pronoun in all communication – written and oral, formal and informal.
 - e. Make a point that the transition will not change the workplace and that everything should go on as it did previously.
 - f. Solicit any questions. Refer questions the supervisor cannot answer to HR.
 - g. If training is going to occur, the date should be announced at this meeting. If possible, the training should occur before the date of the employee's official workplace transition.

The First Day of the Employee's Official Workplace Transition

The transitioning employee's supervisor should be clear that all elements are in place, in the same way the supervisor would for a new hire or transferred employee. These elements include:

1. Making sure that the transitioning employee has a new ID badge and photo if necessary.
2. Ensuring all work documents have the appropriate name and gender and checking that these have been changed in all of the places an employee's name may appear.

Restroom Accessibility

Employees shall have access to the restroom corresponding to their gender identity. Any employee who has a need or desire for increased privacy, regardless of the underlying reason, will be provided access to a unisex single-stall restroom, when available. No employee, however, shall be required to use such a restroom. All employees have a right to safe and appropriate restroom facilities, including the right to use a restroom that corresponds to the employee's gender identity, regardless of the employee's sex assigned at birth. That decision should be left to the transgender employee to determine the most appropriate and safest option for them.

Locker Room Accessibility

All employees have the right to use the locker room that corresponds to their gender identity. Any employee who has a need or desire for increased privacy, regardless of the underlying reason, can be provided with a reasonable alternative changing area such as the use of a private area, or using the locker room that corresponds to their gender identity before or after other employees. Any alternative arrangement for a transgender employee will be provided in a way that allows the employee to keep their transgender status confidential.

Dress Codes

The College does not have dress codes that restrict employees' clothing or appearance on the basis of gender. Transgender and gender non-conforming employees have the right to comply with college dress codes in a manner consistent with their gender identity or gender expression.

Discrimination/ Harassment

It is unlawful and violates College policy to discriminate in any way (including, but not limited to, failure to hire, failure to promote, or unlawful termination) against an employee because of the employee's actual or perceived gender identity. Additionally it also is unlawful and contrary to this policy to retaliate against any person objecting to, or supporting enforcement of legal protections against, gender identity discrimination in employment.

The College is committed to creating a safe work environment for transgender and gender non-conforming employees. Any incident of discrimination, harassment, or violence based on gender identity or expression will be given immediate and effective attention, including, but not limited to, investigating the incident, taking suitable corrective action, and providing employees and staff with appropriate resources.

Remote work options may be implemented when feasible at the discretion of the president or his/her designee. If a conflict exists between this policy and the specific terms of any applicable collective bargaining agreement, then the terms of the collective bargaining agreement shall apply. Policy approved by the Board of Trustees – December 14, 2022

Policy approved by the Board of Trustees – April 23, 2025

The college has established a process for recruitment and hiring. This process is subject to change to allow for continual process improvement.

All position requests, including backfill and new positions, must first be discussed with the appropriate Cabinet leader and/or President. The supervisor making the request must provide specific business justification in writing to support their request. If the position is approved, the supervisor must submit the position request via the College's Applicant Tracking System (ATS).

All job applicants, internal and external, must submit an employment application through the College's ATS to be considered for a position. The recruitment and hiring process for adjunct faculty and continuing education instructors may differ from this policy and are considered an exception.

Applications will be reviewed by the Human Resources Department first and applicants will be evaluated based on their qualifications and experience as it relates to the job requirements outlined in the job description. Qualified applicants will be forwarded to the hiring manager and/or search committee (if applicable). Applicants who are selected for an interview will be evaluated further based on a fair/unbiased interview process specific to the position they have applied for. Consideration will be given to organizational fit. The hiring manager and/or Administration will make all hiring decisions, and when appropriate, they will take into consideration feedback from the search committee and/or employees involved in the recruitment process. The Human Resources Department is responsible for conducting professional reference checks on final candidates, and extending employment offers.

The college will adhere to the Equal Employment Opportunity Policy located in the College's Policy Manual.

Nepotism

Applicants who are relatives of college employees or non-relatives living within the same household will be considered solely on the basis of their own qualifications, experience, and organizational fit. The College does not prohibit the hiring of employees' relatives or household members, as long as no immediate relative is directly responsible for the decision to hire, supervise, evaluate, or make salary recommendations for the other.

College employees are required to inform the Human Resources Department when a relative or household member is being considered for a position. For purposes of administration of this policy, "immediate relative" is defined as: a spouse, domestic partner, child, stepchild, mother, father, brother or sister; "relative" is defined as an immediate relative as previously defined, son-in-law, daughter-in-

These background checks and clearances are in addition to the PA Criminal Record Check, PA Child Abuse History and FBI Background Check Clearances required for all new employees prior to a start date being determined.

2.1.10 Dual Employment

Policy approved by the Board of Trustees – December 14, 2016

Policy approved by the Board of Trustees – June 24, 2020

Dual employment occurs when an employee holds two (2) or more paid positions (primary and secondary) within Westmoreland County Community College (College). This practice is permitted provided the procedures set forth in this policy are followed.

The purpose of this policy is to ensure that employees work their designated hours and are paid correctly for a secondary position within the College and that one payroll system tracks and documents all work by College employees.

Implementation and compliance of this policy is the responsibilities of the administrators and administrative staff and the Payroll and Human Resources Departments.

College employees may have only one active payroll record. The primary job is the position with the greatest Full Time Equivalent (FTE) hours. The primary department must maintain the active payroll record. They are responsible for tracking all hours worked at all entities and ensuring payment for all regular and overtime hours worked.

Employee Time Reporting Process

For employees whose primary and secondary job(s) are within the College the primary department is to handle all time reporting. Employees are responsible for ensuring that all time worked is reported to the primary department/division supervisor within the applicable deadline. Employees must receive signed approval from the secondary department supervisor for all time worked in the secondary job(s) before submitting the time record to the primary department/division.

Employees will give their primary department/division a completed time card/sheet each week with the hours worked each day in the secondary job(s). If the secondary job is a teaching assignment the employee must have their primary supervisor approve of the teaching assignment as well as give their primary supervisor a copy of their signed contract. The time card/sheet should be signed by the employee and by the supervisor of the department/division for the secondary job(s). This will ensure that all hours worked will be totaled and any overtime will be paid at the appropriate rate for non-exempt employees. These payments will be processed via the Payroll Department.

Overtime for Employees in Non-Exempt Positions

Employees in positions classified as non-exempt and who meet the conditions of dual employment will receive overtime pay for all time worked over 40 hours in a work week or 7.5 hours within one day where applicable. All hours worked in all jobs, in all entities, apply toward the calculation of overtime. The overtime rate calculation will take into account multiple rates of pay, as applicable.

Overtime is paid when a non-exempt employee works more than 40 hours or 7.5 hours within one day where applicable. The overtime expense of time-and-a-half pay is paid by the President's/ Vice Presidents' department where the employee's primary job is charged. Overtime is based on a blended

Employee Policies

weighted average of the hourly rate for the primary and secondary jobs. Note that exempt employees receive straight time pay and do not receive time-and-a-half pay.

The employee submits a time card (signed by the employee and the supervisor) for the secondary job(s) to their primary supervisor. The hours and times worked each day must be recorded on the time sheet. The primary employer processes the pay through the College payroll and payroll will charge the cost back to the secondary employer.

Time Off

Employees may receive pay from two sources for the same time period. Therefore, employees may use eligible accrued paid time off, vacation or personal from their primary job to work in their secondary job(s), and vice versa.

Supervisor Approval

Because of the financial and operational implications of employees holding a secondary job(s) within the College, the approval of both the primary department supervisor and the secondary department supervisor is required.

Human Resources Compensation Office Approval

Holding dual employment within the college is not allowed without prior approval from the Human Resources Department.

Outside Employment on Personal Time

Paid outside employment will be limited to the employee's own time, defined as evenings, weekends or time outside of their regular scheduled work hours, holidays and vacation, etc... Exceptions to this regulation shall be made only upon written approval of the direct supervisor and the Director/Human Resources. Activities In pursuit of outside employment shall not interfere with employee's duties at the college. The primary obligation of the college employees is owed to the College. The use of the College name in soliciting outside employment is prohibited. No outside employment is permitted that violates college policy on ethical duties or otherwise leads to the perception or actuality that any employee or his/her family has or will gain personally from influencing the College's decision on any matter.

All employees should avoid any situation that is a direct or perceived conflict between their personal interests and the interest of the college. Employees dealing with customers, suppliers, contractors, competitors or any person doing or seeking to do business with the college are to act in the best interests of the college with regard to all aspects of their job responsibilities, and to the exclusion of consideration of personal preference or advantage. Employees are required to notify their immediate supervisor and the Director of Human Resources in writing of any prospective situation which may involve a conflict of interest. This includes:

- a. Ownership by an employee or to the employee's knowledge, by a member of the employee's family, of a significant financial interest in any outside enterprise which does or seeks to do business with or is a competitor of the college.
- b. Serving as a director, officer, partner, consultant of or in a managerial position with, or employment in a technical capacity by, an outside enterprise, which does, or it is seeking to do, business with or is a competitor of the college.
- c. Acting as a broker, finder, go-between or otherwise for the benefit of a third party in transactions involving or potentially involving the college or its interests; and
- d. Any other arrangement or circumstance, including family or other personal relationships which might dissuade the employee from acting in the best interests of the college.
- e. Violations of the Pennsylvania Public Official and Employee Ethics Act (the "Ethic Act") published at 65 P.a.CS. § 1101, et.seq.

When as required by the policy, an employee discloses prospective situation, which may involve a conflict of interest, the administration shall review the potential conflict. In some circumstances, it may be appropriate for the administration to review the matter in conjunction with legal and internal auditing. Approval or disapproval of the situation under review should be documented. While the conflict is being resolved, the employee involved may be assigned new or different duties than those giving rise to the conflict. Each actual or potential conflict of interest must be reported promptly, i.e., as soon as the conflict arises or is discovered.

If a conflict of interest is considered to be unacceptable, the administration should promptly resolve the matter.

Employee Policies

If Administration determines that the situation is not a conflict of interest, they will notify the employee of the decision in writing. In questions of conflicts of interest, the term 'family' should be interpreted broadly.

One consideration when evaluating potential conflicts of interest is whether the employee's job responsibilities for the college, or those of their subordinates, require making decisions that could be influenced by the interest reported. Other considerations include, but are not limited to, whether or not:

- The outside interest does business or competes with the employee's business, function or site.
- The employee has an active, managerial or decision-making role in the outside interest.
- The employee has access to college information potentially useful to the outside interest.
- The employee or the employee's family members will profit financially from the transaction.
- The situation is governed by the Ethics Act.

In addition to the above, the employees associated with either Westmoreland County Community College Professional Association (WCCCPA) and the Educational Support Professional Association (ESPA) must comply with the "Code of Ethics of the Education Profession," published by the PSEA.

II. Gifts, Favors, Loans, Gratuities or Rewards

Employees may also not actively solicit support of any political candidates or any referendum matter during working hours.

IV. Prestige of Office for Personal Gain

Employees may not intentionally use the prestige of their office for their own private gain or that of another.

V. Specifications and Bids

2.2.2 Internet / E-mail Usage Policy

Policy approved by the Board of Trustees – January 28, 2004

Policy approved by the Board of Trustees – June 24, 2020

Policy approved by the Board of Trustees – January 24, 2024

Purpose of the Internet and E-mail Policy

This Internet and E-mail Policy is designed to help formalize standards for how all Westmoreland County Community College employees connect to and communicate with the college and with the outside world through use of the college's provided Internet, e-mail, and other services. While the Internet provides access to a wealth of valuable information and facilitates communication, it also opens the potential for abuse and unauthorized access to college resources. Internet access and e-mail are valuable and costly college-provided resources and must be used only for legitimate business. Irresponsible use reduces the availability for critical business operations, compromises security and network/data integrity, and leaves the college open to potentially damaging litigation. It is incumbent on each individual to utilize the tools provided judiciously and for the purpose of conducting business on behalf of the college. As such, all correspondence and activities should represent the college in the best possible manner, professionally and with integrity. The college may restrict the use of its computer and network services in response to complainants presenting evidence of violations of college policies, and local, state, or federal laws. Specifically, the college reserves the right to limit access or disclose all materials on college-owned networks and systems without prior consent.

Tracking Internet Usage

The college tracks all Internet transactions by employees. The purpose is to enable the college to manage its Internet and e-mail resources in a cost-effective and efficient manner and to plan more efficiently for future technology expansion. The college reserves the right to review any content for any reason without the prior consent of the employee, as the college retains all rights to and ownership of the assets and information contained within the institution unless prior arrangement for intellectual property has been agreed to, in writing, by all concerned. The current intention is to monitor content randomly, unless there is reason to do otherwise. The college will also monitor the existence of the traffic being generated, much like a telephone bill tracks the calls made, the numbers called, and the time of the calls. In this manner the college will be aware of how its resources are being used, where they are needed, where new capacity is required, and other infrastructure management issues. Additionally, because of the vulnerability to litigation over inappropriate conduct in the workplace environment, it is the college's responsibility to ensure college resources do not support inappropriate activities. Employees should have no expectation of privacy when using the college Internet/e-mail.

Internet and E-mail Usage Guidelines

To ensure all employees understand their responsibilities, the following guidelines are established for using college e-mail and Internet access. Any improper use of the Internet or of e-mail jeopardizes the college's legal standing and will not be tolerated.

Employee Policies

Acceptable uses of college e-mail and Internet access

The college provides Internet and e-mail access for institutional usage. Every employee member has the responsibility to maintain and enhance the college's public image and to use college provided e-mail and access to the Internet in a manner that reflects well on the college. The college recognizes there will be occasional personal use on lunch breaks and during nonworking hours, but this shall not be excessive or unreasonable.

Unacceptable uses of college e-mail and Internet access

The college e-mail and Internet access may not be used for transmitting, retrieving, or storage of any communications of a discriminatory or harassing nature or materials that are obscene or "X-rated," or which a reasonable person may find to be obscene or offensive. Harassment of any kind is prohibited. No messages with derogatory or inflammatory remarks about an individual's race, age, disability, religion, national origin, physical attributes, or sexual preference shall be transmitted. No excessively abusive, profane, or offensive language is to be transmitted through the college's e-mail or Internet system. Electronic media also may not be used for any purpose that is illegal, against college policy, or contrary to the college's best interests. Solicitation of non-college business or any use of the college's e-mail or Internet for personal gain is prohibited. Other unacceptable uses of college-provided system/network services include causing congestion on the servers by broadcasting inappropriate messages to lists or individuals, or excessive use of the storage space. Employees should never share their login and passwords with others; to do so puts the employee at risk. The items above are intended to be examples of unacceptable usage of these services; however, they are not intended to be inclusive of all unacceptable uses.

Communications

Each employee is responsible for all content of any form including text, audio, video, or images that he/ she places or sends over the college's e-mail and Internet system. No e-mail or other electronic communications may be sent that hides the identity of the sender or represents the sender as someone else or someone from another college. All messages communicated on the college's e-mail and Internet system should contain the employee's name.

Any messages or information sent by an employee to another individual via an electronic network (e.g., bulletin board, online service, or Internet) are statements that reflect on the college. While some users include personal "disclaimers" in electronic messages, there is still a connection to the college, and the statements may legally be tied to the college. Therefore, the college requires that all communications sent by employees via the college's e-mail and Internet system comply with all college policies and do not disclose any confidential or proprietary information. Employees are responsible for seeing that the services are used in an effective, ethical and lawful manner.

Software

To prevent computer viruses from being transmitted through the college's e-mail and Internet system, downloading of any unauthorized software is prohibited. All software downloaded must be registered to the college and downloaded by an authorized staff member. Employees should contact the director/ Information Technology, if they have any questions.

Employee Policies

Copyright issues

Employees on the college's e-mail and Internet system may not transmit copyrighted materials belonging to entities other than the college. Note that non-adherence to this policy puts the college in serious legal jeopardy, opening up the college to significant lawsuits and public embarrassment. All employees obtaining access to other companies' or individuals' materials must respect all copyrights and may not copy, retrieve, modify, or forward copyrighted materials except with permission. If an employee has questions about any legal issues, he/she should speak with his/her supervisor or the director of Human Resources before proceeding.

Security

The college routinely monitors usage patterns in its e-mail and Internet communications. Reasons for monitoring are many, including cost analysis, security, bandwidth allocation, and the general management of the college's gateway to the Internet. All messages created, sent, or retrieved over the college's e-mail and Internet are the property of the college and should be considered public information.

The college reserves the right to access and monitor the content of all messages and files on the college's e-mail and Internet system at any time with or without notice. Employees should not assume electronic communications are totally private and should transmit highly confidential data in other ways. E-mail messages regarding sensitive matters should warn that such communications are not intended to be secure or confidential.

Violations

If necessary, the college reserves the right to advise appropriate legal officials of any illegal violations.

Internet and E-mail Ethics Code

Use of Authorized Resources

Employees of the college must use those computing services and accounts provided and authorized for their use by the college. Each user is responsible for all activities which take place associated with the use of his/her account. Resources may be used only for their authorized purpose, in a manner consistent with the mission of the college. If an employee feels that his/her account has been compromised, he/she needs to change his/her password immediately and notify the director of Human Resources.

Maintenance and Resources Integrity

Employees may not authorize others to use the accounts, systems, services, or resources which the employee has been authorized to access and/or use. It is expected that all authorized users will take the necessary precautions to prevent unauthorized access which includes regular password maintenance, file protection, disconnect from accounts when not in use, etc. Attempts to compromise the security of any college system or service or to access any unauthorized data on such system or service are prohibited.

Employee Policies

Complainant Procedure

Employees who believe a violation to this policy has occurred should contact the director of Human Resources

Please see **Appendix 2-A** for the Internet / E-mail Usage Agreement.

Research shows that smoking and exposure to secondhand smoke are significant health hazards for both smokers and non-smokers. Improperly discarded cigarette butts and other smoking and tobacco product residue are environmental pollutants that pose dangers to humans and wildlife. In addition to these hazards, smoking and discarded cigarettes may create fire hazards and increased cleaning, maintenance, and repair costs; exacerbate student and employee illness resulting in lost class and work time; decreased productivity; and increased healthcare and insurance costs. - C. "Electronic Smoking Device" means any product containing or delivering nicotine or any other substance intended for human consumption that is used by a person in any manner for inhaling vape or aerosol from the product. The term includes such device, whether manufactured, distributed, marketed, or sold as an e-cigarette, e-cigar, e-pipe, e-hookah, or vape pen, or any other product name or descriptor.

Compliance is grounded in an informed and educated campus community. As with all campus policies, it is a standard and reasonable duty of all Westmoreland students, employees and visitors to comply with the provisions of this policy.

Students are subject to disciplinary actions per the Code of Student Conduct if found in violation of this policy. Employees are subject to disciplinary actions per the Discipline Policy if found in violation of this policy. Visitors who do not comply with this policy will be asked kindly to comply and, if they refuse, will be asked to leave the premises by security personnel.

Policy approved by the Board of Trustees – March 27, 2024

Purpose of the Telecommunications Usage Policy

This policy is designed to help formalize standards for how all Westmoreland County Community College employees connect to and communicate with the college community as well as with the external community through use of the college's provided Voice Over Internet Protocol (VoIP) System, voice-mail, and other services (e.g., cellular phones). While the system provides access to a wealth of valuable information and facilitates communication, it also opens the potential for abuse and unauthorized access to college resources. Like other services provided by the college, telecommunications services are valuable, costly and must be used only for legitimate college purposes. Inappropriate use reduces the availability for critical college operations, and leaves the college open to potentially damaging costs and litigation.

It is incumbent on each individual to utilize the tools provided judiciously and for the purpose of conducting business on behalf of the college. As such, all correspondence and activities should represent the college in the best possible manner, professionally and with integrity. The college may restrict the use of its telecommunications services in response to complainants presenting evidence of violations of college policies, local, state or federal laws. Specifically, the college reserves the right to limit access or disclose all materials on college owned/provided resources without prior consent.

