ENROLLMENT INFORMATION

How to Apply

For the 2025-2026 academic year, complete the Free Application for Federal Student Aid (FAFSA) online at <https://studentaid.ed.gov/sa/fafsa>.

Step 1: Complete the Westmoreland County Community College Admissions application online.

Step 2: Complete the Free Application for Federal Student Aid (FAFSA) online: <https://studentaid.ed.gov/sa/fafsa>. Make sure you have all required documents to complete the FAFSA, including our Federal School code (010176) and you/your parent's FSA ID and password.

Step 3: If selected for verification, you will be required to turn in additional documentation to the Financial Aid Office.

What is verification? Verification is a random process by the Department of Education that requires the campus you will be attending to verify that the information you reported on the FAFSA matches the Federal tax returns that you, spouse and/or parents filed, and any other documentation that may be required.

When you receive your Student Aid Report (SAR), it will show that you have been selected for verification, or you may check the MyWestmoreland Portal. If you are selected, you are required to submit a verification worksheet, copy of your Federal tax return transcript, and/or other supporting documentation as requested by the Financial Aid Office. Before a financial aid award can be determined, your file will need to be completed and verified. Failure to submit the documents will result in your financial aid being closed and no award being issued.

If there are corrections that need to be made to your FAFSA, your information will be resent to the Federal processors to be recalculated.

The Priority Date to have everything completed for Westmoreland County Community College is May 15. All federal verification documents should be submitted no later than July 1 to ensure on-time packaging.

On July 13, 2021 the Department of Education waived verification of most verification items for the 2021-2022 academic year with the exception of items related to identity and fraud, therefore some verification items may not be required for the 2025-2026 academic year. Your MyWestmoreland portal will display items that are still required for verification.

Tips for completing the FAFSA:

- Make sure to include the Federal School Code (010176)
- Make sure to sign your application or include your FSA ID and your parent's FSA ID when filing electronically
- Keep a copy for your records

Minimum Standards of Academic Progress for Financial Aid

Federal and state regulations governing student financial aid require that an institution develop standards to measure academic progress toward a degree. All students will be monitored for financial aid satisfactory academic progress (SAP) whether or not financial aid was applied for or received during any academic period in which the student was previously enrolled. You may not be eligible for financial aid if you do not meet the financial aid SAP requirements. In order to maintain SAP for financial aid eligibility, students must meet four standards: a 2.0 GPA requirement, a 67% pace requirement, a minimum cumulative unit requirement and a maximum time-frame requirement (150% for your degree-seeking program of study).

Leave of Absence (LOA)

is a federally mandated policy for all students who receive Title IV federal financial assistance (Federal Pell Grants, Federal Direct Subsidized or Unsubsidized Loans, Federal Parent Loans and Student Educational Opportunity Grants) who experience an extenuating circumstance that will require them to temporarily stop attending classes. LOA refers to the specific time period during a program when a student is not in attendance. The LOA is a temporary situation and must not exceed a total of 180 days in any 12-month period. The student must have the intention of returning to their coursework after the specified number of days.

Standards of Academic Progress

All students are expected to maintain satisfactory academic progress. Satisfactory academic progress requires maintaining a cumulative grade point average of 2.0 or higher. Failure to maintain satisfactory academic progress will result in an Unsatisfactory Academic status and suspension from receiving additional financial aid. Students have the right to appeal the suspension of financial aid. A written appeal must be submitted to the financial aid office stating the reasons for not maintaining satisfactory academic progress. The appeal, academic plan and all supporting documents will be reviewed by the Financial Aid SAP Appeals Committee in the order in which they are received. The committee will notify the student of its decision by email at westmoreland.edu. Students whose appeal is approved will have their aid reinstated for the upcoming term. This term will be called Probation as their continuing eligibility will be determined after their Probationary term is over. Students on Probation should have a term GPA of 2.3 or higher and 67% pace to receive an additional term of Probation.

ENROLLMENT INFORMATION

Grades and Grade Points

Letter grades are assigned to inform students how well they have learned the material in their course(s). For each letter grade there is a corresponding number called grade points. The table below shows the grades and their grade point equivalents.

Academic Grade Achievement Grade Points

Evaluative Symbols

A Excellent = 4.0

B Good = 3.0

C Satisfactory = 2.0

P Passing (Less than satisfactory) = 1.0

NP Not Passing = 0.0

Non-evaluative Symbols

I Incomplete

W Withdrawal

M Military withdrawal

MW Medical withdrawal

The Grade Point Average (GPA) is computed by multiplying the point value of each grade earned by the number of semester hours of the course for which the grade is received and then dividing by the total number of credit hours attempted.

Developmental credits do count for the calculation of Satisfactory Academic Progress and are included in the metrics for the calculation of cumulative GPA, completion rate and Maximum Time Frame. Maximum of 30 attempted Remedial credits are funded with federal financial aid.

All Repeated courses will be counted in the total number of attempted credits for SAP calculation.

Transfer credits accepted by Westmoreland County Community College will be included in overall attempted credits, but not the GPA calculation.

Incomplete coursework will be considered as courses attempted, but not successfully completed.

Satisfactory Academic Progress Review

Students are evaluated at the end of each academic term (fall, spring and summer). The review process will assign a status for each student of:

- **Satisfactory:** Student has met progress standards and is eligible for aid for the following semester or academic year.
- **Warning:** Student has NOT met progress standards, but may continue receiving federal aid. Student is encouraged to seek tutoring to assist with the improvement of his/her GPA and progress. A student in the 'Warning' category is calculated based on cumulative evaluation through prior term enrollment.

