Dear Student:

This letter is to inform you that at this time we are unable to process further any federal aid for you because of the reasons listed below. Please take the necessary steps to resolve these issues.

- 2014/2015 Federal Student Aid report indicates that your registration status with Selective Service could not be confirmed, or that you have not yet registered with their agency. You must resolve this situation before you are able to receive any type of federal student aid. Please contact the Selective Service office at 1-888-655-1825 for more information concerning this matter. We will need an official statement from Selective Service verifying your registration status before any financial aid will be finalized.