VoIP System Usage

The college tracks telephone usage as to the calls made, the numbers called, and the time of the calls. In this manner, the college will be aware of how its resources are being utilized, where they are needed, new capacity requirements, and other infrastructure management issues. The college, for training, usage monitoring, or other purposes, reserves the right to monitor any communication without prior consent. Additionally, because inappropriate usage may expose the college to litigation, it is the college's responsibility to ensure college resources do not support inappropriate activities. VoIP users should have no expectation of privacy.

VoIP System Usage Guidelines

To ensure all faculty, staff, student employees and volunteers understand their responsibilities; the following guidelines are established for using the college VoIP System. Any improper use of these services jeopardizes the college's legal standing and will not be tolerated.

Acceptable uses of college VoIP System

The college provides VoIP services for the faculty, staff, student employees and volunteers to conduct college business. Every user has the responsibility to use the VoIP System in a manner that reflects well on the college. The college recognizes there will be occasional personal use, but personal use shall not be excessive or unreasonable.

Unacceptable uses of college VoIP System

- a. Using telecommunications services for any purpose which violates college policies, local, state or federal laws is prohibited
- b. Using telecommunications services for any purpose for commercial purposes or personal gain
- c. Deliberately misrepresenting someone's identity or affiliation via telecommunications
- d. Sending harassing, intimidating, abusive or offensive content to or about others e. Intercepting, disrupting, or altering communications in any manner
- e. Using someone else's identity and password.

The list of unacceptable uses of telecommunications services are meant to be examples of unacceptable uses and are not intended to be all inclusive.

Violations

The college reserves the right to advise appropriate legal officials of any illegal violations.

Policy approved by the Board of Trustees – January 28, 2004

Policy approved by the Board of Trustees – June 24, 2020

Policy approved by the Board of Trustees – April 24, 2024

Westmoreland County Community College believes an effective learning environment is one that is free of weapons that threaten students, employees, volunteers, and visitor safety. Therefore, the college has a weapons-free policy to minimize any harm or threats to students, employees, volunteers, and visitors.

1. Westmoreland County Community College strictly prohibits possession, carrying, or use of firearms, knives, explosives, or other weapons as defined by the Pennsylvania Criminal Code on college premises, including buildings, grounds, parking areas, and college-owned or leased vehicles.
2. Westmoreland County Community College prohibits all persons who enter college buildings, college property, or other recreational fields from carrying a weapon with the following exceptions:
 - Authorized law enforcement officers acting within the scope of their duties are exempt from this policy. However, they are required to notify college authorities of their presence and purpose on campus.
 - Students in a training class who must bring the weapon to class to be examined, including but not limited to: culinary arts students, municipal police academy cadets and lethal weapons students. This shall only occur when:
3. Westmoreland County Community College employees (except as previously noted) are also prohibited from carrying a weapon while in the course and scope of performing their job, whenever they are on college property at the time or not, and whether they are licensed to carry a handgun or not. Employees may not carry a weapon covered by this policy while performing any task on the college's behalf. The only exception to this policy will be persons who have been given written consent by the college to carry a weapon while performing specific tasks on the college's behalf. The policy also prohibits weapons at any college sponsored functions such as parties, picnics, sporting events, etc

College buildings and grounds will be appropriately posted to advise of this weapons prohibition policy. Carrying a weapon onto college property in violation of this policy will be considered an act of criminal trespass and will be grounds for immediate removal from the college property and may result in prosecution.

Employees who become aware of any person violating this policy should immediately report the violation to the college's Safety Officer.

2.2.11 Whistleblower

Policy approved by the Board of Trustees – December 12, 2012

Policy approved by the Board of Trustees – June 24, 2020

Policy approved by the Board of Trustees – May 24, 2023

The purpose of this policy is to deter and detect fraud by establishing a confidential channel of communication by which employees can report activity that they reasonably consider to be illegal, dishonest or in violation of college policies.

A whistleblower as defined for purposes of this policy is an employee of Westmoreland County Community College who reports an activity that he or she reasonably considers to be illegal, dishonest or in violation of college policies to one or more of the parties specified in this policy. The whistleblower is not responsible for investigating the reported activity or for determining fault or corrective measures; appropriate management officials are charged with these responsibilities.

If an employee has knowledge of or a concern about what might be considered illegal, dishonest or an activity in violation of college policies, the employee is to contact his or her immediate supervisor, or the director/Human Resources. The employee must exercise sound judgment to avoid baseless allegations. An employee who files a report in bad faith or intentionally files a false report of wrongdoing will be subject to discipline.

Whistleblower protections are provided in two important areas: confidentiality and retaliation. Insofar as possible, the confidentiality of the whistleblower will be maintained. However, a whistleblower's identity may have to be disclosed to conduct a thorough investigation, to comply with the law and to provide accused individuals their legal rights of defense. The college will not retaliate against a whistleblower acting in good faith. Any whistleblower who believes he or she is being retaliated against must contact the director/Human Resources immediately. The right of a whistleblower for protection against retaliation does not include immunity for any personal wrongdoing that is alleged, investigated and verified.

Procedures

Options for reporting suspected illegal or dishonest activity or an activity in violation of college policies are available. Employees wishing to anonymously report suspicious activity can do so via the Whistleblower web site at <https://westmoreland.edu/about/policies/whistleblower.html>. Employees may also report suspected illegal or dishonest activity or their supervisor or the director/Human Resources.

All reports of suspected or illegal or dishonest activities will be promptly forwarded to the president or his/her designee, who is responsible for coordinating the investigation and any required corrective actions. Employees with any questions regarding this policy should contact the director/Human Resources.

WESTMORELAND COUNTY COMMUNITY COLLEGE **Title IX Policy and Complaint Procedure** **Effective for Complaints on or after August 1, 2024**

Introduction

On April 19, 2024, the Department of Education Office for Civil Rights issued new Title IX regulations (DOE Regulations) which direct how educational institutions must address incidents of sexual assault and harassment involving both students and employees. These most recent regulations have significantly changed schools' obligations with regard to investigating and adjudicating incidents of sexual assault and harassment involving their students and employees. Consequently, changes are now required to the Westmoreland County Community College (College) current Title IX Policy and Complaint Procedure (Current Policy). This new policy is intended to replace in its entirety the Current Policy at the College. The intent of this policy is to comply with DOE Regulations. Any conflict in terms of this policy and DOE Regulations are to be resolved in favor of the DOE Regulations.

Nondiscrimination Policy

Westmoreland County Community College does not discriminate in its educational programs, activities or employment practices based on race, color, national origin, sex, sexual orientation, disability, age, religion, ancestry, gender identity or expression, veteran status, union membership or any classification protected by state or federal law or the proper exercise by an Association member of their rights guaranteed by the Pennsylvania Public Employer Relations Act Number 195.

Notice of Nondiscrimination

The College, on an annual basis, sends notice of nondiscrimination to all students, bargaining units, and employees. The College notifies applicants for admission and employment upon application. The following is an example of the College's notification.

- The College does not discriminate on the basis of sex and prohibits sex discrimination in any education program or activity that it operates, as required by Title IX and its regulations, including in admission and employment.
- Inquiries about Title IX may be referred to the College's Title IX Coordinator, the U.S. Department of Education's Office for Civil Rights, or both.
- The College's Title IX Coordinator is the Vice President Enrollment Management for students and the Executive Director/Human Resources for staff.

Employee Policies

Title IX- Complaints of Sex Discrimination- Grievance Policy

The College has adopted grievance procedures that provides for the prompt and equitable resolution of complaints made by students, employees, or other individuals who are participating or attempting to participate in its education programs or activities, or by the Title IX Coordinator, alleging any action that would be prohibited by Title IX or the DOE Regulations.

Disciplinary sanctions means consequences imposed on a respondent following a determination under Title IX that the respondent violated the recipient's prohibition on sex discrimination.

Party means a complainant or respondent.

Relevant means related to the allegations of sex discrimination under investigation as part of these grievance procedures. Questions are relevant when they seek evidence that may aid in showing whether the alleged sex discrimination occurred, and evidence is relevant when it may aid a decision maker in determining whether the alleged sex discrimination occurred.

Remedies means measures provided, as appropriate, to a complainant or any other person the recipient identifies as having had their equal access to the recipient's education program or activity limited or denied by sex discrimination. These measures are provided to restore or preserve that person's access to the recipient's education program or activity after a recipient determines that sex discrimination occurred.

- (1) *Quid pro quo harassment*. - (2) *Hostile environment harassment*. Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from the recipient's education program or activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:
 - (i) The degree to which the conduct affected the complainant's ability to access the recipient's education program or activity;
 - (ii) The type, frequency, and duration of the conduct;
 - (iii) The parties' ages, roles within the recipient's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;

 - (A) Fear for the person's safety or the safety of others; or
 - (B) Suffer substantial emotional distress.

Supportive measures means individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a complainant or respondent, not for punitive or disciplinary reasons, and without fee or charge to the complainant or respondent to:

- (1) Restore or preserve that party's access to the recipient's education program or activity, including measures that are designed to protect the safety of the parties or the recipient's educational environment; or
- (2) Provide support during the recipient's grievance procedures or during an informal resolution process.

Complaints

The following people have a right to make a complaint of sex-based harassment, requesting that the College investigate and make a determination about alleged sex-based harassment under Title IX:

- A complainant which includes"
 - A student or employee of the College who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX; or
 - A person other than a student or employee of the College who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX at time when that individual was participating or attempting to participate in the College's education program or activity.
- A parent, guardian, or other authorized legal representative with the legal authority to act on behalf of the complainant.
- The College's Title IX Coordinator
 - When a Title IX Coordinator is notified of conduct that reasonably may constitute sex discrimination under Title IX (and in the absence of a complaint or the withdrawal of any or all of the allegations in a complaint, and in the absence or termination of an informal resolution process), the Title IX Coordinator must determine whether to initiate a complaint of sex discrimination as required under Title IX.

The College may consolidate complaints of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when allegations of sex discrimination arise out of the same facts or circumstances. When more than one complainant or more than one respondent is involved, references below to include the plural are applicable.

The College is not permitted to consolidate complaints if consolidation would violate FERPA. Consolidation would not violate FERPA when a postsecondary institution obtains prior written consent from eligible students to the disclosure of their education records.

General Provisions

The College requires that any Title IX Coordinator, investigator, or decision maker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. As long as there is no conflict of interest or bias, a decision maker may be the same person as the Title IX Coordinator or investigator.

The College presumes that the respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of its grievance procedures.

The College has established the following timeframes for the major stages of the grievance procedures:

- Evaluation as to whether to dismiss or investigate the complaint: ten (10) business days
- Investigation, if necessary, will be completed within sixty (60) days with a determination to follow within 10 (ten) business days:
- Appeals from a dismissal or determination must be filed within twenty (20) days.

The College will endeavor to make a determination of all complaints within ninety (90) days of the date of filing.

The College has also established the following process that allows for the reasonable extension of time frames on a case-by-case basis for good cause with written notice of any extension to the parties that includes the reason for the delay. All written notification must be sent to the Title IX Coordinator via email. Additionally, if the Title IX Coordinator or Title IX investigator requests a delay, all correspondence will be sent via the College's email.

The College will take reasonable steps to protect the privacy of the parties and witnesses during its grievance procedures. These steps will not restrict the ability of the parties to obtain and present evidence, including by speaking to witnesses; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the grievance procedures. The parties cannot engage in retaliation, including against witnesses.

The College will objectively evaluate all evidence that is relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence. Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be accessed or considered, except by the College to determine whether one of the exceptions listed below applies; will not be disclosed; and will not otherwise be used), regardless of whether they are relevant:

- Evidence that is protected under a privilege recognized by federal or state law or evidence provided to a confidential employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
- A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless the College obtains that party's or witness's voluntary, written consent for use in its grievance procedures; and
- Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

Written Notice of Allegations:

Upon initiation of these Title IX grievance procedures, the College will notify the parties in writing of the following with sufficient time for the parties to prepare a response before any initial interview:

- The College's Title IX grievance procedures and any informal resolution process;
- Sufficient information available at the time to allow the parties to respond to the allegations, including the identities of the parties involved in the incident(s), the conduct alleged to constitute sex-based harassment, and the date(s) and location(s) of the alleged incident(s);
- Retaliation is prohibited;
- The respondent is presumed not responsible for the alleged sex-based harassment until a determination is made at the conclusion of the grievance procedures. Prior to such a determination, the parties will have an opportunity to present relevant and not otherwise impermissible evidence to a trained, impartial decision maker;
- The parties may have an advisor of their choice who may be, but is not required to be, an attorney;
- The parties are entitled to an investigative report that accurately summarizes this evidence. Both parties are entitled to an equal opportunity to access the relevant and not impermissible evidence upon the request of any party; and
- The College's Standards of Student Conduct and Employee Conduct and Work Rules Policies prohibit knowingly making false statements or knowingly submitting false information during grievance procedures [include the link to these policies].

If, in the course of an investigation, the College decides to investigate additional allegations of sex-based harassment by the respondent toward a complainant/s that are not included in the written notice

or that are included in a consolidated complaint, it will provide written notice of the additional allegations to the parties.

Dismissal of a Complaint

The College may dismiss a complaint if:

- The College is unable to identify the respondent after taking reasonable steps to do so;
- The respondent is not participating in Westmoreland's education program or activity and is not employed by the College;
- The College obtains the complainant's voluntary withdrawal in writing of any or all of the allegations, the Title IX Coordinator declines to initiate a complaint, and the College determines that, without the complainant's withdrawn allegations, the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX even if proven; or
- The College determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Before dismissing the complaint, the College will make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, the College will promptly notify the complainant in writing of the basis for the dismissal. If the dismissal occurs after the respondent has been notified of the allegations, then the College will notify the parties simultaneously in writing.

The College will notify the complainant that a dismissal may be appealed on the bases outlined in the Appeals section. If dismissal occurs after the respondent has been notified of the allegations, then the College will also notify the respondent that the dismissal may be appealed on the same bases. If a dismissal is appealed, the College will follow the procedures outlined in the Appeals section.

When a complaint is dismissed, the College will at minimum:

- Offer supportive measures to the complainant as appropriate
- If the respondent has been notified of the allegations, offer supportive measures to the respondent as appropriate; and
- Take other prompt and effective steps, as appropriate, through the Title IX Coordinator to ensure that sex discrimination does not continue or recur within the College's education program or activity.

Investigation

The College will provide for adequate, reliable, and impartial investigation of complaints.

The burden is on the College- not on the parties-to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred.

The College will provide to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all meetings or proceedings with sufficient time for the party to prepare to participate.

The College will provide the parties with the same opportunities to be accompanied to any meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney.

- The College will not limit the choice or presence of the advisor for the complainant or respondent in any meeting or proceeding.
- The College may establish restrictions regarding the extent to which the advisor may participate in these grievance procedures, as long as the restrictions apply equally to the parties.

The College will provide the parties with the same opportunities, if any, to have people other than the advisor of the parties' choice present during any meeting or proceeding.

The College will provide an equal opportunity for the parties to present fact witnesses and other inculpatory and exculpatory evidence that are relevant and not otherwise impermissible.

The College will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance.

The College will provide each party and the party's advisor, if any, with an equal opportunity to access the evidence that is relevant to the allegations of sex-based harassment and not otherwise impermissible, in the following manner:

- The College will provide an equal opportunity to access the same written investigative report that accurately summarizes the evidence. All parties will be provided an equal opportunity to access the relevant and not otherwise impermissible evidence upon request.
- The College will provide a reasonable opportunity to review and respond to the investigative report.
- The College will take reasonable steps to prevent and address the parties and their advisors' unauthorized disclosure of information and evidence obtained solely through the sex-based harassment grievance procedures.

Questioning the Parties and Witnesses

Westmoreland will provide a process that enables the decision maker to question parties and witnesses to adequately assess a party's or witness's credibility to the extent credibility is both in dispute and relevant to evaluating one or more allegations of sex-based harassment.

The College will not conduct live hearings. The College's process for proposing and asking relevant and not otherwise impermissible questions and follow-up questions of parties and witnesses, including questions challenging credibility, will:

- Allow the investigator or decision maker to ask such questions during individual meetings with a party or witness
- Allow each party to propose such questions that the party wants asked of any party or witness and have those questions asked by the investigator or decision maker during one or more individual meetings, including follow-up meetings, with a party or witness, subject to the procedures for evaluating and limiting questions discussed below; and
- Provide each party with an audio or audiovisual recording or transcript with enough time for the party to have a reasonable opportunity to propose follow-up questions.

Procedures for the decision maker to evaluate the questions and limitations on questions:

- The decision maker will determine whether a proposed question is relevant and not otherwise impermissible before the question is posed and will explain any decision to exclude a question as not relevant or otherwise impermissible.
- Questions that are unclear or harassing of the party or witness being questioned will not be permitted. The decision maker will give a party an opportunity to clarify or revise a question that the decision maker determines is unclear or harassing. If the party sufficiently clarifies or revises the question, the question will be asked.

Refusal to respond to questions and inferences based on refusal to respond to questions:

- The decision maker may choose to place less or no weight upon statements by a party or witness who refuses to respond to questions deemed relevant and not impermissible.
- The decision maker will not draw an inference about whether sex-based harassment occurred based solely on a party's or witness's refusal to respond to such questions.

Determination Whether Sex-Based Harassment Occurred:

Following an investigation and evaluation of all relevant and not otherwise impermissible evidence, the College will:

- Use the [preponderance of the evidence or, if applicable, clear and convincing] standard of proof to determine whether sex discrimination occurred. The standard of proof requires the decision maker to evaluate relevant and not otherwise impermissible evidence for its persuasiveness. If the decision maker is not persuaded under the applicable standard by the evidence that sex discrimination occurred, whatever the quantity of the evidence is, the decision maker will not determine that sex discrimination occurred.
- Notify the parties simultaneously in writing of the determination whether sex-based harassment occurred under Title IX including:
 - A description of the alleged sex-based harassment;
 - Information about the policies and procedures that the College used to evaluate the allegations;
 - The decision maker's evaluation of the relevant and not otherwise impermissible evidence and determination whether sex-based harassment occurred;
 - When the decision maker finds that sex-based harassment occurred, any disciplinary sanctions Westmoreland will impose on the respondent, whether remedies other than the imposition of disciplinary sanctions will be provided by the College to the complainant, and, to the extent appropriate, other students identified by the College] to be experiencing the effects of the sex-based harassment; and
 - The College's procedures and permissible bases for the complainant and respondent to appeal.
- The College will not impose discipline on a respondent for sex discrimination prohibited by Title IX unless there is a determination at the conclusion of the Title IX grievance procedures that the respondent engaged in prohibited sex discrimination.
- If there is a determination that sex discrimination occurred, as appropriate, the Title IX Coordinator will:

Employee Policies

- Coordinate the provision and implementation of remedies to a complainant and other people the College identifies as having had equal access to its education programs or activities limited or denied by sex discrimination;
- Coordinate the imposition of any disciplinary sanctions on a respondent, including notification to the complainant of any such disciplinary sanctions; and
- Take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within the College's education programs or activities.
- Comply with the Title IX grievance procedures before the imposition of any disciplinary sanctions against a respondent; and
- Not discipline a party, witness, or others participating in the Title IX grievance procedures for making a false statement or for engaging in consensual sexual conduct based solely on the determination whether sex discrimination occurred.

The determination regarding responsibility becomes final either on the date that the College provides the parties with the written determination of the result of any appeal, or, if no party appeals, the date on which an appeal would no longer be considered timely.

Appeals

The College will offer an appeal from a dismissal or determination whether sex-based harassment occurred on the following bases:

- Procedural irregularity that would damage the outcome;
- New evidence that would change the outcome and that was not reasonably available when the determination or dismissal was made; and
- The Title IX Coordinator, investigator, or decision maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome.

