

Medical/Healthcare Management, Certificate School of Technology

The Medical/Healthcare Management Certificate is designed for students who are interested in medical administration. Course work combines medical terminology, medical office procedures and medical billing management software. Courses in this certificate may be applied toward the Medical/Healthcare Management Diploma and AAS.

Career Opportunities

Graduates from the Medical/Healthcare Management Certificate program may find employment as medical administrative assistants, medical office personnel, medical records assistants and patient access representatives.

Program Learning Outcomes

Upon successful completion of this program, students will be able to:

- Demonstrate skills in electronic processing and claims processing.
- Collect, prepare, file, store and retrieve information.
- Demonstrate proficiency and implement medical insurance and electronic health regulations by using various software programs.