- **Unsatisfactory:** Students who fail to meet the conditions of a warning, which are to maintain a minimum cumulative GPA of 2.0 and a minimum cumulative completion rate of 67%, will be placed on suspension. Students who are placed on suspension forfeit their financial aid. A student may either appeal to have their financial aid eligibility reinstated, or may notify the Financial Aid Office when they are meeting the Satisfactory Academic Progress policy so that their financial aid eligibility can be evaluated.
- **Maximum Time-Frame:** Student is no longer eligible to receive Federal or State financial aid due to having exceeded the maximum allowed credits for earning his/her program of study. Up to 30 remedial credits are removed from the total hour calculation for the maximum time frame equation for 150%.
- **Probation:** Students on Unsatisfactory or Maximum Time Frame have had their SAP Appeal and Academic Plan approved by the Satisfactory Academic Progress Appeal's Committee for financial aid reinstatement. Probation occurs when a student is now meeting the financial aid Satisfactory Academic Progress policy at the end of the probation period (semester); or the student adheres to the financial aid student academic plan.
- **Continued Probation:** Students may remain on Continued Probation status for an additional term as needed to raise their cumulative GPA above a 2.0, as long as they maintain a 2.3 term GPA each semester and complete six credit hours in the Fall and Spring and 3 credit hours in the Summer. Students with a completion rate of less than 67% must complete all attempted classes during the probation period. That means that each continued probation student would have to make a 2.3 GPA in the classes they are currently enrolled in and not withdraw or make failing grades. The student will be cleared from probation when their cumulative GPA reaches a 2.0 or higher and/or their completion rate is 67%.
- **Denied:** If the appeal is denied by the SAP Appeal's Committee, no further financial aid will be awarded to the student until the conditions of the SAP policy have been met. The student will be responsible for the payment of all tuition, fees, book charges, and any other costs associated with enrollment.

Appeal/Review Deadlines

Students wishing to appeal their SAP status of "Unsatisfactory" or "Maximum Time Frame" must submit their SAP appeal form with supporting documentation to the Financial Aid Office no later than the dates listed on the SAP webpage

The law does not overrule existing laws such as the Family Educational Rights and Privacy Act (FERPA) or the Health Insurance Portability and Accountability Act (HIPAA) that limit access to certain records. In addition, 31 categories of records are exempt under the law. To find the exemptions, visit https://www.openrecords.pa.gov/Documents/RTKL/pa_righttoknowlaw.pdf, go to Chapter 7. Procedure, Section 708. Exceptions for public records.

Before submitting a request, please note:

- Requests must be in writing via either hard copy or email. Submit a request online via email.
- Requests for information must be specific as to the record(s) desired. A reason for the request is not required.

Westmoreland County Community College maintains crime statistics in accordance with The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. The Clery Act, 20 U.S.C. §1092 was originally enacted as Title II of the Student Right-to-Know and Campus Security Act of 1990 (P.L. 101-542); it was signed into federal law as an amendment to the Higher Education Act of 1965. The Clery Act was enacted to increase the accountability and transparency of Institutions of Higher Education in meeting certain responsibilities regarding the safety and security of students while on campus. In compliance with The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, the college collects and reports specific information on campus crime statistics and campus security policies within the Annual Safety & Security Report. This federally mandated report is designed to assist students, prospective employees, and the public with their awareness of institutional security policies and procedures. Section 170101 of the Violent Crime Control and Law Enforcement Act of 1994, Pub. L. 103-322, 108 Stat. 1796,

2038 (codified at 42 U.S.C. 14071) contains the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act (the "Wetterling Act"). The Wetterling Act sets minimum national standards for state sex offender registration and community notification programs. After the publication of the Wetterling Act guidelines, Congress amended the Wetterling Act in the Campus Sex Crimes Prevention Act (the "CSCPA"), Pub. L. 106-386, div. B, § 1601, 114 Stat. 1464, 1537 (2000). The CSCPA provides special requirements relating to registration and community notification for sex offenders who are enrolled in or work at institutions of higher education. Pursuant to 42 Pa.C.S. § 9799.28 and § 9799.63, the Pennsylvania State Police has established a website to provide timely information to the public on registered sexual offenders who reside, or are transient, attend school, or are employed/carry on a vocation, within this Commonwealth. Information may be obtained by visiting the Pennsylvania State Police Megan's Law website at www.pameganslaw.state.pa.us.

Some school applicants are asked about their criminal history and federal law requires certain disclosures on financial aid forms. Failure to provide such information when required for specific education programs may impact a student's ability to participate in the education program.

All prospective college employees must undergo a background check in accordance with Pennsylvania Act 153. In order to receive Act 153 clearance, three background checks must be performed which include a Criminal History Record from the Pennsylvania State Police (PATCH) system, Child Abuse Clearance obtained through the Department of Public Welfare, in addition to FBI Fingerprint screening. PA Act 153 clearances must be renewed every 60 months.

Code of Student Conduct

Purpose and Rationale

Westmoreland County Community College (Westmoreland) is a learning-centered college focused on student success thus a positive educational environment is imperative. In order to ensure the health, safety, protection, and positive learning environment, Westmoreland has established the Code of Student Conduct.