If a party appeals a dismissal or determination whether sex-based harassment occurred, the College will:

- Notify the parties in writing of any appeal, including notice of the allegations, if notice was not previously provided to the respondent;
- Implement appeal procedures equally for the parties;
- Ensure that the decision maker for the appeal did not take part in an investigation of the allegations or dismissal of the complaint;
- Ensure that the decision maker for the appeal has been trained consistent with the Title IX regulations;
- Communicate to the parties in writing that the College will provide the parties a reasonable and equal opportunity to make a statement in support of, or challenging, the outcome; and
- Notify the parties in writing of the result of the appeal and the rationale for the result.

Any additional procedures or bases for appeal the College offers will be equally available to all parties.

Informal Resolutions, if offered

In lieu of resolving a complaint through the College's Title IX grievance procedures, the parties may instead elect to participate in an informal resolution process. The College will inform the parties in writing of any informal resolution process it offers and determines is appropriate, if any. The College will not offer informal resolution to resolve a complaint when such a process would conflict with federal, state, or local law. Before the initiation of an informal resolution process, the College will explain in writing to the parties:

- The allegations;
- The requirements of the informal resolution process;
- That any party has the right to withdraw from the informal resolution process and initiate or resume grievance procedures at any time before agreeing to a resolution;
- That if the parties agree to a resolution at the end of the informal resolution process, they cannot initiate or resume grievance procedures arising from the same allegations;
- The potential terms that may be requested or offered in an informal resolution agreement, including notice that an informal resolution agreement is binding only on the parties; and
- What information the College will maintain and whether and how the College could disclose such information for use in Title IX grievance procedures if such procedures are initiated or resumed.

Supportive Measures

The College will offer and coordinate supportive measures as appropriate for the complainant and/or respondent to restore or preserve that person's access to the College's education programs or activities or provide support during the College's Title IX grievance procedures or during the informal resolution process. For complaints of sex-based harassment, these supportive measures may include crisis counseling and referrals to community resources.

Disciplinary Sanctions and Remedies

Following a determination that sex-based harassment occurred, the College may impose disciplinary sanctions, which may include but are not limited to those noted in the Standards of Student Conduct or the College Employee Conduct and Work Rules Policy.

2.2.15 Communicable Disease Policy for Employees

Policy approved by the Board of Trustees – June 24, 2020

Policy approved by the Board of Trustees – December 13, 2023

Purpose

Westmoreland County Community College is committed to assuring that all necessary training and precautions are taken with regard to communicable diseases. The college adopts this communicable disease policy for employees in an effort to provide a safe working environment, control communicable diseases and the threat of pandemics on campus based upon established rules and regulations of local government officials, the Occupational Safety and Health Administration (OSHA), the Pennsylvania Department of Health (PA DOH) and the Center for Disease Control (CDC).

Definitions

A communicable disease is an illness which is capable of being spread to a susceptible host through the direct or indirect transmission of an infectious agent or its toxic product by an infected person, animal or arthropod, or through the inanimate environment. Communicable Disease shall include those diseases listed in 28 Pa Code Chapter 27 as well as those diseases contributing to an outbreak as declared by either the local government officials, the PA DOH or the CDC. Examples of communicable diseases include, but are not limited to: chickenpox, mononucleosis, conjunctivitis, hepatitis A, B and D, acquired immune deficiency syndrome (AIDS), AIDS-related complex, positive HIV antibody status, COVID-19 and other forms of highly contagious influenza, measles, meningitis, tuberculosis and pertussis.

Practice and Procedure

1. College employees who have symptoms of, are infected with or have a reasonable basis for believing that they are infected with a communicable disease have an ethical and, in some cases, a legal responsibility of reporting this fact to the college in order to protect themselves and prevent spread of the disease to their coworkers and students. The college abides by all state and federal privacy laws and does not intend to deprive employees of the rights afforded to them by these statutes.
2. Employees who wish to report a communicable disease or who have questions regarding their reporting obligations under this policy may make confidential inquiries to the Director of Human Resources. Inquiries made regarding interpretation or application of this policy will remain strictly confidential. Any medical information received by the college regarding an employee's medical condition will be handled in accordance with this policy.
3. Employees shall not be denied access to the workplace solely on the grounds that they have possible symptoms of a communicable disease unless such exclusion is authorized by law. However, if employees are experiencing symptoms, they should seek medical treatment at their medical provider. In addition, employees are encouraged to stay home from work and not enter any college facility until such time as the symptoms subside and they have medical clearance to return to work.

Employee Policies

4. In the case of a pandemic or similar emergency as declared by local, state or national officials, the college is committed to adhere to the governmental guidelines for workplace safety as issued by state and federal agencies such as OSHA, the PA DOH and CDC. In these cases, the college will issue appropriate workplace directives which must be adhered to by all employees as a condition of employment. Such directives may include medical assessment or examination of employees such as taking body temperatures or other physical examination in the workplace. When such examinations or assessments are required, they will be done in accordance with state and federal law including procedures recommended by the Equal Employment Opportunity Commission for compliance with the Americans with Disabilities Act.
5. Employees who are infected with a communicable disease are expected to seek expert medical advice and are encouraged to advise appropriate health authorities. Local health authorities as well as the PA DOH and CDC can offer guidance and/or counseling to these employees about measures that can be taken to prevent the spread of infection and to protect their own health.
6. Medical information relating to the communicable disease of an employee will be kept strictly confidential and disclosed to responsible college officials only on a need-to-know basis in accordance with applicable law. No person, group, agency, insurer, employer, or institution will be provided any medical information without the prior specific written consent of an employee unless required by law.
7. If an employee reports a communicable disease condition, the employee may be excluded from the college until an appropriate evaluation of the employee's medical condition can be made. The evaluation may be made by a physician or a health department official and testing may be required if appropriate.
8. Employees who work in any School of Health Professions program may have additional requirements, as specified by each program's policy. These employees may be required to report all suspected communicable diseases.
9. The final determination of whether an employee who has contracted a communicable disease is able to remain at work will be made by the Executive Director of Human Resources based upon professional medical evaluation results and recommendations. The attendance an employee on campus or at any college activity may be prohibited until a satisfactory letter or certificate is obtained from one or more licensed physicians or public health officials stating that the employee is not a health risk to students and other employees at the college.

2.2.16 Data Handling Policy

Policy approved by the Board of Trustees – October 28, 2020

Policy approved by the Board of Trustees – June 26, 2024

Purpose

The purpose of this document is to provide guidance for protecting college data and/or information resources from unauthorized access or disclosure. The goal is to assure that every member of the Westmoreland County Community College (Westmoreland) community can identify non-public data and/or information and follow appropriate security precautions to protect the data and to avoid compromising the privacy rights of others or Westmoreland's institutional rights or obligations.

Scope

This policy applies to Westmoreland staff, faculty, students, associates, affiliates, contractors, volunteers, or visitors accessing college owned or managed data, in physical or electronic format.

Contacts

Direct questions about this policy to your area's Security Liaison or Data Governance leaders.

Data Classification Levels

Every member of the Westmoreland community should be able to identify the appropriate classification level of any data they are accessing or maintaining in electronic or physical form.

Data classification levels range from Level 0 (public) to Level 3 (highly restricted). **Any data and/or information other than Level 0 data is considered to be non-public data unless such data is required to be made available to the public by application of the Pennsylvania Right to Know Act (RTK).**

The four classification levels are:

Level 0—Public

- College data and/or information that is purposefully made available to the public.
- Disclosure of Level 0 data and/or information requires no authorization and may be freely disseminated without potential harm to the college.

Level 1 - Internal

- College owned or managed data that includes information that is not openly shared with the general public but is not specifically required to be protected by statute or regulation.

Employee Policies

- Unauthorized disclosure of Level 1 data and/or information would not result in direct financial loss or any legal, contractual, or regulatory violations, but might otherwise adversely impact the college, individuals, or affiliates.
- Level 1 data and/or information is intended for use by a designated workgroup, department, or group of individuals within the college.

Note: While some forms of internal data and/or information can be made available to the public, the Level 1 data and/or information is not freely disseminated without appropriate authorization.

Level 2 - Confidential/Sensitive

- College owned or managed data and/or information that is confidential business or personal information for which unauthorized disclosure could have a serious adverse impact on the college, individuals or affiliates.
- Level 2 data and/or information is intended for a very specific use and should not be disclosed except to those who have explicit authorization to review such data.
- There are often general statutory, regulatory or contractual requirements that require protection of the data.
- Regulations and laws that affect data in Level 2 include, but are not limited to, RTK the Family Educational Rights & Privacy Act (FERPA) and the Graham-Leach-Bliley Act (GLBA).

Level 3 - Highly Restricted

- College owned or managed data that is highly restricted business or personal information, for which unauthorized disclosure would result in significant financial loss to the college, impair its ability to conduct business, or result in a violation of contractual agreements or federal or state laws or regulations.
- Level 3 data and/or information is intended for very limited use and must not be disclosed except to those who have explicit authorization to view or use the data.
- There are often governing statutes, regulations, standards, or agreements with specific provisions that dictate how this type of data and/or information must be protected.
- Regulations and laws that affect Level 3 data and/or information include, but are not limited to, RTK, FERPA, Pennsylvania Personnel Records Inspection Act, the Health Insurance Portability and Accountability Act (HIPAA) and the Payment Card Industry Data Security Standard (PCI DSS).

Guidelines for Appropriate Data Handling

Whether data is downloaded from a system or application within Westmoreland's protected infrastructure or acquired by some other means, individuals must ensure that the security of the data is protected appropriate to the level of its classification. Data must also be retained in accordance with the Westmoreland College Record Retention Policy.

Level 3 Data

Due to its restricted nature, Level 3 data requires special handling. Some divisions/departments may handle Level 3 data as part of their business processes; however, that data should not be exported or stored outside of its secured location without express permission of the Data Governance Council.

Note: A limited number of enterprise applications such as an ERP (Enterprise Resource Planning) system or CMS (Content Management System) hold highly restricted Level 3 data. Access to this data is tightly controlled via specific permissions and management authorization. If unsure whether your business data may be stored in one of these systems, discuss it with a Security Liaison or Data Governance leaders.

Research Data

Research data and/or information is typically highly sensitive in nature or subject to special contractual requirements and its handling should be coordinated through the college's Institutional Review Board (IRB).

2.2.17 Policy on Political Campaign Activities

Policy approved by the Board of Trustees – January 27, 2021

Policy approved by the Board of Trustees – January 22, 2025

PURPOSE:

Westmoreland County Community College (Westmoreland) is committed to the principle of free expression, including the exchange of political viewpoints and ideas, for all members of its community. Westmoreland encourages its students and employees to fully participate in their rights of citizenship, including exercising the right to vote, campaign, and otherwise engage in the political life of our community, state and nation. Nothing in this Policy is intended to limit the rights of students or employees to express personal opinions or engage in political activity in their individual capacities and as private citizens.

However, certain types of politically-related activities by Westmoreland or by Westmoreland employees, in their official capacities, are incompatible with Westmoreland's tax-exempt status under the law. This Policy describes the limitations on Westmoreland involvement and the use of Westmoreland resources in political campaign activities.

SCOPE:

This Policy shall apply to all Westmoreland employees and students at all locations. This Policy does not apply to permissible lobbying and public policy education efforts.

DEFINITIONS:

Political Candidate: an individual who has publicly announced an intention to be a candidate for election to any public office or is being promoted publicly to join a race and become an official candidate. An incumbent public official is not a political candidate until he/she has publicly announced an intention to run for reelection or another public office.

Political Event: an event at which a political candidate speaks or is prominently featured; includes any event that has the purpose of promoting the election of a particular political candidate (e.g., debate, speech, rally). A classroom presentation by a political candidate at the request of the instructor of a credit or non-credit course is not a political event if the speaker is chosen solely for reasons other than candidacy for public office.

Westmoreland Resources: all Westmoreland property and services such as facilities/space, office equipment, telephones, email, postage, vehicles, Westmoreland name, logo, and other marks, letterhead, and technology resources such as websites and online discussion boards.

Westmoreland Sponsor: Westmoreland, a Westmoreland campus, academic department, administrative unit, or Westmoreland-affiliated organization (not including recognized student organizations).

POLICY:**General Statement**

It is Westmoreland's policy that it, and its employees and representatives, when acting in their official capacities for Westmoreland, may not, directly or indirectly, participate in, or intervene in, any political campaign on behalf of, or in opposition to, any candidate for elective public office. This includes campaigns at the federal, state, and local level.

Political campaign intervention extends beyond candidate endorsements, it includes any and all activities that favor or oppose one or more candidates for political office. For example, Westmoreland and its employees, may not engage in the following activities in their official capacity or on behalf of Westmoreland: solicit or make contributions to political campaign funds; make public statements of position in favor or in opposition to any candidate for public office (in written or oral form, including links to websites); distribute statements prepared by others that favor or oppose any candidate for public office (in written or oral form, including links to websites); or allow a candidate to use Westmoreland's resources without providing other candidates with an equivalent opportunity. Similarly, Students and Recognized Student Organizations are also prohibited from using appropriations from Westmoreland Student Activity Fees to contribute to a political campaign.

Voter education and registration activities are not prohibited by this Policy so long as they are carried out in a non-partisan manner and do not favor or oppose any of the candidates for elective public office. Furthermore, Westmoreland may host political forums and/or debates involving more than one candidate provided no candidate, directly or indirectly, receives an endorsement, preference, or support from Westmoreland. Finally, this Policy is not intended to limit non-partisan courses, coursework, curricular activities and other assignments designed to foster civic engagement, educate students, or enhance public understanding of the political election process.

Use of Westmoreland Resources for Political Events or Activities**A. Westmoreland-Sponsored Events**

1. **Inviting Political Candidates to Campus.** Westmoreland shall not endorse or oppose any political candidate for elected public office.  - a) **Approval.** A political event may be sponsored by Westmoreland, a Westmoreland campus, academic department or administrative unit only with the approval of the President or the President's designee.

 - f) No admission fee may be charged for such events.
 - g) No political fundraising activities may be conducted at such events.
2. **Inviting Individuals in their Non-Candidate Capacity.** The above mentioned terms and conditions do not apply when an individual is invited by Westmoreland in their official capacity (e.g., as a sitting public official, field expert, public figure/celebrity) and not in their capacity as a political candidate. For such events, a non-partisan atmosphere should be maintained and the individual must only speak in their non-candidate capacity and make no reference to the election. Communications regarding the event should indicate the capacity in which the individual is appearing and should not mention the individual's candidacy or the election.

B. By Recognized Student Organizations ("RSO"s)

- 1. **Inviting Political Candidates to Campus.** RSO's seeking to sponsor a political event on campus must do so in accordance with the policies and procedures established by Student Affairs for student organization-sponsored events in general.
 - a) Approval and Notice. The sponsorship must be approved by the organization's leadership and advisor (if applicable), and the Office of the President and Vice President of Administrative Services must be notified prior to reserving campus facilities for the event.

 - e) Westmoreland Indicia. Name, marks, logos, etc. may be used to identify the location of such an event but not in such a way as to suggest that the event is officially endorsed or sponsored by Westmoreland.
2. **Other Political Campaign Activities.** Students and RSOs are encouraged to help educate and inform students about elections, including urging students to exercise their right to vote, and are also free to express their views about political parties, candidates and ballot issues. Students and RSOs are permitted to use student activities fees to support their own expressive activities and viewpoints on public policy issues and other interests and, as noted above, may sponsor events for candidates so long as they comply with the rules and regulations governing student organization-sponsored events. However, funds from the Westmoreland Student Activity Fee may not be used in such a way that could constitute a gift, donation or contribution to a political campaign. This includes purchasing promotional material (not including materials used to promote an RSO-sponsored event) or paying for campaign advertising for a political candidate or organization, providing an honorarium or travel costs to a political candidate or organization, or otherwise contributing to a political campaign.

C. By External, Non-Westmoreland Individuals or Groups

1. Approval and Use of Westmoreland Resources. A candidate, campaign, political party, or other political organization may request to rent Westmoreland facilities that otherwise are available for rent generally by external groups. Campus facilities may be made available for such events in accordance with applicable facilities use policies and any associated guidelines.
2. Publicity. Promotional material for the candidate or campaign event may not state or imply that the Westmoreland endorses a political candidate or any position of a candidate. Requests for press conferences or similar events on campus, by or on behalf of political candidates or their campaigns are subject to this Policy.
3. Costs and Expenses. The political candidate or political organization must pay the full facility use charge and otherwise comply with applicable facilities use policies. The political candidate or political organization must also pay all ancillary service costs associated with the event, including, but not limited to, security, custodial, parking, audio-visual equipment set-up and operation, and the like. All facility use charges and the estimated ancillary service costs must be paid in full.

4. Westmoreland Indicia. Name, marks, logos, etc. may be used to identify the location of such an event but not in such a way as to suggest that the event is officially endorsed or sponsored by the Westmoreland.

D. By Westmoreland Employees

Westmoreland employees and representatives, in their official capacities for Westmoreland, may not participate or intervene, directly or indirectly, in any political campaign on behalf of, or in opposition to, any candidate for public office. Westmoreland employees and representatives are also prohibited from using any Westmoreland resources (e.g., facilities, funds, vehicles, copy machines, e-mail, telephones, office supplies, and mailing services) for political campaign activities, unless expressly permitted in this Policy. This includes use of Westmoreland seal, letterhead, symbols, or other proprietary marks of Westmoreland in any communication or activity that endorses a political party, campaign, or candidate.

Westmoreland employees and representatives may, in their personal capacity as a private citizen, make any political statement. If an employee's political statement or activity, in light of all of the circumstances, including the employee's affiliation with Westmoreland, could reasonably cause others to perceive the employee's statements or activities to be on behalf of the Westmoreland, then such employee is expected to make clear, by an appropriate disclaimer if possible, that the statements and activities are undertaken in the employee's individual capacity and do not represent the position of Westmoreland. Nothing in this Policy is intended to limit or prohibit an employee's ability, in their personal capacity and on their own time, to become a member in any political party, make personal contributions to a political candidate or organization, or otherwise participate in a political campaign.

This Policy is also not intended to limit public political statements made by Westmoreland employees outside of their official capacity, the scholarly research of Westmoreland faculty members or the dissemination of factual material and scholarship. Pursuant to existing Westmoreland Policy on academic freedom, this Policy shall not be construed to prohibit faculty from expressing personal political views in their instructional role, provided that the faculty member does not advocate or oppose a political candidate or claim to speak on behalf of Westmoreland.

Campus Visits by Political Candidates and Political Dignitaries

The Office of the President and the Office of the Vice President of Administrative Services must be notified prior to the visit of any political candidate (whether the visit is at the request of Westmoreland, a Westmoreland Sponsor, a Recognized Student Organization, or a Non-Westmoreland Group renting Westmoreland Facilities) to any campus.

If an employee's part-time teaching assignment (credit or noncredit) overlaps with their normal work schedule, absent extenuating circumstances, this process must be followed:

- If the employee's supervisor approves, the form must be submitted to the respective Cabinet leader for a final determination. If approved, the completed form must be submitted to the Human Resources Department.

3 Academic Student Policies

The following pages contain detailed policies relative to academics and students of Westmoreland County Community College.

3.1 Staff Publication

Policy approved by the Board of Trustees – June 26, 1991

Policy approved by the Board of Trustees – April 26, 2023

Policy:

A faculty member shall not realize profit from sales to students of textbooks, or any other instructional materials, that is subsidy or self-published. Materials produced in this way may only be sold at cost, including documented publication fees. This policy does not apply to commercially published items.

Definitions:

A commercial publisher distributes books under its own imprint. It purchases manuscripts from authors, and handles the cost of producing those manuscripts: Cover and interior design, typesetting, printing, marketing, distribution, etc. The author is not expected to pay any of these costs. The books are owned by the publisher and remain in the publisher's possession until sold; the author receives a portion of sales in the form of royalties.

