

Computer Technology, Certificate

PC REPAIR/A+

School of Technology

The Computer Technology, PC Repair/A+ Certificate prepares the student for employment as a PC repair technician and provides the instructional material to prepare for the A+ industry certification exam. Courses included in this certificate may be applied toward the Computer Technology AAS Networking option.

Career Opportunities

Graduates of the Computer Technology, PC Repair/A+ Certificate program may find employment as technical support technicians, computer repair technicians, technical sales representatives, customer service technicians, help-desk analysts and IT trainers.

Program Learning Outcomes

Upon successfully completing this program, students will be able to:

- Install, configure and operate various operating systems.
- Understand the architecture and troubleshoot several popular PC operating systems.
- Become proficient in the installation and configuration of PC hardware.