Westmoreland holds that the purpose of the policies regarding the student conduct and disciplinary process is to establish guidelines for the educational environment within the College. Further, Westmoreland views the student conduct in a holistic and developmental manner; thereby, seeking educational growth and development throughout the process.

Whereas Westmoreland is a learning-centered environment, every member of the campus community should familiarize themselves with the Code of Student Conduct, Student Handbook, and College Catalog.

Statement of Jurisdiction and Authority of Administration of the Code of Student Conduct

The following policies and procedures regarding conduct and disciplinary action are applicable to any Westmoreland location or function, the use of college properties, college-sponsored events and activities on or off campus. Westmoreland reserves the right to take any necessary and/or appropriate steps to protect the safety and well-being of the campus community. While Westmoreland's jurisdiction will generally be limited to conduct occurring on campus properties or at Westmoreland sponsored activities, a student who is charged with a crime as a result of off campus behavior, and who represents a risk to the reputation, health, or safety of the campus community may also be subjected to the Code of Student Conduct disciplinary process. Finally, jurisdiction may be extended when a student, or student organization, commits a prohibited act off campus against a student, faculty, or employee of Westmoreland, or the college itself, when such an act is related to the student or accuser's status within the college.

The vice president of Enrollment Management has been designated by the college president as the person responsible for implementing and enforcing the Code of Student Conduct. In cases where conflicts of interest arise, the vice president of Enrollment Management's designee will coordinate the process.

Pennsylvania Senate Bill 1090, amending Title 18 of the Pennsylvania Consolidated Statutes by adding a chapter, Chapter 28, Anti-hazing.

Policy

All acts of hazing are prohibited at Westmoreland County Community College. No Westmoreland student, individually or as part of a registered student club or organization, is permitted to engage in behavior that is likely to cause physical or psychological harm to any other person within the college community. Such behavior is a violation of this policy, the Code of Student Conduct, and may be considered a criminal act in the Commonwealth of Pennsylvania.

Policy Overview and PA Law

All acts of hazing are prohibited. No student or Westmoreland County Community College registered student club or organization shall engage in an act that is likely to cause physical or psychological harm to any other person within the college community.

Under the Pennsylvania Crimes Code, 18 Pa.C.S. §§ 2801 et seq., hazing is defined as follows:

A person commits the offense of hazing if the person intentionally, knowingly or recklessly, for the purpose of initiating, admitting or affiliating a minor or student, applicant or admitted individual into or with an organization, or for the purpose of continuing or enhancing a minor or student, applicant or admitted individual membership or status in an organization, causes, coerces or forces a minor or student, applicant or admitted individual to do any of the following:

1. Violate federal or state criminal law;
2. Consume any food, drink, alcoholic liquid, drug or other substance that subjects the minor or current student, applicant or individual to a risk of emotional or physical harm;

3. Endure brutality of a physical nature, including whipping, beating, branding, calisthenics or exposure to the elements;
4. Endure brutality of a mental nature, including activity adversely affecting the mental health or dignity of the individual, sleep deprivation, exclusion from social contact or conduct that could result in extreme embarrassment;
5. Endure brutality of a sexual nature; and
6. Endure any other activity that creates a reasonable likelihood of bodily injury to the minor or student, applicant or admitted individual.

The definition of hazing does not include reasonable and customary athletic, law enforcement or military training, contests, competitions or events.

Hazing is also a crime and constitutes a summary offense. If the hazing results in or creates a reasonable likelihood of bodily injury to a minor or student, applicant or admitted individual, it is a misdemeanor of the third degree.

Aggravated hazing, a felony of the third degree, results from hazing that causes serious bodily injury or death to a minor or student, coercion or the force of alcoholic consumption or drug by the minor or student.

The college, and organizations, are subject to criminal penalties for intentionally, knowingly and recklessly promoting or facilitating hazing or aggravated hazing.

Consent is not a defense to a criminal charge of hazing or a charge under the College's Code of Student Conduct.

Definitions

Organization(s) - An association, corporation, fraternity, sorority, order, society, corps, club or service, social or similar group, whose members are primarily minors, students or alumni of the organization, or the College.

Hazing - Any action, situation, activity or complicity in activity, which recklessly or intentionally endangers the mental, emotional, and/or physical health or safety of a student or alumnus or which willfully destroys or removes public or private property for the purpose of initiation or admission into or affiliation with, or as a condition for continued membership in any College organization.

Reporting

All individuals within the college community, i.e., students, staff, faculty, and administrators have a responsibility to report acts of hazing.

Any individual student or student group found responsible for hazing or participating in hazing activities is subject to disciplinary action by the College as well as possible criminal prosecution under the Commonwealth of Pennsylvania Law.

4. Students seeking assistance or educational materials regarding drugs and other controlled substances should contact the Counseling personnel located in Student Success Services in the Student Achievement Center on the Youngwood Campus.

Smoking/Tobacco and Tobacco-Related Products-Free Policy

In an effort to provide a safe and healthy working and learning environment, Westmoreland County Community College adopts the following Smoking, Tobacco, and Tobacco-related Products Policy:

I. Rationale:

Westmoreland County Community College has a responsibility to its students, staff, faculty and visitors to provide a safe and healthy environment. Research shows that smoking and exposure to secondhand smoke are significant health hazards for both smokers and non-smokers. Improperly discarded cigarette butts and other smoking and tobacco product residue are environmental pollutants that pose dangers to humans and wildlife. In addition to these hazards, smoking and discarded cigarettes may create fire hazards and increase cleaning, maintenance, and repair costs; exacerbate student and employee illness resulting in lost class and work time; decreased productivity; and increased healthcare and insurance costs. In light of the above findings, Westmoreland County Community College will become entirely smoke (smoking) and tobacco-free.