A subsidy publisher also distributes books under its own imprint. However, it does not purchase manuscripts; instead, it asks authors to pay for the cost of publication. With the exception of certain types of publishers such as university or scholarly presses, any publisher that requests a fee from the author is a subsidy publisher. As with commercial publishers, the books are owned by the publisher and remain in the publisher's possession; authors receive royalties.

A self-publisher is an author who pays for the cost of designing, printing, and distributing his or her book. Frequently, the author invents and registers a publishing "imprint." Self-published books are the property of the author and usually remain in the author's possession; all sales proceeds belong to the author.

Former students who wish to return after a lapse of two years must submit a new Application for Admissions. A re-entering student who has attended any other institution since leaving Westmoreland must request that an official transcript from each school be sent directly to the Office of the Registrar.

This petition may be made only after completion of 12 additional college-level credits after the student returns with a grade point average of 2.0 or higher for these 12 credits. Once approved, previously earned credits with D and F grades are not used for calculating the student's grade point average, however, they remain on the transcript with an appropriate notation. Students should meet with the counselor or their faculty advisor to initiate the process. This is not included in the Satisfactory Academic Progress for federal financial aid, and is only applicable to the student's Westmoreland GPA.

3.10 Code of Student Conduct

Policy approved by the Board of Trustees – January 25, 2017

Policy approved by the Board of Trustees – October 26, 2022

Purpose and Rationale

Westmoreland County Community College (Westmoreland) is a learning-centered college focused on student success thus a positive educational environment is imperative. In order to ensure the health, safety, protection, and positive learning environment, Westmoreland has established the Code of Student Conduct.

Westmoreland holds that the purpose of the policies regarding the student conduct and disciplinary process is to establish guidelines for the educational environment within the College. Further, Westmoreland views the student conduct in a holistic and developmental manner; thereby, seeking educational growth and development throughout the process.

Whereas Westmoreland is a learning-centered environment, every member of the campus community should familiarize themselves with the Code of Student Conduct, Student Handbook, and College Catalog.

Statement of Jurisdiction and Authority of Administration of the Code of Student Conduct

The following policies and procedures regarding conduct and disciplinary action are applicable to any Westmoreland location or function, the use of College properties, College-sponsored events and activities on or off campus. Westmoreland reserves the right to take any necessary and/or appropriate steps to protect the safety and well-being of the campus community. While Westmoreland's jurisdiction will generally be limited to conduct occurring on campus properties or at Westmoreland sponsored activities, a student who is charged with a crime as a result of off campus behavior, and who represents a risk to the reputation, health, or safety of the campus community may also be subjected to the Student Code of Behavioral Conduct disciplinary process. Finally, jurisdiction may be extended when a student, or student organization, commits a prohibited act off campus against a student, faculty, or employee of Westmoreland, or the College itself, when such an act is related to the student or accuser's status within the College.

The Vice President of Enrollment Management has been designated by the College President as the person responsible for implementing and enforcing the Code of Student Conduct. In cases where conflicts of interest arise, the Vice President of Enrollment Management's designee will coordinate the process.

In accordance with the HEA regulations, the Financial Aid Office will monitor SAP after grades are posted at the end of each term (fall, spring, and summer).

Satisfactory Academic Progress (SAP) Standards:

- **Qualitative Standard** (Cumulative Grade Point Average) –A student must maintain a minimum cumulative grade point average of 2.0. Cumulative GPA is calculated by dividing the total number of quality points earned by the total credit hours attempted for which the student received grades. Credit hours attempted will be cumulative and will include all hours for which the student was enrolled as of the census date, defined as the day following the last day for registration and payment as outlined in the College catalog, of each academic term, or for which the student received a grade.
- **Quantitative Standard** (Completion Rate) –A student must maintain a minimum cumulative completion rate of 67%. A student's completion rate can be calculated by dividing the number of credit hours completed by the number of credit hours attempted. Transfer credits should count as both attempted and completed credits.
- **Maximum Timeframe** –A student must successfully complete the program of study within its timeframe. Federal regulations specify that the timeframe may not exceed 150% of the published length of the program. When students exceed the timeframe for their programs of study, they are no longer eligible to receive financial aid. However, students can submit an appeal to have their eligibility extended if there are extenuating circumstances

Satisfactory Academic Progress Review

Students are evaluated at the end of each academic term (fall, spring and summer). A student with a status of Unsatisfactory may either appeal to have their financial aid eligibility reinstated, or may notify the Financial Aid Office when they are meeting the Satisfactory Academic Progress policy. The appeal procedure is detailed in the College catalog. The review process will assign a status for each student of:

- **SATISFACTORY:** Student has met progress standards and is eligible for aid for the following semester or academic year.
- **WARNING:** Student has not met progress standards, but may continue receiving federal aid. Student is encouraged to seek tutoring to assist with the improvement of his/her GPA and progress. A student in the 'Warning' category is calculated based on cumulative evaluation through prior term enrollment.
- **UNSATISFACTORY:** Students who fail to meet the conditions of a Warning, which are to maintain a minimum cumulative GPA of 2.0 and a minimum cumulative completion rate of 67%, will be placed on Unsatisfactory. Students who are placed on Unsatisfactory forfeit their financial aid.
- **MAXIMUM TIME-FRAME:** A student is no longer eligible to receive Federal or State financial aid due to having exceeded the maximum allowed credits for earning his/her program of study. Students submitting a Maximum Time Frame Appeal must include an Academic Plan reflecting the date for completion of their program of study. The advisor or counselor must sign the academic plan prior to submittal.

Academic Student Policies

- **PROBATION:** Probation occurs when students on Unsatisfactory or Maximum Time Frame have had their SAP appeal and Academic Plan approved by the Satisfactory Academic Progress Appeal's Committee for financial aid reinstatement. Students in the status of probation will have their financial aid eligibility reinstated for one more semester. A student on probation may not receive aid for the subsequent payment period unless:
 - The student is now meeting the financial aid Satisfactory Academic Progress policy at the end of the probation period (semester); or
 - The student adheres to the financial aid student academic plan.
- **CONTINUED PROBATION:** Students may remain on Continued Probation status for as long as needed to raise their cumulative GPA above a 2.0 as long as they maintain a 2.3 term GPA each semester and complete at least 6 credit hours in the Fall and Spring, and 3 credit hours in the Summer. Students with a completion rate of less than 67%, must complete all attempted classes taken during the probation period to remain on continued probation. That means that each continued probation student would have to make a 2.3 GPA in the classes they are currently enrolled in and not withdraw or make failing grades. The student will be cleared from probation when their cumulative GPA reaches a 2.0 or higher and/or their completion rate is 67%. Student will be required to submit an appeal request and be approved for each term of continued probation.
- **DENIED:** If the appeal is denied by the SAP Appeal's Committee, no further financial aid will be awarded to the student until the conditions of the SAP policy have been met. The student will be responsible for the payment of all tuition, fees, book charges, and any other costs associated with enrollment. The student may reapply for appeal in subsequent terms if they do not regain satisfactory academic progress after one term after being denied an appeal.

Appeal/Review Deadlines

Students wishing to appeal their SAP status of 'Unsatisfactory' must submit their SAP appeal form with relevant supporting documentation to the Office of Financial Aid no later than the Census date for each term. Please refer to the Satisfactory Academic Progress Procedures on the www.westmoreland.edu website.

Regaining Eligibility

If a student fails to meet the satisfactory academic progress standards, but meets the standards later at some point, the student can once again be eligible to receive federal Title IV aid. In such cases, financial aid eligibility will begin with the academic semester after which the student re-establishes progress. It is the student's responsibility to contact the Westmoreland Financial Aid Office after completing coursework that allows the student to regain eligibility for financial aid. Students cannot regain eligibility while a term for which they were not previously eligible is still in session. Students must complete the term and regain satisfactory academic progress to be eligible for federal Title IV aid for the next term.

Academic Student Policies

Developmental Coursework

Developmental credits for which students receive a letter grade (not pass/fail) are calculated in Satisfactory Academic Progress for GPA. Developmental credits are also counted towards credits attempted, but are not included in the Maximum Time Frame calculation. Note: Maximum of 30 attempted Developmental credits are funded with federal financial aid. This restriction holds for all the federal grants and loans described on this site. You can, however, still receive federal financial aid payments for credit bearing course work, subject to your ability to meet the Satisfactory Academic Progress Policy.

Repeated Courses

All Repeated courses will be counted in the total number of attempted credits for SAP calculation. The school will use the most recent letter grade earned for the course towards the GPA calculation for SAP. A student who passes a course (with a letter grade of D or higher, may retake the class one additional time and receive financial aid for that course. W grades do not count against total number of retakes

Incompletes

Courses with an "I" (incomplete) will be considered as courses attempted, but not successfully completed. Although Westmoreland's academic policy provides students up to an additional semester to complete an incomplete (I) grade, one or more "I" grades can adversely affect the Minimum 67% Pace of Completion component of the Satisfactory Academic Progress Policy. The incomplete automatically changes to an F grade if work is not completed by the date specified by the instructor, not to exceed one semester. At the end of the following semester, whatever grade is earned for the incomplete course will be used in the SAP calculation for that term. Previous SAP calculations will not be adjusted for an "I" grade that has been converted after the calculation was completed unless the "I" grade was originally posted in error.

Transfer Credits

Transfer credits accepted by Westmoreland County Community College will be included in overall attempted credits, but not the GPA calculation. Attempted credits will be used in the calculation of Maximum Time Frame and Completion rate.

Change in Program

A change of program does **not** "reset" SAP. All attempted and completed credits are used when calculating GPA, Completion Rate, and Maximum Time Frame. Students must make sure that they have their correct program of study "active" on their school record and must only take coursework that is required to complete that program of study. SAP evaluation is completed on the most recently added, highest level, "active" program on a student's record.

Self-Paid Enrollment

All periods of enrollment at Westmoreland must be included when calculating SAP regardless of whether or not federal financial aid was previously received.

Academic Student Policies

Notification

Students will be notified via the student's Westmoreland email account. It is also the responsibility of the student to be aware of these guidelines and his/her academic progress in his/her educational program.

Academic progress requirements for state grant programs can vary from the federal academic progress policy. Academic progress requirements for the Pennsylvania State Grant are communicated directly to recipients with their state grant notification by PHEAA (Pennsylvania Higher Education Assistance Agency); questions about appeals for Pennsylvania State Grant eligibility must be directed to PHEAA at 1-800-692-7392 or www.pheaa.org.

Westmoreland may exclude a service animal if the animal is not housebroken; would pose a direct threat to the health, safety, or property of others that cannot be reduced or eliminated by reasonable accommodation; is out of control and the individual does not take effective action to control; would fundamentally alter the nature of a program or activity; or is not being cared for by the individual.

3.18 Transgender Student Policy Related to Gender Identity and Expression

Policy approved by the Board of Trustees – August 24, 2016

Policy approved by the Board of Trustees – October 26, 2022

Westmoreland County Community College has created policies intended to provide direction for people on campus with varied gender expressions.

Purpose

This policy sets forth guidelines to address the needs of transgender, non-binary and gender non-conforming students. Westmoreland Community College is committed to creating a safe campus environment for transgender, non-binary & gender non-conforming students. This policy cannot anticipate every situation that might occur with respect to transgender, non-binary & gender non-conforming students as the needs of each individual must be assessed on a case-by-case basis. In all cases, the goal is to ensure the safety, comfort, and healthy development of transgender, non-binary & gender non-conforming students while maximizing integration and minimizing stigmatization of the individual. Students who are considering or are in the process of transitioning to the gender they identify with, should consult with their campus Student Success staff for guidance and assistance with their transition in the campus environment. Likewise, any transgender, non-binary & gender non-conforming student who believes they have been discriminated or retaliated against, for any reason, should contact the College Title IX Officer.

Scope

This applies to credit and noncredit College students.

Names & Pronouns

Using appropriate names and pronouns is an important way of establishing norms of respect with the students.. For everyone, using appropriate names and pronouns signals your willingness to be inclusive. A student has the right to be addressed by the name and pronoun that corresponds with an individual's gender identity. A court-ordered name or formal surgical or medical gender change is not required. Additionally, transgender students have the right to dress in a manner consistent with their gender identity, consistent with College policy.

Privacy

All students have the right to discuss their gender identity openly, or to keep that information private. College administrators, faculty and staff should not disclose information that may reveal an individual's transgender, non-binary and gender non-conforming presentation to others unless or until the individual student requests or consents to such disclosure.

OFFICIAL STUDENT RECORDS

Legal Name Change

If a student has legally changed their name, then legal documentation must be provided so that academic records can be updated accordingly. Students can refer to the Student Handbook or the Student Portal for additional procedures.

Preferred Name Change

The college recognizes that as a community many of its members use names other than their legal names to identify themselves. The college acknowledges that a “preferred name” can and should be used wherever possible in the course of college business and education. To foster a College environment that is inclusive and that encourages self-expression, Westmoreland has established guidelines whereby any current student may use a chosen first name on campus. We strive to have this name used wherever their legal names are required by law, industry standard, or strong business need.

Restroom/Locker Room Accessibility

Gender-inclusive (GI) restrooms are available in some campus buildings. Gender-inclusive restrooms provide a safe and comfortable facility for all, regardless of gender identity and expression. All students have a right to safe and appropriate restroom facilities, including the right to use the restroom that corresponds to the student’s gender identity.

DEFINITIONS

Sex assigned at birth - The sex, male, female or intersex, that a doctor or midwife uses to describe a child at birth based on their external anatomy. Also referred to as biological or legal sex.

Gender Spectrum - The concept that gender exists beyond a simple man/woman binary model but instead exists on a continuum. Some people fall towards more masculine or feminine aspects, some people move fluidly along the spectrum, and some exist off the spectrum entirely.

Gender identity - One’s innermost concept of self as male, female, a blend of both or neither – how individuals perceive themselves and what they call themselves. One’s gender identity can be the same or different from their sex assigned at birth.

Cisgender - A term used to describe a person whose gender identity aligns with those typically associated with the sex assigned to them at birth.

Transgender - An umbrella term for people whose gender identity and/or expression is different from cultural expectations based on the sex they were assigned at birth. Being transgender does not imply any specific sexual orientation. Therefore, transgender people may identify as straight, gay, lesbian, bisexual, etc.

Non-binary - An adjective describing a person who does not identify exclusively as a man or a woman. Non-binary people may identify as being both a man and a woman, somewhere in between, or as

Academic Student Policies

falling completely outside these categories. While many also identify as transgender, not all non-binary people do. Non-binary can also be used as an umbrella term encompassing identities such as agender, bigender, genderqueer or gender-fluid.

Gender non-conforming (GNC) - An umbrella term for those who do not follow gender stereotypes, about how they should look or act based on the female or male sex they were assigned at birth.

Gender-fluid - A person who does not identify with a single fixed gender or has a fluid or unfixed gender identity.

Gender expression - External appearance of one's gender identity, usually expressed through behavior, clothing, body characteristics or voice, and which may or may not conform to socially defined behaviors and characteristics typically associated with being either masculine or feminine.

Title - This includes a prefix such as "Mr.," "Mrs.," "Miss" and "Ms.," and "Mx." **Legal Name** - The name legally given to an individual, reflected on a birth certificate, a court order, or certificate of naturalization.

Preferred (or Chosen Name) - A chosen name (sometimes known as a preferred name, a nickname, or a name-in-use) is the use of a name, usually a first name, that is different from a person's legal name. There are many reasons why someone may use a chosen name.

Personal (or Preferred) Pronoun - Pronouns are how we refer to each other in the third person and serve as a reflection of gender identity and expression. Similar to using a chosen name, respecting the pronouns of a student, faculty or staff member supports a positive and inclusive campus culture. ie. She/Her/Hers, He/Him/His, They/Them/Theirs, Ze/Hir/Hirs.

3.19 Teaching Faculty Qualifications

Policy approved by the Board of Trustees – October 26, 2016

Policy approved by the Board of Trustees – December 14, 2022

Faculty members must meet the college's requirements, as outlined in the Faculty Qualifications Manual, to teach credit courses at Westmoreland College. These requirements include those of applicable professional accrediting and/or approval agencies.

Academic degrees presented for credentialing will be awarded from regionally accredited institutions. In the event that the faculty member is a graduate of an institution outside of the United States, a further review of credentials will be conducted at the applicant's expense to ensure appropriate academic preparation.

A limited exemption renewal may be granted to faculty on a semester-by-semester basis if qualified faculty in any course classification are not available to instruct courses. The academic dean and a mentor within the teaching discipline will work closely with the instructor to develop an instructional and professional development plan. Approval for a limited exemption will be submitted with accompanying documentation to the Vice President of Academic Affairs.

3.20 Transfer Credit

Policy approved by the Board of Trustees – October 24, 2018

Policy approved by the Board of Trustees – December 9, 2020

Policy approved by the Board of Trustees – May 24, 2023

Westmoreland County Community College will observe the following provisions in accepting transfer credit from other postsecondary institutions.

The consideration of transfer credits or recognition of degrees will not be determined exclusively on the basis of the accreditation of the sending institution or the mode of delivery but, rather, will consider course equivalencies, including expected learning outcomes, with those of the College's curricula and standards.

Maximum

There is no limit on the number of transfer hours that can be accepted. Students must meet residency requirements (See Policy 3.10) at Westmoreland County Community College for completion.

Transcripts

Before transfer credit is entered on the permanent record, a student must provide the college with an official transcript issued by the institution granting the credit.

Appeal Procedures

It is possible that errors in the articulation of course work, or omission of prior coursework can occur. In the event a student believes that this has happened, the appeal procedure is as follows:

- A. Students should first contact the Records office to discuss the evaluation results and provide any additional documentation needed to assist with the review.
- B. If the issue is not resolved, the student should complete the Transfer Credit Appeals form to the Registrar. The Registrar will communicate with the appropriate academic dean for further guidance and communicate the final decision to the student in writing within ten (10) working days. The decision is final.
- C. Appeals must be submitted no later than four months after the completion of the initial evaluation.

3.21 Credit for Prior Learning

Policy approved by the Board of Trustees – October 24, 2018

Policy approved by the Board of Trustees – December 14, 2022

Students may earn academic credit in certain college courses if they have gained skills and/or knowledge from previous education, occupational training and experiences, and/or self-study. In some programs, students may be permitted to start at a more advanced level if they can demonstrate college-level competency substantively similar in nature and quality to the competency they would acquire in courses offered by the College. Please refer to the Credit for Prior Learning Handbook for specifics on earning this credit.

The areas, number of credit hours granted, and scores required on examinations will be reviewed annually and recommended by the Academic Affairs Committee.

No more than 50% of the program conferred by Westmoreland County Community College can be earned through credit for prior learning.

Academic Student Policies

3.22 Credit Hour

Policy approved by the Board of Trustees – October 24, 2018

Policy approved by the Board of Trustees – January 23, 2023

Purpose

The purpose of this policy is to provide documentation regarding the College's procedure for determining credit hours awarded for on-ground, online, and blended courses pertaining to its programs and coursework. Credit hours may be calculated differently for other modes of instruction, such as labs, practicums, clinical, internships, and directed study. Programs should clearly state course objectives, learning outcomes, workload expectations, and credit hours awarded for these specific types of learning environments.

Regulations

The College complies with credit hour guidelines and policies set by the Pennsylvania Department of Education, the United States Department of Education, and the Middle States Commission on Higher Education.

The U.S. Department of Education defines a credit hour as

"...an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates not less than-

(1) One hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time; or

(2) At least an equivalent amount of work as required in paragraph (1) of this definition for other academic activities as established by the institution including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours." (34 CFR 600.2)

At Westmoreland County Community College, the semester credit hour is the basic unit of academic credit. One semester credit is equivalent to one 50-minute faculty instruction time per week for 15 weeks, and a minimum of two hours of out of class student work per credit hour per week.

