

Program Description

The field of accounting is particularly suitable for those with an aptitude for mathematics and computer software, the ability to concentrate on detail, and the ability to analyze, compare and interpret facts and figures.

The Accounting AAS program is designed to prepare students without prior experience in accounting for a variety of entry-level positions in business, industry and government. Accounting programs must complete a minimum of 60 credits with a heavy concentration in accounting, computer and business management courses.

Career Opportunities

Recent graduates of the Accounting AAS program have accepted jobs with the following titles: junior accountant, accounts payable clerk, assistant accountant, assistant to the CPA assistant auditor, accounting clerk, payroll accountant and accounting technician.

Program Learning Outcomes

Upon successful completion of this program, students will be able to:

- Appropriately record financial transactions and prepare pertinent financial statements for sole proprietorships, partnerships and corporations.
- Prepare various types of tax returns.
- Effect cost and managerial accounting practices.
- Utilize the microcomputer for accounting, financial and tax reporting.
- Apply appropriate laws and generally accepted accounting principles to accounting situations.
- Practice positive interpersonal and communication skills as a member of a business office work team.
- Utilize sound judgment.
- Practice ethical conduct.