II. Definitions:

- "Smoking" means inhaling, exhaling, burning, or carrying any lighted or heated cigar, cigarette, pipe, hookah, or any other lighted or heated tobacco or plant product intended for inhalation, including marijuana, whether natural or synthetic, in any manner or in any form. "Smoking" also includes the use of an electronic smoking device that creates an aerosol or vapor, in any manner or in any form, or the use of any oral smoking device for circumventing the prohibition of smoking in this Article.
- "Tobacco and Tobacco-Related Products" means any substance containing tobacco leaf, including but not limited to, cigarettes, cigars, pipe tobacco, hookah tobacco, snuff, chewing tobacco, dipping tobacco, bidis, blunts, clove cigarettes, or any other preparation of tobacco; and any product or formulation of matter containing biologically active amounts of nicotine that is manufactured, sold, offered for sale, or otherwise distributed with the expectation that the product or matter will be introduced into the human body by inhalation, ingestion, or absorption; but does not include any cessation product specifically approved by the U.S. Food and Drug Administration for use in treating nicotine or tobacco dependence.
- "Electronic Smoking Device" means any product containing or delivering nicotine or any other substance intended for human consumption that is used by a person in any manner for inhaling vape or aerosol from the product. The term includes such devices, whether manufactured, distributed, marketed, or sold as an e-cigarette, e-cigar, e-pipe, e-hookah, or vape pen, or under any other product name or descriptor.

III. Smoking and Tobacco Use Prohibited on the Westmoreland County Community College Youngwood Campus and all Education Centers

All employees, students, visitors, and other College constituents are prohibited from using any smoking, tobacco and tobacco-related products on all College-owned and College-operated property. This includes the Youngwood location as well as all Center locations.

STUDENT POLICIES & PROCEDURES

IV. Promotion and Sale of Tobacco Products Prohibited on the Westmoreland County Community College Youngwood Campus and all Education Centers

The advertising, sale, or promotional distribution of tobacco or other smoking-related products on campus is prohibited.

V. Compliance:

The success of this policy depends on the thoughtfulness, civility and cooperation of all members of the campus community, including visitors. Compliance is grounded in an informed and educated campus community. As with all campus policies, it is a standard and reasonable duty of all Westmoreland students, employees and visitors to comply with the provisions of this policy.

Students are subject to disciplinary actions per the Code of Student Conduct if found in violation of this policy.

Employees are subject to disciplinary actions per the Discipline Policy if found in violation of this policy. Visitors who do not comply with this policy will be asked kindly to comply and, if they refuse, will be asked to leave the premises by security personnel.

VI. Dissemination of Policy; Signage

This policy will be disseminated by publication on the College web page(s) and included in all appropriate publications containing College policies affecting students, employees and visitors. All College building entrances and College property access points will exhibit appropriate signage informing students, employees and visitors of the existence of this policy.

VII. Effective Date

This policy will be in effect as of August 1, 2020.

Family Educational Rights and Privacy Act - FERPA

Federal law requires that Westmoreland County Community College provide every student with access to his/her academic file. Information contained in the academic file relates only to the student's academic history and performance.

At the present time, the following information is maintained in a student file:

1. Application form
2. Permanent transcript
3. Placement assessment scores
4. Course registration information
5. Course approval forms (i.e. course substitution forms, course waiver forms, advanced standing forms, etc.)
6. Graduation information (when applicable)

Any student wishing to inspect the contents of his or her file may do so by completing a "Request for Academic File Review" form and submitting it to the Student Records Office. Students may inspect their academic file during normal working hours (Monday through Friday, 8 a.m.-5 p.m.), provided they have made a written request at least two working days in advance.

You have the right, by law, to keep all the information in your file confidential. However, the College has established a category of information known as Directory Information.

Directory Information may include: student name, address, phone number, date of birth, major field of study, participation in activities and sports, dates of attendance, degrees and awards received and previous schools attended.

Because of its very general nature, the student normally releases Directory Information without a signed consent.

Since Directory Information does not include grades, financial data or any other strictly personal data, we expect very few students will wish this information withheld. If, however, you do not wish directory information released without your signed consent, please complete a Request to Prevent Disclosure to Directory Information form at the Records Office immediately. Your written notice to keep Directory Information confidential will be placed in our file and no information will be released unless a signed release form is presented with your signature. Any further questions you may have concerning this may be directed to the Student Records Office.

Westmoreland County Community College will disclose personally identifiable information (PII) from a student's education records to appropriate parties in order to address a health or safety emergency. FERPA's health or safety emergency provision permits such disclosures when the disclosure is necessary to protect the health or safety of the student or other individuals.

Public Speech

1. Reason for Policy

- To embrace free speech and the right of free expression of the members of the Westmoreland County Community College campus and balance those rights with protections against unlawful activity in accordance with the First Amendment to the Constitution of the United States, Article I, Section 7 of the Constitution of Pennsylvania.