Credits Awarded	Minimum Contact Time per Week for 15 Weeks	Minimum Instructional Time over a 15-Week Period	Minimum Student Work Outside of Class Per Week
1	50 minutes	750 minutes	100 minutes
2	100 minutes	1,500 minutes	200 minutes
3	150 minutes	2,250 minutes	300 minutes
4	200 minutes	3,000 minutes	400 minutes
5	250 minutes	3,750 minutes	500 minutes

Academic Student Policies

Westmoreland adheres to these credit hour requirements for on-ground, online, and blended classes regardless of the length of term.

Definitions

College-Level Courses - A college-level course is a course that meets college-level standards. Credits earned in a college-level course apply toward the requirements of a certificate, diploma, or degree. These courses are numbered 100 and over and are calculated into the grade point average.

- Students with a GED or HiSet score meeting specific scores in the last 5 years. Rubrics are available during placement assessment and educational planning.

Academic Student Policies

Appeal Process

Students will be informed of an appeal process if they are dissatisfied with placement in composition or mathematics. Exceptions to placement may be granted by the appropriate dean or designee.

Process for Amending

The Westmoreland data team will review results annually. If changes are recommended based on solid data, the proposal will be presented first to the deans meeting and shared with faculty. Policy approved by the Board of Trustees – May 22, 2019

Policy approved by the Board of Trustees – April 26, 2023

Policy approved by the Board of Trustees – April 23, 2025

References: Pennsylvania Senate Bill 1090, amending Title 18 of the Pennsylvania Consolidated Statutes by adding a chapter Chapter 28, Anti-hazing.

Policy: All acts of hazing are prohibited at Westmoreland County Community College. No Westmoreland student, individually or as part of a registered student club or organization, is permitted to engage in behavior that is likely to cause physical or psychological harm to any other person within the college community. Such behavior is a violation of this policy, the Code of Student Conduct, and may be considered a criminal act in the Commonwealth of Pennsylvania.

Policy Overview and PA Law:

All acts of hazing are prohibited. No student or Westmoreland County Community College registered student club or organization shall engage in an act that is likely to cause physical or psychological harm to any other person within the college community.

Under the Pennsylvania Crimes Code, 18 Pa.C.S. §§ 2801 et seq., hazing is defined as follows:

A person commits the offense of hazing if the person intentionally, knowingly or recklessly, for the purpose of initiating, admitting or affiliating a minor or student, applicant or admitted individual into or with an organization, or for the purpose of continuing or enhancing a minor or student, applicant or admitted individual membership or status in an organization, causes, coerces or forces a minor or student, applicant or admitted individual to do any of the following:

- 1) Violate federal or state criminal law;
- 2) Consume any food, drink, alcoholic liquid, drug or other substance that subjects the minor or current student, applicant or individual to a risk of emotional or physical harm;
- 3) Endure brutality of a physical nature, including whipping, beating, branding, calisthenics or exposure to the elements;
- 4) Endure brutality of a mental nature, including activity adversely affecting the mental health or dignity of the individual, sleep deprivation, exclusion from social contact or conduct that could result in extreme embarrassment;
- 5) Endure brutality of a sexual nature; and
- 6) Endure any other activity that creates a reasonable likelihood of bodily injury to the minor or student, applicant or admitted individual.

The definition of hazing does not include reasonable and customary athletic, law enforcement or military training, contests, competitions or events.

Academic Student Policies

Hazing is also a crime and constitutes a summary offense. If the hazing results in or creates a reasonable likelihood of bodily injury to a minor or student, applicant or admitted individual, it is a misdemeanor of the third degree.

Aggravated hazing, a felony of the third degree, results from hazing that causes serious bodily injury or death to a minor or student, coercion or the force of alcoholic consumption or drug by the minor or student.

The College, and organizations, are subject to criminal penalties for intentionally, knowingly and recklessly promoting or facilitating hazing or aggravated hazing.

Consent is not a defense to a criminal charge of hazing or a charge under the College's Code of Student Conduct.

Definitions

Organization(s) - An association, corporation, fraternity, sorority, order, society, corps, club or service, social or similar group, whose members are primarily minors, students or alumni of the organization, or the College.

Hazing - Any action, situation, activity or complicity in activity, which recklessly or intentionally endangers the mental, emotional, and/or physical health or safety of a student or alumnus or which willfully destroys or removes public or private property for the purpose of initiation or admission into or affiliation with, or as a condition for continued membership in any College organization.

Reporting

All individuals within the college community, i.e., students, staff, faculty, and administrators have a responsibility to report acts of hazing. A reporting form can be found in the Student Life section of the official college website under the Campus Security page.

Any individual student or student group found responsible for hazing or participating in hazing activities is subject to disciplinary action by the College as well as possible criminal prosecution under the Commonwealth of Pennsylvania Law.

Policy approved by the Board of Trustees – April 26, 2023

Westmoreland County Community College will adhere to the provision of the U.S. copyright law (Title 17, United States Code, Section 101 et. seq.), including the Digital Millennium Copyright Act (DCMA) and the Technology Education and Copyright Harmonization Act (TEACH Act), and other federal copyright laws as they are adopted. Students are required to comply with all local, state, federal, and international copyright laws, and with college policies regarding the use of copyright-protected materials at Westmoreland. Whenever copyright protected works are used and fair use does not clearly apply, Westmoreland requires students to obtain written permission from the copyright owner. Downloading, uploading or transmitting files containing copyright protected works without the permission of the copyright owner is prohibited by Westmoreland policy- a violation of which may subject an infringer to Westmoreland disciplinary action, is illegal, infringes the copyright owner's rights, and may result in legal liability for the infringer and the Westmoreland.

Copyright Policy and the Law

Copyright protection subsists, in accordance with United States Copyright Law, 17 U.S.C. 101–1332, in original works of authorship fixed in any tangible medium of expression, now known or later developed, from which they can be perceived, reproduced, or otherwise communicated, either directly or with the aid of a machine or device. Guidelines as Outline in the "Agreement on Guidelines for Classroom Copying in Not-for-Profit Educational Institutions"

The purpose of the "Agreement on Guidelines for Classroom Copying in Not-for-Profit Educational Institutions" and "Guidelines for Educational Uses of Music" is to state the minimum and not the maximum standards of educational fair use under 17 U.S.C 107. The guidelines are not intended to limit the types of copying permitted under the standards of fair use under judicial decision and which are stated in Section 107. There may be instances in which copying that does not fall within the guidelines may nonetheless be permitted under the criteria of fair use.

Prohibited Use

Fair use guidelines exempt, the following are prohibited actions:

1. Copying of print materials and sheet music to create or replace or substitute for anthologies, compilations, or collective works. This prohibition against replacement or substitution applies whether copies of various works or excerpts are accumulated, or reproduced and used separately.
2. The use of its technology systems, including, without limitation, use of its website, email system, intranet, digital studios, computer labs, and bulletin board systems ("Technology Resources") in connection with illegal activities, including such activities as circumvention of access control or copy protection technology, unauthorized file sharing, or other methods of downloading, copying, distributing, or sharing copyright-protected works without the permission of the copyright owner, or in connection with making copyright protected materials available for

downloading, copying, distributing, or sharing by others without the permission of the copyright owner.

3. Copying of or from works intended to be "consumable" in the course of study or teaching. These works include workbooks, exercises, standardized tests, test booklets, answer sheets, and like consumable material.
4. Copying without inclusion of the copyright notice that appears on the printed copy.

Copyright Infringement

Anyone who violates any of the exclusive rights of the copyright owner or of the author as provided in 17 U.S.C. 106A(a) is an infringer of the copyright or right of the author. The legal or beneficial owner of an exclusive right under a copyright is entitled, subject to the requirements of 17 U.S.C. 411, to institute an action for any infringement of that particular right committed while he or she is the owner of it. 17 U.S.C. 501(a)–(b)

Westmoreland has the right, but not the obligation, to monitor and review any use of the Technology Resources. Westmoreland may monitor user IDs and passwords used to access the Technology Resources, may review information stored or sent using the Technology Resources (including emails and attached files), and may remove and save a copy of such information in Westmoreland's sole discretion.

Westmoreland may utilize technological methods such as traffic shaping, content filtering, or user tracking to identify, block, and/or thwart activities deemed in Westmoreland's sole discretion to be potentially illegal or necessary to conserve the Technology Resources or manage their usage. Westmoreland may retain copies of any information stored on or sent using Westmoreland's Technology Resources, even if the originator of such information deleted such information.

Westmoreland reserves the right to restrict or terminate user access to the Technology Systems or to disable a user ID and/or password at any time without notice if Westmoreland believes that the user has violated this policy, or any state or federal law. Westmoreland reserves the right at all times to disclose, without notice to the user, any information necessary to satisfy any applicable law, regulation, legal process or governmental request, or to edit, refuse to post or to remove any information or materials, in whole or in part, in Westmoreland's sole discretion if Westmoreland believes a user has violated any of portion of this policy or any other Westmoreland policies or guidelines.

Westmoreland investigates notices of copyright infringement submitted to Westmoreland's designated copyright agent and takes appropriate actions under the DMCA, including removal of infringing materials from the Westmoreland website. Students are responsible for reading, understanding, and personally complying with this policy and all other Information Technologies policies set forth in the Student Handbook. Students who violate Westmoreland's policies are subject to disciplinary action by the College, which may include termination of access to the Technology Systems, disciplinary probation, suspension, and dismissal from Westmoreland, as further provided in Westmoreland's

Academic Student Policies

student policies. In addition, a student may face personal legal liability, including civil and criminal penalties for infringement of copyright and other intellectual property laws, which may include injunctions restraining infringing activities, monetary damages, prison time, attorney's fees, and court costs.

3.30 Public Speech

Policy approved by the Board of Trustees – April 28, 2021

Purpose

To embrace free speech and the right of free expression of the members of the Westmoreland County Community College campus and balance those rights with protections against unlawful activity in accordance with the First Amendment to the Constitution of the United States, Article I, Section 7 of the Constitution of Pennsylvania.

Policy

Westmoreland County Community College is an institution of higher education and its campuses are devoted to the pursuit of learning and the advancement of knowledge through the free exchange of ideas. The free exchange of ideas includes not only the right to speak but the right to listen. The institution must be a place where all ideas may be expressed freely and where no alternative is withheld from consideration. The only limits on these freedoms are those dictated by law and those necessary to protect the rights of other members of the institution community and to ensure the normal functioning of the institution.

The freedom of expression does not mean that individuals or groups may say whatever they wish, whenever they wish, and wherever they wish. Public expression in the form of speech and advocacy may be exercised at such times and places and in such a manner as to assure orderly conduct, the least possible interference with college responsibilities as an educational institution, protection of the rights of individuals in the use of college facilities, and reasonable protection of persons against practices that would make them involuntary audiences.

The college may restrict expression that violates the law, falsely defames a specific individual, constitutes a genuine threat or unlawful discrimination, or unjustifiably invades substantial privacy or confidentiality interests except for in cases of off-campus speech. These are narrow exceptions to the general principle of freedom of expression, and it is vitally important that these exceptions never be used in a manner inconsistent with the college's commitment to a free and open discussion of ideas.

Scope

The Public Speech Policy applies to Westmoreland County Community College students, faculty, staff, and volunteers as well as vendors and other non-College individuals, entities, and their representatives.

Faculty, Staff, and Students

Faculty, staff, and students have the freedom to discuss any problem that presents itself, as the First Amendment permits and shall be permitted to assemble and engage in spontaneous expressive activity as long as such activity is lawful, refrains from "obscenities," and does not materially and substantially disrupt the normal functioning of the institution, subject to the requirements of this policy.

Academic Student Policies

Non-Westmoreland County Community College Individuals or Organizations

Non-Westmoreland individuals and organizations and invited guests sponsored by College organizations are expected to uphold the institution's values by carefully planning safe and thoughtful experiences for those involved. Hosts are responsible for the behavior of their guests and should ensure that all participants abide by relevant institution policies.

"Events" shall not infringe upon the rights or privileges of anyone. No one will be permitted to harm others, damage or deface property, block access to institution buildings, or disrupt classes. Events must avoid acts or credible threats of violence, be peaceful, and preserve the normal operation of the institution.

Definitions

Terms specific to this Policy.

3.34 Medical Withdrawal

Policy approved by the Board of Trustees – April 24, 2024

Students who wish to withdraw from all classes due to medical reasons should complete the Request for Medical Withdrawal form. Requests are reviewed by a committee and all decisions are final; there is no appeals process.

All approved requests for medical withdrawals will result in withdrawal from all classes enrolled at the time of the request and the assignment of “MW” grades for all courses taken during the semester requested. A medical withdrawal is “All or Nothing.” It is not possible in this process to withdraw medically from some classes while remaining enrolled in others. All approved requests for medical withdrawals will result in withdrawal and assignment of MW grades for all courses enrolled at the time of the request. Students who do not desire a Medical Withdrawal or desire to withdraw only from selected classes should use the Student Withdrawal Request form.

Requests must be submitted no later than the dates published on the request form. Medical withdrawals must be submitted by “the last day of class per student’s schedule” for the semester in which the medical situation occurred. The last day of class may not be the same for all courses on a student’s schedule. If the end date has passed, a student will not be eligible to petition for a Medical Withdrawal for those courses that have ended prior to receipt of completed Medical Withdrawal documents. Requests for a retroactive medical withdrawal, after the conclusion of a semester, will not be considered.

Appropriate supporting documentation with a recommendation of a full medical withdrawal from a physician or therapist is required. Guidelines for documentation can be found at the bottom of the Medical Request Form.

Students are still financially responsible for all enrollment costs whether withdrawal is approved or denied.

Students who are withdrawn from all courses may be reported to the National Student Clearinghouse as “withdrawn,” which can result in students who receive financial aid to be entered into loan repayment status.

Medical withdrawal requests will only be approved once in a 12 month period.

- (2) *Hostile environment harassment*. Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from the recipient's education program or activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:
 - (i) The degree to which the conduct affected the complainant's ability to access the recipient's education program or activity;
 - (ii) The type, frequency, and duration of the conduct;
 - (iii) The parties' ages, roles within the recipient's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;
 - (iv) The location of the conduct and the context in which the conduct occurred; and
 - (v) Other sex-based harassment in the recipient's education program or activity; or
- (3) Specific offenses.
 - (i) Sexual assault meaning an offense classified as a forcible or non-forcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation;
 - (ii) Dating violence meaning violence committed by a person:
 - (A) Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
 - (B) Where the existence of such a relationship shall be determined based on a consideration of the following factors:
 - (1) The length of the relationship;
 - (2) The type of relationship; and
 - (3) The frequency of interaction between the persons involved in the relationship;

Academic Student Policies

(iii) Domestic violence meaning felony or misdemeanor crimes committed by a person who:

- (A) Is a current or former spouse or intimate partner of the victim under the family or domestic violence laws of the jurisdiction of the recipient, or a person similarly situated to a spouse of the victim;
- (B) Is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;
- (C) Shares a child in common with the victim; or
- (D) Commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of the jurisdiction; or

(iv) Stalking meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

- (A) Fear for the person's safety or the safety of others; or
- (B) Suffer substantial emotional distress.

Supportive measures means individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a complainant or respondent, not for punitive or disciplinary reasons, and without fee or charge to the complainant or respondent to:

- (1) Restore or preserve that party's access to the recipient's education program or activity, including measures that are designed to protect the safety of the parties or the recipient's educational environment; or
- (2) Provide support during the recipient's grievance procedures or during an informal resolution process.

Complaints

The following people have a right to make a complaint of sex-based harassment, requesting that the College investigate and make a determination about alleged sex-based harassment under Title IX:

- A complainant which includes"
 - A student or employee of the College who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX; or
 - A person other than a student or employee of the College who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX at time when that individual was participating or attempting to participate in the College's education program or activity.
- A parent, guardian, or other authorized legal representative with the legal authority to act on behalf of the complainant.
- The College's Title IX Coordinator
 - When a Title IX Coordinator is notified of conduct that reasonably may constitute sex discrimination under Title IX (and in the absence of a complaint or the withdrawal of any or all of the allegations in a complaint, and in the absence or termination of an informal resolution process), the Title IX Coordinator must determine whether to initiate a complaint of sex discrimination as required under Title IX.

Academic Student Policies

The College may consolidate complaints of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when allegations of sex discrimination arise out of the same facts or circumstances. When more than one complainant or more than one respondent is involved, references below to include the plural are applicable.

The College is not permitted to consolidate complaints if consolidation would violate FERPA. Consolidation would not violate FERPA when a postsecondary institution obtains prior written consent from eligible students to the disclosure of their education records.

General Provisions

The College requires that any Title IX Coordinator, investigator, or decision maker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. As long as there is no conflict of interest or bias, a decision maker may be the same person as the Title IX Coordinator or investigator.

The College presumes that the respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of its grievance procedures.

The College has established the following timeframes for the major stages of the grievance procedures:

- Evaluation as to whether to dismiss or investigate the complaint: ten (10) business days
- Investigation, if necessary, will be completed within sixty (60) days with a determination to follow within 10 (ten) business days:
- Appeals from a dismissal or determination must be filed within twenty (20) days.

The College will endeavor to make a determination of all complaints within ninety (90) days of the date of filing.

The College has also established the following process that allows for the reasonable extension of time frames on a case-by-case basis for good cause with written notice of any extension to the parties that includes the reason for the delay. All written notification must be sent to the Title IX Coordinator via email. Additionally, if the Title IX Coordinator or Title IX investigator requests a delay, all correspondence will be sent via the College's email.

The College will take reasonable steps to protect the privacy of the parties and witnesses during its grievance procedures. These steps will not restrict the ability of the parties to obtain and present evidence, including by speaking to witnesses; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the grievance procedures. The parties cannot engage in retaliation, including against witnesses.

Academic Student Policies

The College will objectively evaluate all evidence that is relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence. Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be accessed or considered, except by the College to determine whether one of the exceptions listed below applies; will not be disclosed; and will not otherwise be used), regardless of whether they are relevant:

- Evidence that is protected under a privilege recognized by federal or state law or evidence provided to a confidential employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
- A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless the College obtains that party's or witness's voluntary, written consent for use in its grievance procedures; and
- Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

Written Notice of Allegations:

Upon initiation of these Title IX grievance procedures, the College will notify the parties in writing of the following with sufficient time for the parties to prepare a response before any initial interview:

- The College's Title IX grievance procedures and any informal resolution process;
- Sufficient information available at the time to allow the parties to respond to the allegations, including the identities of the parties involved in the incident(s), the conduct alleged to constitute sex-based harassment, and the date(s) and location(s) of the alleged incident(s);
- Retaliation is prohibited;
- The respondent is presumed not responsible for the alleged sex-based harassment until a determination is made at the conclusion of the grievance procedures. Prior to such a determination, the parties will have an opportunity to present relevant and not otherwise impermissible evidence to a trained, impartial decision maker;
- The parties may have an advisor of their choice who may be, but is not required to be, an attorney;
- The parties are entitled to an investigative report that accurately summarizes this evidence. Both parties are entitled to an equal opportunity to access the relevant and not impermissible evidence upon the request of any party; and

Academic Student Policies

- The College's Standards of Student Conduct and Employee Conduct and Work Rules Policies prohibit knowingly making false statements or knowingly submitting false information during grievance procedures [include the link to these policies].

If, in the course of an investigation, the College decides to investigate additional allegations of sex-based harassment by the respondent toward a complainant/s that are not included in the written notice or that are included in a consolidated complaint, it will provide written notice of the additional allegations to the parties.

Dismissal of a Complaint

The College may dismiss a complaint if:

- The College is unable to identify the respondent after taking reasonable steps to do so;
- The respondent is not participating in Westmoreland's education program or activity and is not employed by the College;
- The College obtains the complainant's voluntary withdrawal in writing of any or all of the allegations, the Title IX Coordinator declines to initiate a complaint, and the College determines that, without the complainant's withdrawn allegations, the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX even if proven; or
- The College determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Before dismissing the complaint, the College will make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, the College will promptly notify the complainant in writing of the basis for the dismissal. If the dismissal occurs after the respondent has been notified of the allegations, then the College will notify the parties simultaneously in writing.

The College will notify the complainant that a dismissal may be appealed on the bases outlined in the Appeals section. If dismissal occurs after the respondent has been notified of the allegations, then the College will also notify the respondent that the dismissal may be appealed on the same bases. If a dismissal is appealed, the College will follow the procedures outlined in the Appeals section.

When a complaint is dismissed, the College will at minimum:

- Offer supportive measures to the complainant as appropriate
- If the respondent has been notified of the allegations, offer supportive measures to the respondent as appropriate; and
- Take other prompt and effective steps, as appropriate, through the Title IX Coordinator to ensure that sex discrimination does not continue or recur within the College's education program or activity.

Academic Student Policies

Investigation

The College will provide for adequate, reliable, and impartial investigation of complaints.

The burden is on the College- not on the parties-to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred.

The College will provide to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all meetings or proceedings with sufficient time for the party to prepare to participate.

The College will provide the parties with the same opportunities to be accompanied to any meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney.

- The College will not limit the choice or presence of the advisor for the complainant or respondent in any meeting or proceeding.
- The College may establish restrictions regarding the extent to which the advisor may participate in these grievance procedures, as long as the restrictions apply equally to the parties.

The College will provide the parties with the same opportunities, if any, to have people other than the advisor of the parties' choice present during any meeting or proceeding.

The College will provide an equal opportunity for the parties to present fact witnesses and other inculpatory and exculpatory evidence that are relevant and not otherwise impermissible.

The College will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance.

The College will provide each party and the party's advisor, if any, with an equal opportunity to access the evidence that is relevant to the allegations of sex-based harassment and not otherwise impermissible, in the following manner:

- The College will provide an equal opportunity to access the same written investigative report that accurately summarizes the evidence. All parties will be provided an equal opportunity to access the relevant and not otherwise impermissible evidence upon request.
- The College will provide a reasonable opportunity to review and respond to the investigative report.
- The College will take reasonable steps to prevent and address the parties and their advisors' unauthorized disclosure of information and evidence obtained solely through the sex-based harassment grievance procedures.

Questioning the Parties and Witnesses

Westmoreland will provide a process that enables the decision maker to question parties and witnesses to adequately assess a party's or witness's credibility to the extent credibility is both in dispute and relevant to evaluating one or more allegations of sex-based harassment.

Academic Student Policies

The College will not conduct live hearings. The College's process for proposing and asking relevant and not otherwise impermissible questions and follow-up questions of parties and witnesses, including questions challenging credibility, will:

- Allow the investigator or decision maker to ask such questions during individual meetings with a party or witness
- Allow each party to propose such questions that the party wants asked of any party or witness and have those questions asked by the investigator or decision maker during one or more individual meetings, including follow-up meetings, with a party or witness, subject to the procedures for evaluating and limiting questions discussed below; and
- Provide each party with an audio or audiovisual recording or transcript with enough time for the party to have a reasonable opportunity to propose follow-up questions.

Procedures for the decision maker to evaluate the questions and limitations on questions:

- The decision maker will determine whether a proposed question is relevant and not otherwise impermissible before the question is posed and will explain any decision to exclude a question as not relevant or otherwise impermissible.
- Questions that are unclear or harassing of the party or witness being questioned will not be permitted. The decision maker will give a party an opportunity to clarify or revise a question that the decision maker determines is unclear or harassing. If the party sufficiently clarifies or revises the question, the question will be asked.

Refusal to respond to questions and inferences based on refusal to respond to questions:

- The decision maker may choose to place less or no weight upon statements by a party or witness who refuses to respond to questions deemed relevant and not impermissible.
- The decision maker will not draw an inference about whether sex-based harassment occurred based solely on a party's or witness's refusal to respond to such questions.

Determination Whether Sex-Based Harassment Occurred:

Following an investigation and evaluation of all relevant and not otherwise impermissible evidence, the College will:

- Use the [preponderance of the evidence or, if applicable, clear and convincing] standard of proof to determine whether sex discrimination occurred. The standard of proof requires the decision maker to evaluate relevant and not otherwise impermissible evidence for its persuasiveness. If the decision maker is not persuaded under the applicable standard by the evidence that sex discrimination occurred, whatever the quantity of the evidence is, the decision maker will not determine that sex discrimination occurred.
- Notify the parties simultaneously in writing of the determination whether sex-based harassment occurred under Title IX including:
 - A description of the alleged sex-based harassment;
 - Information about the policies and procedures that the College used to evaluate the allegations;
 - The decision maker's evaluation of the relevant and not otherwise impermissible evidence and determination whether sex-based harassment occurred;

Academic Student Policies

- When the decision maker finds that sex-based harassment occurred, any disciplinary sanctions Westmoreland will impose on the respondent, whether remedies other than the imposition of disciplinary sanctions will be provided by the College to the complainant, and, to the extent appropriate, other students identified by the College] to be experiencing the effects of the sex-based harassment; and
- The College's procedures and permissible bases for the complainant and respondent to appeal.
- The College will not impose discipline on a respondent for sex discrimination prohibited by Title IX unless there is a determination at the conclusion of the Title IX grievance procedures that the respondent engaged in prohibited sex discrimination.
- If there is a determination that sex discrimination occurred, as appropriate, the Title IX Coordinator will:
 - Coordinate the provision and implementation of remedies to a complainant and other people the College identifies as having had equal access to its education programs or activities limited or denied by sex discrimination;
 - Coordinate the imposition of any disciplinary sanctions on a respondent, including notification to the complainant of any such disciplinary sanctions; and
 - Take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within the College's education programs or activities.
 - Comply with the Title IX grievance procedures before the imposition of any disciplinary sanctions against a respondent; and
 - Not discipline a party, witness, or others participating in the Title IX grievance procedures for making a false statement or for engaging in consensual sexual conduct based solely on the determination whether sex discrimination occurred.

The determination regarding responsibility becomes final either on the date that the College provides the parties with the written determination of the result of any appeal, or, if no party appeals, the date on which an appeal would no longer be considered timely.

Appeals

The College will offer an appeal from a dismissal or determination whether sex-based harassment occurred on the following bases:

- Procedural irregularity that would damage the outcome;
- New evidence that would change the outcome and that was not reasonably available when the determination or dismissal was made; and
- The Title IX Coordinator, investigator, or decision maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome.

If a party appeals a dismissal or determination whether sex-based harassment occurred, the College will:

- Notify the parties in writing of any appeal, including notice of the allegations, if notice was not previously provided to the respondent;

Academic Student Policies

- Implement appeal procedures equally for the parties;
- Ensure that the decision maker for the appeal did not take part in an investigation of the allegations or dismissal of the complaint;
- Ensure that the decision maker for the appeal has been trained consistent with the Title IX regulations;
- Communicate to the parties in writing that the College will provide the parties a reasonable and equal opportunity to make a statement in support of, or challenging, the outcome; and
- Notify the parties in writing of the result of the appeal and the rationale for the result.

Any additional procedures or bases for appeal the College offers will be equally available to all parties.

Informal Resolutions, if offered

In lieu of resolving a complaint through the College's Title IX grievance procedures, the parties may instead elect to participate in an informal resolution process. The College will inform the parties in writing of any informal resolution process it offers and determines is appropriate, if any. The College will not offer informal resolution to resolve a complaint when such a process would conflict with federal, state, or local law. Before the initiation of an informal resolution process, the College will explain in writing to the parties:

- The allegations;
- The requirements of the informal resolution process;
- That any party has the right to withdraw from the informal resolution process and initiate or resume grievance procedures at any time before agreeing to a resolution;
- That if the parties agree to a resolution at the end of the informal resolution process, they cannot initiate or resume grievance procedures arising from the same allegations;
- The potential terms that may be requested or offered in an informal resolution agreement, including notice that an informal resolution agreement is binding only on the parties; and
- What information the College will maintain and whether and how the College could disclose such information for use in Title IX grievance procedures if such procedures are initiated or resumed.

Supportive Measures

The College will offer and coordinate supportive measures as appropriate for the complainant and/or respondent to restore or preserve that person's access to the College's education programs or activities or provide support during the College's Title IX grievance procedures or during the informal resolution process. For complaints of sex-based harassment, these supportive measures may include crisis counseling and referrals to community resources.

Disciplinary Sanctions and Remedies

Following a determination that sex-based harassment occurred, the College may impose disciplinary sanctions, which may include but are not limited to those noted in the Standards of Student Conduct or the College Employee Conduct and Work Rules Policy.

3.36 Change of Program Deadline Policy

Policy approved by the Board of Trustees – December 11, 2024

Students changing programs must complete the process for making the change no later than one week prior to session start. Change of programs will only be processed for future sessions. Students wishing to change programs within a session will need to wait until the next session for the change.

(Rationale: When students try to change programs too close to the beginning of a session or after it has begun, it causes students to have to completely rework their schedules which could cause them to have to register in a class after it has met. Data shows only about 30% of students who join a class late pass. Also, this can cause a student's financial aid to have to be completely recalculated and repackaged. This can contribute not only to the delay in getting registered in classes but also to delay in getting books and materials required for the class causing the student to fall even further behind.)

3.37 Course Substitution

Policy approved by the Board of Trustees – December 11, 2024

In awarding a degree or certificate, Westmoreland County Community College is recognizing the satisfactory completion of a set of courses it deems representative of the academic standards it upholds.

Students should complete the requirements listed in the plan as published in the catalog year the student started in or was accepted into for restricted programs. Course substitution permits a student to substitute an equivalent course for a required course in the student's curriculum. Westmoreland County Community College creates programs with specific outcomes and competencies required. To maintain the integrity of the degree, course substitutions should only be used for extraordinary circumstances, for institutional error, or for students who completed coursework at a previous institution. Substitutions should be very rare for non-transfer students who have been properly advised and are using well-administered degree plans.

Generally, substitutions should only be used for students who completed coursework for their program while at a previous institution or in a former major. The Deans will review any commonly substituted courses on a yearly basis and determine if a curriculum change is warranted.

Guidelines:

1. The student must be currently enrolled at the college and in the program for the substitution.
2. The course substitution must meet the spirit/content of the substituted course in the student's program, including specified course, program, and institutional outcomes.
3. Course substitutions should not be used to circumvent a course that is part of the student's normal curriculum.
4. A student who fails a required course must repeat that course and may not substitute another in its place. This does not apply to electives.
5. Course substitutions are specific to each program and catalog year and may not transfer from one to the other.
6. Course substitutions cannot be used for Transfer and Articulation Oversight Committee (TAOC) programs with the exception of course substitutions that are approved for transfer by our transfer counselor.
7. No more than 20% of the credential (12 credits for a 60-credit degree) can be substituted, and only 2 courses in the major field of the credential can be substituted.
8. Courses are substituted on a one to one basis. Courses cannot be combined to satisfy a course requirement.

3.38 Awarding of Posthumous Degrees

Policy approved by the Board of Trustees – April 23, 2025

Purpose

The purpose of this policy is to establish guidelines for awarding posthumous degrees at Westmoreland County Community College (Westmoreland) in a manner that is consistent with the college's academic standards and Pennsylvania state regulations, while honoring the academic achievements of deceased students.

- 1.4.2. Final approval must be granted by the President of Westmoreland and the Board of Trustees.

Posthumous Honors

If the student has met the GPA requirements for graduation honors at the time of death, Westmoreland may acknowledge the student's academic distinction (e.g., Dean's List, academic honors) in conjunction with the posthumous degree, in accordance with college policy.

Notification of the Family

Westmoreland will make every effort to communicate sensitively and in a timely manner with the deceased student's next of kin regarding the posthumous degree process. The official diploma, if printed, will be mailed or made available to the family upon completion of the approval process.

Financial & Administrative Considerations

Outstanding Fees: Any pending financial obligations to the College may be waived or canceled, pending administrative review.

All agreements are to include payment terms that must be followed by the clients/vendors upon receipt of college invoice. All financial obligations and accounts owed to Westmoreland County Community College are to be paid when due. Delinquent accounts owed to the College include, but are not limited to overdue payments, dishonored checks, third-party billing for services provided, which have not been paid by contractually agreed upon date, or other payments owed the college.

An account is deemed delinquent when a reasonable effort has been made by the college to collect a debt through telephone calls, email and/or billing(s). Failure to pay any outstanding debt by the due date may result in late payment penalties. A \$25.00 late fee will be assessed on every 30 days past due, with a maximum of \$100.00.

Delinquent accounts 120 days past due may be turned over to an outside collection agency for collection of the debt. No college funds should be invested in Equity Investments.

Fixed-Income Investments

The objective of fixed-income investments are to provide a secure, above average stream of income and to provide a relatively stable market value base. Investment of college funds are limited to obligations of the United States of America or any of its agencies or instrumentalities backed by the full

Financial Policies

faith and credit of the United States of America and the Commonwealth of Pennsylvania, or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth. D. Cash Equivalent Investments It is the board's direction that except for non-investment cash (i.e., petty cash), college funds should be invested in insured, guaranteed or collateralized cash equivalent investments. Such investments should be prudently diversified and would include:

- Instruments issued by, guaranteed by, or insured by the United States government.
- Certificates of deposit issued by national banks which are insured by the Federal Deposit Insurance Corporation or for any amounts above the insured maximum, provided that approved collateral in accordance with Pennsylvania law for pledges of assets to secure deposits of public funds with banking institutions shall be pledged by the depository.
- Short-term cash reserve funds issued by national banks which are insured by the Federal Deposit Insurance Corporation or for any amounts above the insured maximum, provided that approved collateral in accordance with Pennsylvania law for pledges of assets to secure deposits of public funds with banking institutions shall be pledged by the depository.
- Moneys may be combined from more than one fund under college control for the purchase of a single investment, provided that each of the funds combined for the purpose shall be accounted for separately in all respects, and that the earnings from the investment are separately and individually computed and recorded, and credited to the accounts from which the investment was purchased.

Delegation of Responsibilities

This Statement of Investment Guidelines will be reviewed annually by the Finance Committee of the board. All recommended changes to the guidelines will be developed by the Finance Committee and submitted to the board for final approval.

On a day-to-day basis, the college's vice president of Administrative Services and/or the college's controller will be administering these guidelines.

The Finance Committee recognizes the valued relationships which have developed between the College and the local banking community. As such, the following guidelines are to be used for cash equivalent investing:

- Certificate of deposit investment rates are to be obtained from local national banks.
- If the interest rate spread is 100 basis points or less, the college administration may select the institution at their discretion.
- If the interest rate spread is greater than 100 basis points, the college administration should select the highest rated institution.
- The college administration may deviate from the above guidelines with approval from both the chairman of the Finance Committee and the chairman of the board.

Timely reports summarizing investment activities will be presented to the Finance Committee on a quarterly basis.

4.10 Capitalization Guidelines

Policy approved by the Board of Trustees – September 28, 2005

Policy approved by the Board of Trustees – April 28, 2021

Policy approved by the Board of Trustees – December 14, 2022

PURPOSE:

To establish a uniform capitalization policy for equipment and fixed assets, both tangible and intangible, which meet the capitalization thresholds that complies with federal, state, and Westmoreland County Community College (Westmoreland) reporting requirements.

SCOPE:

This policy applies to Westmoreland County Community College departments, including centers- Westmoreland-Advanced Technology Center, Westmoreland-Public Safety Training Center, Westmoreland-Latrobe, Westmoreland-Indiana County, Westmoreland-Fayette County, Westmoreland-Murrysville and Westmoreland-New Kensington.

DEFINITIONS:

Buildings: includes buildings purchased or constructed. Construction projects are initially capitalized to construction in progress with a cost of \$5,000 or greater. Subsequently, the capitalized expenditures are recorded as an asset

Building Improvements: the substitution of a better asset for the one currently used (example - install carpeting where none existed or substitute a concrete floor for a wood floor), or any change to the building which increases its future service potential and extends its useful life (example - substitute a new wooden floor for an old deteriorated wooden floor). Improvements with a value of \$5,000 or greater are capitalized.

Computer Software: includes computer software acquired for internal use. Generally, only institutionally significant systems with a cost of \$5,000 or greater are capitalized. Also includes major modifications (such as an upgrade) to the software.

Other Intangible Assets: an intangible asset is an asset that 1) lacks physical substance, 2) is nonfinancial in nature and 3) has an initial useful life of one year or more. This includes right-of-way and other types of easements, water rights, timber rights, patents, copyrights, trademarks, licenses and permits with a cost of \$5,000 or more. This also includes gifts of software with rights to use.

Donated Assets: assets received in a voluntary non-reciprocal transfer from another entity such as gifts of capital assets. Depending on the type of asset donated, fair market value or like cost appraisal method will be utilized for the capitalization limit.

Financial Policies

Fabricated Equipment: includes self-constructed equipment where the total unit cost incurred to fabricate the equipment is \$3,000 or more. Components include enhancement parts that materially and permanently increase the value or useful life of equipment. A system with multiple components which cannot operate independently of each other and together cost \$3,000 or more will also be capitalized. The rule-of-thumb is that for a component to be included in the original acquisition cost of a piece of equipment, it should be an attached or installed option which, as assembled, is expected to operate as one unit for the remainder of its life.

Moveable Equipment: an article of non-expendable, tangible personal property that is free standing, movable, is complete in itself, does not lose its identity when affixed to or installed in other property and has a useful life greater than one year. Includes delivery equipment, office equipment, machinery, furniture and fixtures, factory equipment, instruments and vehicles. Has a purchase value of \$3,000.

Exceptions to the equipment definition are:

- Assets purchased as repair parts for existing parts in previously tagged equipment.
- Materials used in repair or replacement in previously tagged equipment
- Household equipment (drapes, bedding, carpet replacement).
- Built-in equipment – such items become part of the building or structure after installation and may be capitalized as building improvements. For example – built-in cabinets, garbage disposals, furnaces, and air conditioners. Please see the definition of Building Improvements.

POLICY:

This accounting policy of Westmoreland establishes the minimum cost (capitalization amount) that shall be used to determine the capital assets to be recorded in the accounting records and financial statements of Westmoreland. Tangible or intangible assets which meet the purchase or fair market value criteria as noted in the definitions portion of this policy will be capitalized over the set useful life of the asset. Items not meeting the thresholds established will be expensed in the period incurred for financial statement purposes.

When it is deemed that these circumstances occur, back up documentation and justification are required, to obtain the exemption and are subject to the regular approval process and additional signatures as noted. In all cases the Purchasing Department will research each exception to ensure competitive bidding is not possible. The Purchasing Department with the concurrence of the College Solicitor and the written approval of the President or designee shall proceed with the purchase. The following situations are exempt from competitive bid requirements:

- Goods, equipment, or services needed immediately because of an emergency at the College that creates a threat to public safety or further substantial damage to buildings, the President or designee may waive the requirement for competitive bids.
- Requirements for professional services from attorneys, accountants, auditors, educational consultants, appraisers, insurance agents, architects and designers, etc. However, the Board of Trustees at its discretion may choose to solicit competitive bids for professional services.
- Item(s) to be purchased can only be procured from a single source in a given state or region due to exclusivity by the manufacturer. (Follow Sole Source / Single Source Guidelines)
- Competitive bidding is precluded by the existence of Patent Rights, Copyrights, or similar circumstances. (Follow Sole Source / Single Source Guidelines)
- Procurement of components, replacement parts, warranty services, or technical services in connection with the assembly, installation, servicing, or the instruction of personnel, relating to a particular piece of equipment which can only be provided by a single source. (Follow Sole Source / Single Source Guidelines)
- The procurement is for an item which must be compatible to or match a particular brand, to those items already on the College premises. (Follow Sole Source / Single Source Guidelines)

Financial Policies

- Purchase of used, reconditioned, or refurbished equipment from a single known source.
- Items that due to the complexity or technical nature of the item or service to be purchased, it is determined that it is not possible to draft an adequate specification or adequately detailed description of the item or service, for the solicitation of competitive bids.
- Purchase of materials, equipment, or services using PA State Contracts, COSTARS Contracts, PEPPM Contracts or other purchasing consortiums or networks.
- Any good or service competitively bid through use of a Consultant or Broker.