2. Policy Statement

- Westmoreland County Community College is an institution of higher education and its campuses are devoted to the pursuit of learning and the advancement of knowledge through the free exchange of ideas. The free exchange of ideas includes not only the right to speak but the right to listen. The institution must be a place where all ideas may be expressed freely and where no alternative is withheld from consideration. The only limits on these freedoms are those dictated by law and those necessary to protect the rights of other members of the institution community and to ensure the normal functioning of the institution.
- The freedom of expression does not mean that individuals or groups may say whatever they wish, whenever they wish, and wherever they wish. Public expression in the form of speech and advocacy may be exercised at such times and places and in such a manner as to assure orderly conduct, the least possible interference with college responsibilities as an educational institution, protection of the rights of individuals in the use of college facilities, and reasonable protection of persons against practices that would make them involuntary audiences.

STUDENT POLICIES & PROCEDURES

- The college may restrict expression that violates the law, falsely defames a specific individual, constitutes a genuine threat or unlawful discrimination, or unjustifiably invades substantial privacy or confidentiality interests except for in cases of off-campus speech. These are narrow exceptions to the general principle of freedom of expression, and it is vitally important that these exceptions never be used in a manner inconsistent with the college's commitment to a free and open discussion of ideas.

3. Scope

- The Public Speech Policy applies to Westmoreland County Community College students, faculty, staff, and volunteers as well as vendors and other non-College individuals, entities, and their representatives.

Faculty, Staff, and Students

- Faculty, staff, and students have the freedom to discuss any problem that presents itself, as the First Amendment permits and shall be permitted to assemble and engage in spontaneous expressive activity as long as such activity is lawful, refrains from "obscenities," and does not materially and substantially disrupt the normal functioning of the institution, subject to the requirements of this policy.

Non-Westmoreland County Community College Individuals or Organizations

- Non-Westmoreland individuals and organizations and invited guests sponsored by College organizations are expected to uphold the institution's values by carefully planning safe and thoughtful experiences for those involved. Hosts are responsible for the behavior of their guests and should ensure that all participants abide by relevant institution policies.
- "Events" shall not infringe upon the rights or privileges of anyone. No one will be permitted to harm others, damage or deface property, block access to institution buildings, or disrupt classes. Events must avoid acts or credible threats of violence, be peaceful, and preserve the normal operation of the institution.

4. Definitions -Terms specific to this Policy.

Freedom of Expression	Encompasses verbal and written means by which individuals may communicate ideas to others, including without limitation to all forms of peaceful assembly, protests, speaking verbally, holding signs, circulating petitions, and distributing written materials.

Civil Rights/Title IX Policy and Complaint Procedure

Nondiscrimination Policy

Westmoreland County Community College does not discriminate in its educational programs, activities or employment practices based on race, color, national origin, sex, sexual orientation, disability, age, religion, ancestry, gender identity or expression, veteran status, union membership or any classification protected by state or federal law or the proper exercise by an Association member of their rights guaranteed by the Pennsylvania Public Employer Relations Act Number 195.

Introduction

On April 19, 2024, the Department of Education Office for Civil Rights issued new Title IX regulations (DOE Regulations) which direct how educational institutions must address incidents of sexual assault and harassment involving both students and employees. These most recent regulations have significantly changed schools' obligations with regard to investigating and adjudicating incidents of sexual assault and harassment involving their students and employees. Consequently, changes are now required to the Westmoreland County Community College (College) current Title IX Policy and Complaint Procedure (Current Policy). This new policy is intended to replace in its entirety the Current Policy at the College. The intent of this policy is to comply with DOE Regulations. Any conflict in terms of this policy and DOE Regulations are to be resolved in favor of the DOE Regulations.

Effective for Complaints on or after August 1, 2024

Notice of Nondiscrimination

The College, on an annual basis, sends notice of nondiscrimination to all students, bargaining units, and employees. The College notifies applicants for admission and employment upon application. The following is an example of the College's notification.

- The College does not discriminate on the basis of sex and prohibits sex discrimination in any education program or activity that it operates, as required by Title IX and its regulations, including in admission and employment.
- Inquiries about Title IX may be referred to the College's Title IX Coordinator, the U.S. Department of Education's Office for Civil Rights, or both.
- The College's Title IX Coordinator is the Vice President Enrollment Management for students and the Executive Director/Human Resources for staff.
- The College's nondiscrimination policy and grievance procedures can be located at:

Title IX- Complaints of Sex Discrimination- Grievance Policy

The College has adopted grievance procedures that provides for the prompt and equitable resolution of complaints made by students, employees, or other individuals who are participating or attempting to participate in its education programs or activities, or by the Title IX Coordinator, alleging any action that would be prohibited by Title IX or the DOE Regulations.

Relevant means related to the allegations of sex discrimination under investigation as part of these grievance procedures. Questions are relevant when they seek evidence that may aid in showing whether the alleged sex discrimination occurred, and evidence is relevant when it may aid a decision maker in determining whether the alleged sex discrimination occurred.

Remedies means measures provided, as appropriate, to a complainant or any other person the recipient identifies as having had their equal access to the recipient's education program or activity limited or denied by sex discrimination. These measures are provided to restore or preserve that person's access to the recipient's education program or activity after a recipient determines that sex discrimination occurred.

Respondent means a person who is alleged to have violated the recipient's prohibition on sex discrimination.

Retaliation means intimidation, threats, coercion, or discrimination against any person by the recipient, a student, or an employee or other person authorized by the recipient to provide aid, benefit, or service under the recipient's education program or activity, for the purpose of interfering with any right or privilege secured by Title IX or the DOE Regulations, or because the person has reported information, made a complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under the DOE Regulations.