Sole Source / Single Source Guidelines

By definition, a Sole Source is an item or service that due to its uniqueness or technology can only be purchased from one source, generally the manufacturer. A Single Source item or service is one that can only be purchased from one source due to restrictions of the manufacturer (defined territories, etc.).

Brand preference or Supplier preference does not constitute a Sole Source / Single Source. Both cases will require justification and approval. Each justification must include the following information:

- Department where the item or service will be used.
- Complete description of the item or service and the function it will serve.
- Explanation of the uniqueness of the item or service and why the Manufacturer or Supplier is the only one qualified to supply the item or service at the exclusion of all others. Why is this item or service superior to similar items or services and why are other similar items or services deficient?
- Explanation of what will occur if the purchase requested is not made.
- Describe the research that was completed to determine that no other competitor exists.
Provide list of other suppliers / manufacturers investigated
- Provide a list of other suppliers who supply similar but not an identical item or service.
- If Single Source, a letter from the manufacturer must be provided detailing why this is a single source.

All Sole Source / Single Supplier purchase greater than \$30,000 must be approved by the Board of Trustees.

Public Contracts

The Board of Trustees authorizes the Purchasing Department to recommend purchases from Commonwealth of Pennsylvania, Department of General Services State Contract, COSTARS Contracts, Pennsylvania Education Purchasing Program for Microcomputers (PEPPM) Contracts, and other contracts and consortiums available to institutions of higher education, for items in excess of the Quote or Public Bid amount. Purchases using these contracts do not require advertising, public bids, or quotes. The Purchasing Department shall qualify pricing obtained from these contracts for purchases in excess of \$30,000 to ensure the best pricing for the College. The contract to be used will be researched by the Purchasing Department to ensure the contract is being properly used for the requested materials. These purchases shall be approved by the Board of Trustees in accordance with the Public Bid / Quote guidelines above.

Financial Policies

Licenses, Service Agreements, and Maintenance Contracts

Contracts for Software Licenses, Service Agreements, and Service Contracts will be issued by the Purchasing Department following the purchase of the covered item. These will be approved by the Board of Trustees in accordance with the Bid / Quote Guidelines above. In the case of multiyear contracts, the entire amount for the length of the contract will be taken to the Board of Trustees for approval prior to the first year of the contract. Once approved, subsequent years will not be brought back to the Board of Trustees for approval. Multi-year agreements / contracts will be for no longer than three (3) years, with the option for two (2) additional one (1) year options. All extensions to the original contract will be taken to the Board of Trustees for approval.

Change Orders

Change Orders will be issued to correct any Purchase Order discrepancy, invoice pricing discrepancy, or for partial payment of the Purchase Order total amount.

- Change Orders for Purchase Orders for construction, reconstruction, maintenance, or repair, previously approved by the Board of Trustees, must have approval of the Board if the amount exceeds \$20,000 or is over the contingency amount specified in the original Purchase Order.
- Change Orders for Personal Property, Equipment, Supplies, or Services, not previously approved by the Board of Trustees, must have approval of the Board if the new total amount exceeds \$10,000.

4.15 Travel Policy

Policy approved by the Board of Trustees – January 1, 2000

Policy approved by the Board of Trustees – February 26, 2003

Policy approved by the Board of Trustees – September 28, 2005

Policy approved by the Board of Trustees – June 22, 2011

Policy approved by the Board of Trustees – December 14, 2022

Policy approved by the Board of Trustees – January 24, 2024

It is the policy of Westmoreland County Community College to reimburse employees for all reasonable and necessary expenses related to and incurred during authorized travel for college business.

Westmoreland County Community College is a publicly funded institution, and as such, employees are expected to exercise prudence, discretion, and economy in their choice of travel purpose, mode of travel, accommodations, meals and miscellaneous expenses.

Travel Authorization

Westmoreland County Community College employees who depart from their assigned place of work during normal assigned working hours on college business travel must have the appropriate supervisory authorization.

The college recognizes, however, that some employees do travel to off-campus locations as a normal and routine part of their duties. Such travel shall be authorized through their job description, and shall not normally need special supervisory authorization. Employees who normally travel within the county as part of their job duties, however, are expected to provide their supervisor with a schedule.

Travel Requests/Approvals

Travel Requests

1. Day Trips – While it shall not be necessary to submit a Travel Request Form for day trip, employees who do not normally travel as a part of their job duties must obtain supervisory authorization in advance of the trip.
2. Overnight Trips – Employees are required to complete a Travel Request Form and obtain approvals from their immediate supervisor and their appropriate vice president in advance of the trip. Every effort should be made by the employee to estimate the cost of the travel as accurately as possible.

Note: Reservations should not be made, and travel arrangements should not be committed or booked prior to the employee's Travel Request Form being approved.

Supervisor's Approval Responsibility

It is the responsibility of the employee's supervisor who is approving the travel request to be familiar with the college's travel policy in order to assure the appropriateness of the travel, the reasonableness of the request, and the availability of budgeted funds.

Financial Policies

Travel Reimbursement

Employees must document all requests for travel expense reimbursement by completing a Travel Expense Voucher. A travel expense voucher must be submitted in a reasonable amount of time not to exceed the end of the fiscal year. This includes a trip where there are no reimbursable expenses. All requests must be clearly itemized, be accompanied by appropriate receipts, be submitted on a timely basis and finally, have the approval of the employee's supervisor and the appropriate vice president prior to being submitted to the Accounting Department for reimbursement.

Transportation

1. College-Owned Vehicle Use

The college maintains a small number of vehicles which may be used for college related travel. Employees are required to follow the procedures outlined by the Facilities Department.

Every attempt should be made to utilize these vehicles first, prior to using personal vehicles for college related travel, when it is most efficient and cost-effective to do so.

2. Personal Vehicle Use and Mileage Reimbursement

Employees who use their personal vehicles for college related travel will be reimbursed for mileage at the current college rate determined by the Internal Revenue Service. Evidence will be required upon submission of reimbursement. Mileage reimbursement should be from the college or employee's home, whichever is lesser of the two.

Employees are expected to maintain adequate insurance on their personal vehicles. The college will not be liable for damage to an employee's vehicle which may occur while an employee is traveling on college related business.

3. Ground Transportation and Automobile Rental

Employees are expected to use the most cost effective and efficient mode of transportation. Rental cars may be approved on a case-by-case basis with consultation of the immediate supervisor.

4. Commuting Expense

Driving from the employee's home to the college and back is a personal commuting expense and not a reimbursable travel expense. As such, any related commuting expenses (i.e., tolls) are not reimbursable as a travel expense.

Mileage for college related trips should be calculated using the employee's normal workplace. Employees may occasionally have to depart on and/or return from a business trip directly from their home without first reporting to their normal work place. In such cases, the employee must

Financial Policies

calculate the estimated mileage for the trip as if they had departed from and returned to their normal workplace and claim the lesser of the two for reimbursement.

5. Air Travel

All air travel must be booked through the employee's Cabinet member's administrative support staff. Employees should obtain an estimate to use for travel request approval, however, reservations should not be finalized until the employee's travel request has been approved by their supervisor and/or appropriate vice president. The following general considerations should be used when making airline reservations:

- a. Travel arrangements should always be booked as far in advance as possible to obtain the lowest possible fares.
- b. Coach or reduced fares are to be used for domestic travel.

6. Other Modes of Transportation (Car, Train, Bus, etc.)

There may be occasions when employees may find travel by car, train or bus to be economical and advantageous. Carpooling or use of the college van should be considered for trips involving multiple college employees. Employees will be allowed and encouraged to use alternative modes of transportation if significant savings over air fares results after considering the added costs of hotels, meals and/or extended time away from the employee's job. A comparison of costs should be included on the employee's Travel Request. In any case, the college's reimbursement will be limited to the least expensive travel mode available. 7.

7. Vehicular Violations

Employees are expected to obey all traffic laws when driving college-owned vehicles, their personal vehicles, or rental vehicles on college related business. Employees who are charged with traffic violations while driving on college related business are not only responsible for the related fines, but may also be subject to college disciplinary actions.

8. Other Transportation Expenses

The actual amount of turnpike tolls, parking expenses or other related transportation expenses incurred during college related travel is reimbursable to the employee. Receipts must be submitted with the employee's request for reimbursement.

Lodging

All lodging reservations must be handled by the employee's Cabinet member's administrative support staff. The college will not reimburse the employee for additional costs associated with upgrading room accommodations or for additional persons staying in the room (i.e., spouse, children, etc.).

Financial Policies

Employees attending professional association meetings or seminars should normally stay in a hotel where special conference rates are available for participants. However, comparative costs for lodging at other nearby hotels, along with associated extra transportation expenses, should be checked to verify that the conference hotel rate is the most advantageous.

The college will only pay for the room rental for the employee during the approved trip length. No additional amenities will be covered by the college.

If a guaranteed hotel reservation must be canceled, it is the responsibility of the employee to advise the hotel or the employee's Cabinet member's administrative support staff as soon as possible or at least prior to 6 p.m. (local time of the hotel) on the scheduled day of arrival to avoid non-cancellation penalties. Penalties incurred for non-cancellations will be the responsibility of the employee.

Meals – Per Diem

Employees will be reimbursed for meals, including gratuities, on the following per diem basis while traveling on college business:

Breakfast	\$ 13.00
Lunch	20 .00
Dinner	26.00
Total	<u>\$ 59.00</u>

Most conferences include some or all meals during the conference as part of the registration fee. An employee should not claim per diem meal reimbursement for these conference meals. The college will not reimburse employees for any alcohol purchased.

Incidental and Miscellaneous Travel Expenses

A reasonable amount of incidental or miscellaneous travel expense (i.e., baggage handling) incurred while traveling on college related business is reimbursable to the employee.

NOTE: The cost of all expenses which cannot be supported as business related will be considered personal expenses and be the responsibility of the employee.

Travel Advances

Requests for a travel advance should be approved by the employee's supervisor. Travel advances are only available if the advance is over \$100. The advance should not exceed 75% of the total estimated travel expense net of any travel costs paid directly by the college. Employees are encouraged to use a personal credit card to charge reimbursable expenses whenever possible.

Travel Time as Hours of Work

Westmoreland will follow all state and federal laws as well as the college's policies and agreements in determining travel time as hours of work.

4.16 Sale of Real Estate Property

Policy approved by the Board of Trustees – October 28, 2015

Policy approved by the Board of Trustees – December 14, 2022

The Board of Trustees may dispose of the college's full ownership interest in real property by sale or exchange for other real property if the Board of Trustees finds the property to be unnecessary or undesirable for the college's purposes. Any sale of real property must be for adequate consideration and done in accordance with applicable law. Any valid restrictions placed on the use or disposal of real property acquired with money obtained through a grant shall be honored, except as may be allowed by the granting authority. The net proceeds of any sale of real property shall be paid into the college's general fund.

To ensure that adequate consideration is realized by the sale, three sources of opinion on the value of the real estate shall be obtained. At least one of these sources must be property appraisal performed by a certified general appraiser (the "Appraisal"). The other two opinions of value may be obtained in letter form from a real estate agent familiar with fair market values of real property in the area in which the property being sold is located (the "Opinion"). The sale price of the real property will be considered adequate if the sale price exceeds the average of the Appraisal and the closest Opinion of value to the Appraisal.

If the Board of Trustees deems it necessary, the board of trustees may engage the services of a licensed real estate broker to secure prospective purchasers, and pay them the customary real estate agents' commission charged in Westmoreland County. The contract with the real estate broker shall include a provision which excludes payment of commission on any sale to a buyer who demonstrated an interest in purchasing the property from the college prior to listing the property with the agent.

Notwithstanding the foregoing provisions of this policy, the board of trustees may offer the real property for sale to Westmoreland County through the Board of County Commissioners at a fair price negotiated between the two boards.

4.17 Electronic Signature (eSignature) Policy

Approved by the Board of Trustees – January 26, 2022

A. Purpose

The eSignature Policy shall be used by Westmoreland County Community College (college) to increase productivity and ensure convenient, timely and appropriate access to information by using electronic signature technology to collect and preserve signatures on documents quickly, securely, and efficiently. In addition to increasing productivity and efficiency, this policy furthers the college's goals of reducing the consumption and storage of paper documents and the maintenance and supply of printers. This policy establishes when electronic signature technology may replace a hand-written signature, with the goal of encouraging the use of paperless, electronic documents whenever appropriate and allowed by law. This policy applies to all signatures used in processing various college documents and assumes the college signer has been given the authority to sign as determined by the president or their designee.

B. Intended Goals for eSignature

- **Security and Legal Compliance:** The use of e-forms and eSignature provides a secure method of signing and transferring documents electronically. A document cannot be altered after the signer has completed the eSignature.
- **Integration into business processes:** The eSignature process may fit into pre-existing business practices, providing automated processes.
- **Simplified workflow:** eSignatures eliminate resource-intensive processes that require the college and the public to manually sign documents. Features of the eSignature process include automation of simple forms, ability to track and review changes, vary the recipient roles, tag signatures, etc.
- **Cost benefits:** There is a potential cost-savings from not having to print, file, scan, and store paper copies. The college will save also on certified mail, postage, printing, ink, envelopes, and paper.

C. Policy

This policy applies to documents requiring a signature of any person where the signature is intended to show authorship, approval, authorization, or certification. It is the policy of the college to encourage the use of electronic signatures in all internal and external activities, documents, and transactions where it is operationally feasible to do so, where existing technology permits, and where it is otherwise appropriate based on the department's preferences. In such situations, affixing an electronic signature to the document in a manner consistent with this policy shall satisfy the college's requirements for signing a document.

D. Requirements of eSignature

1. The use of eSignatures is permitted and shall have the same force and effect as the use of a "wet" or manual signature if all the following criteria are met:
 - a. The eSignature is unique to the person using it.
 - b. The eSignature is capable of verification.
2. The eSignature is under the sole control of the person using it.
 - a. Email notifications requesting eSignatures must not be forwarded.
 - b. These requirements prohibit the use of proxy signatures.
3. The eSignature is linked to the data in such a manner that if the data is changed after the eSignature is affixed, the eSignature is invalidated.

E. Common Types of Documents

This policy is intended to broadly permit the use of eSignatures. Examples of common types of documents are listed with notes on each type of document.

Notes Memos, Forms, Board Letters, and Other Correspondence

- ➔ Yes, eSignature is recommended.

Contracts

- ➔ Yes, eSignature is recommended.

Certificates, Permits

- ➔ Yes, if allowed by law departments should work with college counsel to determine where applicable laws permit an eSignature to be used.

Documents Requiring Notarization

- ➔ No

Document Requiring the Board President's Signature

- ➔ No

F. Documents Involving Other Parties

In the case of contracts or transactions which must be signed by outside parties, each party to the agreement must agree in advance to the use of an eSignature. No party to a contract or other document may be forced to accept an eSignature; they must be permitted to decide either way. Such consent may be withdrawn by the other party at any time such that future documents must be signed in hardcopy format. When a document is electronically signed by all parties, the college will provide a copy of the electronically signed document to the other parties in an electronic format that is capable of being retained and printed by the other parties.

G. Storage and Archiving of Electronically Signed Documents

If a document exists only electronically, steps should be taken by each department to ensure that a fixed version of the final document is stored in some manner. It is up to the department to decide how to store these final electronic documents so long as it does so in a manner consistent with any applicable college document retention policies and any applicable laws.

H. eSignature Solution Providers

The college's Information Technology Department will be responsible to determine acceptable technologies and eSignature providers consistent with current state legal requirements and industry best practices to ensure the security and integrity of the data and the signature.

I. Conclusion

The use of eSignature is intended to make Westmoreland College Community College business practices more efficient. The process eliminates the need to print, file, and store paper copies of documents that can now be authenticated digitally and stored electronically.

4.18 Bad Debt Policy

Policy approved by the Board of Trustees – January 24, 2024

I. Rationale

The College should provide for the possibility that some present and future revenues in the receivable accounts may not be collectible. This policy facilitates an accurate forecast of this allowance based on actual experience and relevant data. It applies to the recording of all revenue in the College's financial records, and sets the College's financial procedures for handling and removing uncollectable debts.

A. Scope

All accounts receivable, including accounts for credit and noncredit students, third party payers or agencies, employees, vendors, and clients/customers owing Westmoreland County Community College a receipt of funds as noted on an account statement and/or invoice.

B. Definitions

1. Accounts Receivable - money owed to the college for goods or services provided to students and/or other parties.
2. Student Accounts - accounts containing charges and payments for normal student (credit and non-credit) activity, such as tuition and fees. These accounts are used by faculty and staff for purchase of similar services.
3. Allowance - a budgeted operating expense created by the student accounts receivable department with the expectation that some doubtful accounts exist in the College's general ledger.
4. Doubtful Account - Monies owed to the College with low probability of repayment. This category may include, but is not limited to taxes, tuitions, fees, other charges, etc.
5. Vendor- an entity with a relationship with the College resulting in an accounts receivable statement/invoice/balance. All other accounts receivable for services provided by non-community members, such as conference services, tuition guarantees, advertising, and equipment charges.
6. Client/Customer- Business, Industry, and Nonprofits engaging in contract or workforce training resulting in an invoice
7. Third Party - an Agency who agrees to pay on behalf of a student (credit or noncredit) or Client.

II. Policy Statement

Accounts will be reviewed for write off at least annually and may be reviewed on a semi-annual or quarterly basis. The effect of a write off is the elimination of an individual, uncollectible account receivable from the Westmoreland accounts receivable ledger; the debt remains owed to the institution and collection efforts may continue.

Financial Policies

An accounts receivable amount is determined to be uncollectible when it may include one of the following criteria:

- All reasonable collection efforts have been exhausted.
- The cost of further collection action will exceed the amount recovered.
- The debtor cannot be located.
- The debt was discharged in bankruptcy.
- The statute of limitations for collection of the debt has expired.
- The debtor has died and there is no known estate or guarantor.
- It is not in the public interest to pursue collection of the debt.
- Other cases as determined by administration.

Debt will be written off in alignment with the signature signing policy and it falls into one of the categories listed above.

Facilities that may be named include present or future buildings, areas within buildings and all areas on the college grounds. These may include but are not limited to: buildings, classrooms, galleries, auditoriums, wings, benches, athletic fields, trees, fountains, gardens, and roads.

Westmoreland County Community College will consider the naming of facilities for individuals, corporations and foundations that have demonstrated exceptional service and/or generosity, and that have made significant contributions for the advancement of the college and its students. The naming of a facility does not imply any surrendering of administrative or academic power, and the name must comply with the current or intended use of the facility. Gifts may be made with the express purpose of naming a facility.

The general guidelines to be used when considering contributions for the naming of facilities will be:

- For all new buildings, the contribution should be a minimum of 50 percent of the construction costs.
- For existing structures, the contribution should be a minimum of 50 percent of the original costs or an estimate for construction plus any major renovation costs.
- For areas within new or existing buildings, the costs for construction of that building will be divided into square feet and will be calculated to equal 50 percent of the costs for the square feet covered in the space to be named. Additional consideration should be made for special features in the room, such as electronic classrooms or auditorium seating, etc.
- For landscaping features, the donation should be 100 percent of the cost

The executive director of the Education Foundation will work closely with the president of the college to identify appropriate individuals, corporations and foundations and will work with these individuals and groups toward the goal of finding appropriate facilities for naming purposes that are mutually beneficial. All proposals will be considered by the Education Foundation for a recommendation to the college board of trustees for their approval. Upon approval by the board of trustees, appropriate signage will be ordered and placed. While size may vary, the design of signage will be kept consistent throughout the college. The naming of facilities will be considered permanent.

WESTMORELAND COUNTY COMMUNITY COLLEGE

BOARD OF TRUSTEES

I. Travel Policy

It is the policy of Westmoreland County Community College to reimburse Board members for all reasonable and necessary expenses related to and incurred during authorized travel for College business unless special authorization is given by the Board Chairperson in advance of travel. Reasonable expenses may include the cost of meals for the trustee's spouse or any other person approved by the Board Chairperson while conducting college business.

Board Travel must be approved by the Board Chairperson prior to booking travel. The Board member must submit written justification for the travel that includes how the travel directly impacts their role as a board member and/or benefits the college. The board member is expected to provide a report of how the travel benefited the college and their board responsibilities.

Westmoreland County Community College is a publicly funded institution; and as such, Board members are expected to exercise prudence, discretion, and economy in their choice of travel purpose, mode of travel, accommodations, meals, and miscellaneous expenses.

II. Travel Reimbursement

A. Transportation

1. Personal Vehicle Use and Mileage Reimbursement

Board members who use their personal vehicles for College related travel will be reimbursed for mileage at the existing IRS rate. The mileage reimbursement is intended to cover all of the operating and capital depreciation costs of the vehicle. Additional claims for gasoline, towing, tires, repairs, or other vehicle operating costs will not be reimbursed.

Commuting travel will be non-reimbursable. Commuting travel shall be defined as travel generated from within such as travel to Board meetings.

committee meetings [and college functions](#).

Board members are expected to maintain adequate insurance on their personal vehicles. The College will not be liable for damage to a Board member's vehicle, which may occur while a Board member is traveling on college related business.

2. Ground Transportation and Automobile Rental

The availability and cost of ground transportation should be considered when selecting lodging on business trips.

The College will reimburse Board members for car rental, which is necessary for college business. Rental days in excess of the College business shall be the responsibility of the Board member.

Reimbursable expenses include the charges for the rental car itself, gasoline purchased for the rental car, turnpike tolls, and parking fees.

Rental car companies will typically offer a daily insurance package and an additional charge for the option of signing a collision damage waiver (CDW). These options should not be purchased as the college's Travel Liability Insurance Policy provides this coverage.

3. Air Travel

The Board Recording Secretary shall review possible airline schedules and cost for the time frame necessary to attend a conference. Fares will be based on advanced notice and coach travel to obtain the lowest fares. Board members choosing to extend their stay or itineraries will be responsible for the additional costs. Normally the College will make reservations and purchase airline tickets.

4. Other Modes of Transportation (Train or Bus)

There may be occasions when Board members traveling a long distance from the college may find travel by car, train or bus to be economical and

advantageous. Board members will be permitted and encouraged to use such alternative modes of transportation if significant savings over air fares results after considering the added costs of hotels and meals. In any case, the College's reimbursement will be limited to the least expensive travel mode available.

5. Vehicular Violations

Board members are expected to obey all traffic laws when driving college owned vehicles, their personal vehicles, or rental vehicles on College related business. Citations issued to a Board member will be the responsibility of the Board member.

6. Other Transportation Expenses

The actual amount of turnpike tolls, parking expenses, [taxis and shared rides](#) or other related transportation expenses incurred during College related travel is reimbursable to the Board member. Receipts should be submitted with the Board member's request for reimbursement.

B. Lodging

Board members should utilize standard rooms. Additional costs associated with upgrading room accommodations will be the responsibility of the Board member.

The Board member shall be personally responsible for charges for in-room movies and other incidental expenses or services. Any non-reimbursable expenses incurred by the Board member during their hotel stay should be clearly itemized and deducted from the total amount of the hotel bill to determine the net amount of reimbursement. If a guaranteed hotel reservation must be canceled, it is the responsibility of the Board member to advise the hotel or the Board Recording Secretary to 6:00 p.m. (local time of the hotel) on the scheduled day of arrival or as indicated on the hotel confirmation as to hotel's cancellation policy to avoid non-cancellation penalty.

C. Meals

The College will reimburse Board members for all meals, including gratuities, associated with travel to and from an [approved overnight](#) conference or meeting. Receipts should be submitted with the Travel Expense Voucher for reimbursement. [Alcoholic beverages are not reimbursed.](#)

D. Timely Travel Arrangements

Board members attending a conference should make arrangements in a timely manner as to take advantage of the conference's most inexpensive registration fee.

E. Supplemental Tours

Arrangements and costs for supplemental tours shall be the responsibility of the Board member and kept separate from the conference expenses.

F. Reimbursement Process

A Travel Expense Voucher (Appendix I) showing all expenses for the conference must be completed. Prepaid expenses shall be included on the reimbursement form provided to the Board member prior to travel.

All reimbursable expenses shall be supported by an appropriate receipt.

Article VIII – Overtime

- A. All employees covered herein shall receive one and one-half (1-1/2) times their regular hourly rate of pay for all hours worked in excess of forty (40) hours in any pre-established work week as defined in Article VII hereof. There shall be no duplication or pyramiding of overtime or any premium pay provided for under the provisions of this agreement for the same hours worked.
- B. The College retains the sole discretion to determine the need for overtime; and when the need for overtime arises, the immediate supervisor shall assign overtime to qualified full-time employees within the department on the basis of their status on the overtime seniority list. Assignments from said list shall be rotated in descending order of seniority on the list. Once an employee is offered overtime, they will not be offered another overtime assignment until all qualified employees on said list below them in seniority have been afforded the opportunity to work overtime. Any employee on said list who is not available at the time the overtime work arises, or who declines an offer of overtime work, shall be credited for the assignment solely for purposes of the rotation. The immediate supervisor shall be responsible for maintaining said overtime list and shall indicate the employees eligible for any overtime assignments.
- C. When a situation occurs within the college that imposes an emergency, it is agreed that any employee shall be assigned to the abatement of that emergency, regardless of whether the work is overtime or not, without violating this agreement.
- D. Overtime shall be voluntary except when overtime arises because the job must be completed that day, or because of an emergency situation that reasonably necessitates the working of such overtime. In the event no employee volunteers for overtime situations, the College shall have the right to assign such overtime to the least senior qualified employee within the classification needed.
- E. Sick leave, holiday, and vacation time shall be counted as time worked in the computation of overtime.

Article IX – Seniority

- A. For the purposes of this agreement, the term "seniority" shall mean a preferred position for specific purposes which one (1) employee within the bargaining unit may have over another employee because of a greater length of continuous service from his most recent date of placement on the payroll with the College.
- B. An employee's continuous service shall be broken so that no prior period or periods of employment shall be counted and rights to seniority shall cease upon the following:
 - 1. Voluntary termination of his employment.
 - 2. Discharge for just cause.

3. When recalled after layoff, upon the failure to return to work within a period of five (5) work days after employee has received notification by certified mail to so return, provided, however, if the employee notifies the College by certified mail within the said time that they are not immediately available for work but wishes to remain on the seniority list, they should be retained on such list for a period of one (1) week, subject to an extension provided valid reason is given to the College.
 4. Acceptance of other employment while on authorized leave.
 5. Layoff in excess of twenty-four (24) months.
 6. Failure to report to work in excess of three (3) days for any reason, excluding those designated in section E below.

If the Association is not satisfied with the disposition of the grievance at the fourth step, then the Association may appeal to arbitration within fifteen (15) work days after a decision at the fourth step is due. A request for arbitration may be initiated by the Association serving upon the College a notice in writing of an intent to proceed to arbitration. The notice shall identify the agreement provision in dispute, the issue(s) to be determined, and the grievant or grievants involved. Upon receipt of a notice requesting arbitration, the parties shall meet to select an arbitrator. If the parties cannot voluntarily agree upon the selection of an arbitrator, they shall notify the State Bureau of Mediation of their inability to do so. Pursuant to Section 903 of Act 195, the State Bureau of Mediation shall then submit to the parties the names of seven (7) arbitrators. Each party shall alternately strike a name until one (1) name remains. The Board shall strike the first name. The person remaining shall be the arbitrator.

1. The arbitrator shall have no power or authority to add to, subtract from, or modify the provisions of this agreement in arriving at a decision of the issue or issues presented and shall confine their decision solely to the application and interpretation of this agreement. The decision or award of the arbitrator shall be final and binding.
2. The costs of arbitration shall be shared equally by the parties. Each party shall bear the cost of preparing and presenting its own cases.

G. Time Off

A grievant and their representative (*if a College employee*) shall be allowed such reasonable time off, without loss of pay, from their regular duties as may be necessary, consistent with their job responsibilities and the operational needs of their work unit, to attend meetings with management for the purpose of resolving a grievance.

- H. If, in the opinion of the Association, a grievance affects a number of employees the Association may submit a grievance.
- I. An employee may select an Association representative to represent them during all steps of the grievance procedure. When an employee chooses to pursue a grievance, the Association shall be entitled to be represented at all steps of the grievance procedure.
- J. A grievance may be withdrawn by the Association or aggrieved person at any time, and the withdrawal of said grievance shall not be prejudicial to the positions taken by the parties as they relate to that and to future grievances.
- K. If the facts of the grievance warrant, either the College or the Association may initiate a request to extend any of the time limits incorporated under this provision. If said extension is agreed upon, it shall be reduced to writing and signed by both parties.

Article XXVII - Legality

Both parties hereto specifically agree that it is their intent that this agreement, under all circumstances and in every respect, shall comply with all applicable statutes, governmental regulations, and judicial decisions; and if it shall be determined by proper authority that this agreement, or any part thereof, is in conflict with said statutes, governmental regulations, or judicial decisions, this agreement shall be automatically adjusted to comply with the referred to statutes, governmental regulations, or judicial decisions.

Article XXVIII - Severability

In the event any provision of this agreement is determined to be invalid and unenforceable by a court or other body having jurisdiction, the parties shall meet to attempt to negotiate a legally acceptable successor to such invalidity; however, it is clearly understood and agreed that the only subject for negotiation shall be said invalidity and the contract shall remain in full force and effect as agreed to under Article XXXI -- Term of Agreement.

Article XXIX - Headings

Any headings preceding the text of the several articles hereof are solely for convenience of reference and shall not constitute a part of this agreement, nor shall they affect its meaning, construction or effect.

Article XXX – Safety and Security

1. The College will make every attempt to provide a safe and secure work environment for all employees.
2. The College will make every effort to notify the Association of anticipated activities of the facilities department which may affect employees' work environment.

Article XXXI – Term of Agreement

This agreement shall be binding upon the parties hereto, their successors and assigns, from July 1, 2022 to and including June 30, 2027, and thereafter from year to year except that either party may notify the other by certified mail on or before January 1, 2027, of its desire to modify or terminate this agreement.

IN WITNESS WHEREOF, the parties hereto have caused this agreement to be duly executed and sealed this 24th day of August, 2022.

Appendix A – Table II - Wages

WAGES – CURRENT AND NEW EMPLOYEES

A. Current Employees

1. Effective July 1, 2022, current employees were initially placed in the 2022-23 fiscal year schedule by step and grade based on years in position and will move down one step for each fiscal year throughout the life of this agreement if they remain in the same position.
2. Effective for fiscal years, 2023-24 through 2026-27, year two through five of this agreement, each step movement is reflective of a 2% wage increase.
3. During the life of this agreement, if a current full-time employee's hourly wage exceeds the amount established by their respective step per grade during an applicable fiscal year, they will not receive an increase during that fiscal year and will instead receive a payment of three hundred dollars (\$300.00) which will be spread amongst the pay dates within the said fiscal year and will not be added to their hourly wage.
4. If a current employee moves to another position in a different grade during the life of this agreement, they will be placed at the minimum rate for the new job unless such a placement would result in the employee receiving the same pay or a pay decrease from the employee's then current pay rate. In such a case, the employee will be placed on the step of the new job which would result in the employee obtaining the lowest pay rate step of the new job which would result in an increase in pay.

B. New Hire Employees

1. Effective July 1, 2022 and throughout the life of this agreement, newly hired employees will start at the minimum step by applicable grade during the fiscal year that they are hired.
2. Each fiscal year after their minimum placement they will move down one step in their position grade as long as they remain in their same position.

22 dormitories, or the equipment or furnishings for such purposes,
23 shall be included in capital expenses or operating costs for
24 purposes of Commonwealth reimbursement.

25 (2) The provisions of this subsection shall not prevent the
26 Commonwealth from reimbursing a community college for capital
27 expenses incurred prior to the effective date of this act. Such
28 reimbursement must have approval of the Secretary of Education.

29 (3) Notwithstanding any other provision of this act, a
30 community college may use a portion of its payment of approved

1 operating expenses for capital expenses not otherwise reimbursed
2 by the Department of Education.

3 (c.1) Notwithstanding any provision of law to the contrary,
4 two or more community colleges may jointly enter into a
5 financing arrangement through the State Public School Building
6 Authority for the purchase, lease or construction of capital
7 projects deemed necessary by the community colleges. The terms
8 and conditions of the financing arrangement shall be consistent
9 with the terms and conditions set forth in the act of July 5,

11 Building Authority Act."

13 (k) For fiscal years up to and including the 2004-2005
14 fiscal year, audits of community colleges shall be conducted as
15 follows:

16 (1) Unless otherwise prescribed by the State Board of
17 Education, the Commonwealth's fiscal audits of community
18 colleges under this section shall be conducted in accordance
19 with "Government Auditing Standards," latest revision,
20 promulgated by the United States General Accounting Office.
21 Written audit reports will be produced and will be sent to the
22 community college by the Commissioner of Postsecondary/Higher
23 Education. Any cost disallowed under findings contained in the
24 audit report shall be considered an adjudication within the
25 meaning of 2 Pa.C.S. (relating to administrative law and
26 procedure) and regulations promulgated thereunder.

27 (2) The Secretary of Education is hereby specifically
28 authorized and shall be required to resolve audit findings
29 involving disallowed costs that are contested by community
30 colleges except for audit findings that involve mathematical

1 errors, violation of regulations or alleged illegal activities.
2 The proposed resolution of the Secretary of Education shall not
3 be subject to the provisions of 2 Pa.C.S. The Secretary of
4 Education's notice to resolve audit findings shall be sent to
5 the community college in writing. The Secretary of Education may
6 resolve the audit findings by reducing the disallowed costs
7 related thereto in whole or in part.

8 (3) The Secretary of Education's notice to resolve an audit
9 finding by reducing or eliminating the disallowed costs must be
10 made contingent upon the community college developing and
11 implementing a corrective action plan to address the audit
12 finding. The community college must submit a corrective action
13 plan to the Secretary of Education within 60 days after receipt
14 of the Secretary of Education's written notice to resolve the
15 audit finding. The Secretary of Education shall approve, reject
16 or alter the plan submitted by the community college within
17 thirty (30) days of submission. After the community college
18 receives written notice of approval or agrees in writing to the
19 Secretary of Education's alterations of the corrective action
20 plan, said plan shall be implemented and shall be binding on the
21 community college. Implementation of the approved or agreed upon
22 corrective action plan will be verified by an audit conducted by
23 the department no later than the end of the fiscal year
24 following the fiscal year during which the plan is implemented.
25 If no agreed upon corrective action plan is in place within one
26 year after the date of the Secretary of Education's written
27 notice to resolve audit findings or if the agreed upon
28 corrective action has not been implemented within one year after
29 the date of the Secretary of Education's written notice to
30 resolve the audit findings, then the Secretary of Education is

1 authorized to adjust payments to the community college to
2 collect any amounts due based upon the findings contained in the
3 audit report that was issued to the college by the commissioner.

4 (4) The department shall deduct any amounts due the
5 Commonwealth as a result of audit findings that are resolved
6 under this subsection from any future payment due to the
7 community college from the Commonwealth. The Secretary of
8 Education is authorized to approve a payment schedule in cases
9 where immediate repayment of the full amount due the
10 Commonwealth would jeopardize the ability of the community
11 college to continue operations.

12 (5) Resolution authority provided to the Secretary of
13 Education in this subsection shall be limited to disallowed cost
14 findings relating to policy and/or administrative practices. The
15 resolution authority shall not be used for audit findings in
16 which the audited community college data and documentation is in
17 error, where a violation of applicable law or regulation is
18 found or where criminal violations are suspected by the
19 Commonwealth auditors and brought to the Secretary of
20 Education's attention in writing. Notwithstanding the
21 limitations of this subsection, until June 30, 1995, the
22 Secretary of Education is authorized to resolve audit findings
23 involving disallowed costs for fiscal years prior to and
24 including 1992-1993 when such disallowed costs result from
25 violation of regulations.

26 (6) The department, through the Secretary of Education, is
27 authorized to issue guidelines for the operation of the
28 community college educational and financial programs. The
29 department shall amend these guidelines on an annual basis to
30 reflect the department's position on issues that require

1 resolution under this subsection.

2 (7) The provisions of subsection (d) are repealed insofar as
3 they are inconsistent with the provisions of this subsection.

4 (k.1) (1) By January 1, 2007, and January 1 of each year
5 thereafter, a community college shall submit to the department
6 an audited financial statement for the immediately preceding
7 fiscal year. The audited financial statement shall be consistent
8 with the generally accepted accounting principles prescribed by
9 the National Association of College and University Business
10 Officers or its successor, by the American Institute of
11 Certified Public Accounts or its successor or by any other
12 recognized authoritative body and consistent with the financial
13 reporting policies and standards promulgated by Federal
14 Government and State government which apply to community
15 colleges: Provided, that an audited financial statement shall
16 not be acceptable if the audit is conducted by an employe or
17 member of the board of trustees of the community college or by
18 an organization or firm associated with any employe or member of
19 the board of trustees of the community college. The Department
20 of Education may withhold funds appropriated to community
21 colleges as necessary to ensure that audit reports are submitted
22 in the prescribed fashion.

23 (2) The audited financial statement required under clause
24 (1) shall include:

25 (i) results of the tests of the community college's
26 accounting records and other procedures that are considered
27 necessary to enable the independent certified public accountant
28 to express an opinion as to whether the community college's
29 financial statements are fairly presented, in all material
30 respects, consistent with the accounting principles set forth in

1 clause (1);

2 (ii) a schedule of operating expenses that presents all
3 operating expenses pertaining to the community college's
4 educational program; and

5 (iii) a verification of equivalent full-time students
6 enrolled in the community college in each of the following
7 categories: credit, noncredit and each economic development
8 stipend category, during the fiscal year for which the audited
9 financial statement is presented.

10 (3) The department shall review the audited financial
11 statement of a community college to determine whether the State
12 funds allocated to the community college have been expended in
13 accordance with the accounting principles set forth in clause
14 (1). The department shall have ninety (90) days from the receipt
15 of an audited financial statement to review the audited
16 financial statement and notify the community college of any
17 material failure to meet the requirements of this subsection.

18 (4) A community college that receives notice from the
19 department under clause (3) shall have ninety (90) days from the
20 receipt of such notice to submit a corrective action plan to the
21 department.

22 (5) The department shall approve, reject or alter the
23 corrective action plan within thirty (30) days of submission.
24 After the community college receives written notice of approval
25 of the corrective action plan or agrees in writing to the
26 department's alterations of the corrective action plan, the plan
27 shall be implemented and binding on the community college.
28 Implementation of the approved or agreed upon corrective action
29 plan shall be verified by an audit conducted by the department
30 no later than the end of the fiscal year following the fiscal

year during which the plan is implemented. If no agreed upon corrective action plan is in place within one year after the date of the department's written notice under clause (4) or if the agreed upon corrective action plan has not been implemented within one year after the date of the department's written notice under clause (4), then the department shall adjust payments to the community college to collect any amounts due based upon the findings contained in the audit report.

(6) The State Board of Education shall promulgate final-omitted regulations, pursuant to the act of June 25, 1982 (P.L.633, No.181), known as the "Regulatory Review Act," as necessary to implement this subsection.