 - (2) Hostile environment harassment. Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from the recipient's education program or activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:
 - (i) The degree to which the conduct affected the complainant's ability to access the recipient's education program or activity;
 - (ii) The type, frequency, and duration of the conduct;
 - (iii) The parties' ages, roles within the recipient's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;

 - (iv) Stalking meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
 - (A) Fear for the person's safety or the safety of others; or
 - (B) Suffer substantial emotional distress.
- Supportive measures** means individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a complainant or respondent, not for punitive or disciplinary reasons, and without fee or charge to the complainant or respondent to:
- (1) Restore or preserve that party's access to the recipient's education program or activity, including measures that are designed to protect the safety of the parties or the recipient's educational environment; or
 - (2) Provide support during the recipient's grievance procedures or during an informal resolution process

STUDENT POLICIES & PROCEDURES

Complaints

The following people have a right to make a complaint of sex-based harassment, requesting that the College investigate and make a determination about alleged sex-based harassment under Title IX:

A complainant which includes"

A student or employee of the College who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX; or

A person other than a student or employee of the College who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX at time when that individual was participating or attempting to participate in the College's education program or activity.

A parent, guardian, or other authorized legal representative with the legal authority to act on behalf of the complainant.
The College's Title IX Coordinator

When a Title IX Coordinator is notified of conduct that reasonably may constitute sex discrimination under Title IX (and in the absence of a complaint or the withdrawal of any or all of the allegations in a complaint, and in the absence or termination of an informal resolution process), the Title IX Coordinator must determine whether to initiate a complaint of sex discrimination as required under Title IX.

The College may consolidate complaints of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when allegations of sex discrimination arise out of the same facts or circumstances. When more than one complainant or more than one respondent is involved, references below to include the plural are applicable.

The College is not permitted to consolidate complaints if consolidation would violate FERPA. Consolidation would not violate FERPA when a postsecondary institution obtains prior written consent from eligible students to the disclosure of their education records.

General Provisions

The College requires that any Title IX Coordinator, investigator, or decision maker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. As long as there is no conflict of interest or bias, a decision maker may be the same person as the Title IX Coordinator or investigator.

The College presumes that the respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of its grievance procedures.

The College has established the following time-frames for the major stages of the grievance procedures:

Evaluation as to whether to dismiss or investigate the complaint:
ten (10) business days

Investigation, if necessary, will be completed within sixty (60) days with a determination to follow within 10 (ten) business days:

Appeals from a dismissal or determination must be filed within twenty (20) days.

The College will endeavor to make a determination of all complaints within ninety (90) days of the date of filing.

The College has also established the following process that allows for the reasonable extension of time frames on a case-by-case basis for good cause with written notice of any extension to the parties that includes the reason for the delay. All written notification must be sent to the Title IX Coordinator via email. Additionally, if the Title IX Coordinator or Title IX investigator requests a delay, all correspondence will be sent via the College's email.

The College will take reasonable steps to protect the privacy of the parties and witnesses during its grievance procedures. These steps will not restrict the ability of the parties to obtain and present evidence, including by speaking to witnesses; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the grievance procedures. The parties cannot engage in retaliation, including against witnesses.

The College will objectively evaluate all evidence that is relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence. Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be accessed or considered, except by the College to determine whether one of the exceptions listed below applies; will not be disclosed; and will not otherwise be used), regardless of whether they are relevant:

Evidence that is protected under a privilege recognized by federal or state law or evidence provided to a confidential employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;

A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless the College obtains that party's or witness's voluntary, written consent for use in its grievance procedures; and

Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

Written Notice of Allegations:

Upon initiation of these Title IX grievance procedures, the College will notify the parties in writing of the following with sufficient time for the parties to prepare a response before any initial interview:

The College's Title IX grievance procedures and any informal resolution process;

Sufficient information available at the time to allow the parties to respond to the allegations, including the identities of the parties involved in the incident(s), the conduct alleged to constitute sex-based harassment, and the date(s) and location(s) of the alleged incident(s);

Retaliation is prohibited;

The respondent is presumed not responsible for the alleged sex-based harassment until a determination is made at the conclusion of the grievance procedures. Prior to such a determination, the parties will have an opportunity to present relevant and not otherwise impermissible evidence to a trained, impartial decision maker;

The parties may have an advisor of their choice who may be, but is not required to be, an attorney;

The parties are entitled to an investigative report that accurately summarizes this evidence. Both parties are entitled to an equal opportunity to access the relevant and not impermissible evidence upon the request of any party; and

The College's Standards of Student Conduct and Employee Conduct and Work Rules Policies prohibit knowingly making false statements or knowingly submitting false information during grievance procedures [include the link to these policies].

If, in the course of an investigation, the College decides to investigate additional allegations of sex-based harassment by the respondent toward a complainant/s that are not included in the written notice or that are included in a consolidated complaint, it will provide written notice of the additional allegations to the parties.

Dismissal of a Complaint

The College may dismiss a complaint if:

The College is unable to identify the respondent after taking reasonable steps to do so;

The respondent is not participating in Westmoreland's education program or activity and is not employed by the College;

The College obtains the complainant's voluntary withdrawal in writing of any or all of the allegations, the Title IX Coordinator declines to initiate a complaint, and the College determines that, without the complainant's withdrawn allegations, the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX even if proven; or

The College determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Before dismissing the complaint, the College will make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, the College will promptly notify the complainant in writing of the basis for the dismissal. If the dismissal occurs after the respondent has been notified of the allegations, then the College will notify the parties simultaneously in writing.

The College will notify the complainant that a dismissal may be appealed on the bases outlined in the Appeals section. If dismissal occurs after the respondent has been notified of the allegations, then the College will also notify the respondent that the dismissal may be appealed on the same bases. If a dismissal is appealed, the College will follow the procedures outlined in the Appeals section.

When a complaint is dismissed, the College will at minimum:

Offer supportive measures to the complainant as appropriate

If the respondent has been notified of the allegations, offer supportive measures to the respondent as appropriate; and

Take other prompt and effective steps, as appropriate, through the Title IX Coordinator to ensure that sex discrimination does not continue or recur within the College's education program or activity.

STUDENT POLICIES & PROCEDURES

Investigation

The College will provide for adequate, reliable, and impartial investigation of complaints.

The burden is on the College- not on the parties-to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred.

The College will provide to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all meetings or proceedings with sufficient time for the party to prepare to participate.

The College will provide the parties with the same opportunities to be accompanied to any meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney.

The College will not limit the choice or presence of the advisor for the complainant or respondent in any meeting or proceeding.

The College may establish restrictions regarding the extent to which the advisor may participate in these grievance procedures, as long as the restrictions apply equally to the parties.

The College will provide the parties with the same opportunities, if any, to have people other than the advisor of the parties' choice present during any meeting or proceeding.

The College will provide an equal opportunity for the parties to present fact witnesses and other inculpatory and exculpatory evidence that are relevant and not otherwise impermissible.

The College will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance.

The College will provide each party and the party's advisor, if any, with an equal opportunity to access the evidence that is relevant to the allegations of sex-based harassment and not otherwise impermissible, in the following manner:

The College will provide an equal opportunity to access the same written investigative report that accurately summarizes the evidence. All parties will be provided an equal opportunity to access the relevant and not otherwise impermissible evidence upon request.

The College will provide a reasonable opportunity to review and respond to the investigative report.

The College will take reasonable steps to prevent and address the parties and their advisors' unauthorized disclosure of information and evidence obtained solely through the sex-based harassment grievance procedures.

Questioning the Parties and Witnesses

Westmoreland will provide a process that enables the decision maker to question parties and witnesses to adequately assess a party's or witness's credibility to the extent credibility is both in dispute and relevant to evaluating one or more allegations of sex-based harassment.

The College will not conduct live hearings. The College's process for proposing and asking relevant and not otherwise impermissible questions and follow-up questions of parties and witnesses, including questions challenging credibility, will:

Allow the investigator or decision maker to ask such questions during individual meetings with a party or witness

Allow each party to propose such questions that the party wants asked of any party or witness and have those questions asked by the investigator or decision maker during one or more individual meetings, including follow-up meetings, with a party or witness, subject to the procedures for evaluating and limiting questions discussed below; and

Provide each party with an audio or audiovisual recording or transcript with enough time for the party to have a reasonable opportunity to propose follow-up questions.

Procedures for the decision maker to evaluate the questions and limitations on questions:

The decision maker will determine whether a proposed question is relevant and not otherwise impermissible before the question is posed and will explain any decision to exclude a question as not relevant or otherwise impermissible.

Questions that are unclear or harassing of the party or witness being questioned will not be permitted. The decision maker will give a party an opportunity to clarify or revise a question that the decision maker determines is unclear or harassing. If the party sufficiently clarifies or revises the question, the question will be asked.

Refusal to respond to questions and inferences based on refusal to respond to questions:

The decision maker may choose to place less or no weight upon statements by a party or witness who refuses to respond to questions deemed relevant and not impermissible.

The decision maker will not draw an inference about whether sex-based harassment occurred based solely on a party's or witness's refusal to respond to such questions.

Determination Whether Sex-Based Harassment Occurred:

Following an investigation and evaluation of all relevant and not otherwise impermissible evidence, the

College will:

Use the [preponderance of the evidence or, if applicable, clear and convincing] standard of proof to determine whether sex discrimination occurred. The standard of proof requires the decision maker to evaluate relevant and not otherwise impermissible evidence for its persuasiveness. If the decision maker is not persuaded under the applicable standard by the evidence that sex discrimination occurred, whatever the quantity of the evidence is, the decision maker will not determine that sex discrimination occurred.

Notify the parties simultaneously in writing of the determination whether sex-based harassment occurred under Title IX including:

A description of the alleged sex-based harassment;

Information about the policies and procedures that the College used to evaluate the allegations;

the decision maker's evaluation of the relevant and not otherwise impermissible evidence and determination whether sex-based harassment occurred;

When the decision maker finds that sex-based harassment occurred, any disciplinary sanctions Westmoreland will impose on the respondent, whether remedies other than the imposition of disciplinary sanctions will be provided by the College to the complainant, and, to the extent appropriate, other students identified by the College] to be experiencing the effects of the sex-based harassment; and

The College's procedures and permissible bases for the complainant and respondent to appeal.

The College will not impose discipline on a respondent for sex discrimination prohibited by Title IX unless there is a determination at the conclusion of the Title IX grievance procedures that the respondent engaged in prohibited sex discrimination.

If there is a determination that sex discrimination occurred, as appropriate, the Title IX Coordinator will:

Coordinate the provision and implementation of remedies to a complainant and other people the College identifies as having had equal access to its education programs or activities limited or denied by sex discrimination;

Coordinate the imposition of any disciplinary sanctions on a respondent, including notification to the complainant of any such disciplinary sanctions; and

Take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within the College's education programs or activities.

Comply with the Title IX grievance procedures before the imposition of any disciplinary sanctions against a respondent; and

Not discipline a party, witness, or others participating in the Title IX grievance procedures for making a false statement or for engaging in consensual sexual conduct based solely on the determination whether sex discrimination occurred. The determination regarding responsibility becomes final either on the date that the College provides the parties with the written determination of the result of any appeal, or, if no party appeals, the date on which an appeal would no longer be considered timely.

Appeals

The College will offer an appeal from a dismissal or determination whether sex-based harassment occurred on the following bases:

Procedural irregularity that would damage the outcome;

New evidence that would change the outcome and that was not reasonably available when the determination or dismissal was made; and

The Title IX Coordinator, investigator, or decision maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome. If a party appeals a dismissal or determination whether sex-based harassment occurred, the College will:

Notify the parties in writing of any appeal, including notice of the allegations, if notice was not previously provided to the respondent;

Implement appeal procedures equally for the parties;

Ensure that the decision maker for the appeal did not take part in an investigation of the allegations or dismissal of the complaint;

Ensure that the decision maker for the appeal has been trained consistent with the Title IX regulations;

Communicate to the parties in writing that the College will provide the parties a reasonable and equal opportunity to make a statement in support of, or challenging, the outcome; and

Notify the parties in writing of the result of the appeal and the rationale for the result. Any additional procedures or bases for appeal the College offers will be equally available to all parties.

STUDENT POLICIES & PROCEDURES

Informal Resolutions, if offered

In lieu of resolving a complaint through the College's Title IX grievance procedures, the parties may instead elect to participate in an informal resolution process. The College will inform the parties in writing of any informal resolution process it offers and determines is appropriate, if any. The College will not offer informal resolution to resolve a complaint when such a process would conflict with federal, state, or local law. Before the initiation of an informal resolution process, the College will explain in writing to the parties:

- The allegations;
- The requirements of the informal resolution

process;

That any party has the right to withdraw from the informal resolution process and initiate or resume grievance procedures at any time before agreeing to a resolution;

That if the parties agree to a resolution at the end of the informal resolution process, they cannot initiate or resume grievance procedures arising from the same allegations;

The potential terms that may be requested or offered in an informal resolution agreement, including notice that an informal resolution agreement is binding only on the parties; and

What information the College will maintain and whether and how the College could disclose such information for use in Title IX grievance procedures if such procedures are initiated or resumed.

Supportive Measures

The College will offer and coordinate supportive measures as appropriate for the complainant and/or respondent to restore or preserve that person's access to the College's education programs or activities or provide support during the College's Title IX grievance procedures or during the informal resolution process. For complaints of sex-based harassment, these supportive measures may include crisis counseling and referrals to community resources.

Disciplinary Sanctions and Remedies

Following a determination that sex-based harassment occurred, the College may impose disciplinary sanctions, which may include but are not limited to those noted in the Standards of Student Conduct or the College Employee Conduct and Work Rules Policy.

Transgender Student Policy Related to Gender Identity and Expression

Westmoreland has created policies and procedures intended to provide direction for people on campus with varied gender expressions. We encourage students and staff to speak with a counselor for guidance on navigating the policies and practices of the college.

Privacy

Transgender students have the right to discuss their gender identity or expression openly, or to keep that information private. The transgender student decides when, with whom, and how much private information to share. Information about a student's transgender status can constitute confidential medical information under privacy laws. Faculty, staff and administrators should not disclose information that may reveal a student's transgender status or gender non-conforming presentation to others. Such personal or confidential information may only be shared with the transgender student's consent and only with faculty, staff, and administrators who truly need to know to perform their jobs.

Records and Documents

Name Change

The college recognizes that as a community many of its members use names other than their legal names to identify themselves. The college acknowledges that a "preferred name" can and should be used wherever possible in the course of college business and education. However, if a legal name change has taken place, please provide legal documentation so that your academic records can be updated accordingly.

A legal name change can be initiated through the state of the person's legal residence. Once this is accomplished, the student can go to the local Social Security office to get a new Social Security card, and then use that to change everything else, including a driver's license or state-issued ID.

Campus In-Use Name Policy

In order to submit a legal name change request, the student needs to submit a Personal Information Change form which can be found under Student Resources on the portal at My.Westmoreland. Proof of the name change is required to be attached to the form. Examples are marriage license, divorce decree, driver's license, social security card, court decree or other legal document.

Directories & Identification

Email Account

Once a student completes a Change of Name Form with the Registrar's Office and it is approved, they may contact the Information Technology Help Desk (helpdesk@westmoreland.edu) to request an update to their email display name with their preferred name. Please note that the student's actual username always remains the same from the initial creation, typically from the original legal name. Students can request this change by emailing the college's Information Technology Help Desk at helpdesk@westmoreland.edu.

Westmoreland ID Card

The college recognizes that it is important for a student's college identification card to reflect their current appearance and name. In order to meet this need, we offer the following options:

- If the student has legally changed their name and has changed their name with the Registrar's office, they can obtain a new ID card with your new name from Student Services, Room 130.
- If the student has not yet changed their name, they can obtain an ID card that only lists their first initial and last name. Please contact Student Services for further information.
- If the student has set a preferred name, then they may use their preferred name on their ID card. Please see the Registrar's Office for assistance.
